ANNUAL REPORT OF THE TREASURER 69
Parker E. Marean

Address of the President

ACCORDING to the custom of late years, the reports from our several departments will not be made today from the platform. Instead they have been printed and are in your hands. I beg of you to read and ponder them.

It is my privilege to submit to you my tenth and last annual presidential report. I am ending something over twenty-two and a half years of service to the Association as Secretary-at-large, Secretary, Administrative Vice-President, and President. Looking backward, the long vista of the years tempts me to reminiscence, and looking forward to the years to come—and they are far more important—I am tempted to speculate and even to prophesy. Surely it is not unfitting on this occasion that for a little time we give ourselves to remembering.

In looking back I remember gratefully many good and wise men and women who outpoured themselves in our Unitarian work and who were an inspiration to all who knew them, but whose names are hardly known to us today. I remember undertakings like the Service Pension Society, once distant dreams that seemed impossible of fulfillment, which have now come true. I remember other matters once of great moment that are now forgotten.

It must suffice to say that my memories cover quite a part of our Association history. The Association was founded in 1825, 112 years ago. I have served it for *one-fifth* of its history. Further, since I was ordained thirty

eight years ago, I have known *one-third* of its history.

I hasten to point out that this shows, not how old I am, but how young the Association is! We are still an experiment in religious liberty. But we have shown great vitality in a changing and expanding world. Since 1825 the country has grown into a vast empire. We have been through the Mexican and the Civil Wars, the Spanish and the World Wars. Slavery has been abolished. The social conscience has been stirred. These are only indications of the changes which this Association has faced in its short history.

It is then not without some significance that I have watched the world in which our Unitarian churches live, and the great shifting trends of thought, in science and in theology, and that in some small measure I have humbly shared them. I have watched radio and aircraft shrink the world to half its former size. I have seen the World War shatter the pattern of life and overwhelm our churches and this Association with problems which we must continue to work on for long years to come. I have seen the glorious beginnings of world-brotherhood fade before the recrudescence of inflamed nationalism.

And these trends of thought and of life and custom have been of great volume. They have moved with ever greater rapidity, and the resultant confusion in the pattern of life has also increased in its intensity. Great winds of change have swept over us, and some institutions, like trees in a gale, have bent and not a few have broken. I find myself marveling at the strength of continued group life amidst all this vast complexity, and the vitality of our churches in this upheaval. These world factors have profoundly affected our churches.

Here I will stop. If I know this annual assembly at all well, and I believe that I do, many of you are beginning to

say to yourselves, "Does he really intend to go into all these matters this morning?" Be reassured; I do not. I pass on with only one further comment.

These trends of life and their effect upon our churches are important, because our future is inextricably a part of them. We must know the past in order to grasp the future. Only so can we teach faith to a mechanistic age; teach peace on what may yet be the very eve of war; teach brotherhood while we hear the pestilential proclamations of racial superiority. If we would grapple with the future we must know something of these trends. What has been the worth of our church life through all these years, how can it be deepened, and what is its destiny?

In the answers to these questions is the very stuff of which a presidential report should be made. But how can I convey to you briefly my findings in many of these great matters. Again, how can I leave them untold? Surely my long service has given me convictions which you ought to know. After much thinking I have tried a new method of reporting. I have written you a book. It is addressed to everyone here and to the entire Unitarian constituency. Since my utmost hope for its sale is that it will reimburse the Association for the cost of printing, I ask you to buy it and read it. I commend my book without apology. It witnesses to my abiding faith in the great worth of our work and its future. It is really my last presidential report. I want every person interested in liberal religion to know how deeply I value our faith in God and man as the very hope of life. Despite all changes, the worth of our work continues. We are teaching spiritual things to spiritual men. In short, for what I would say to you on this occasion, I refer you to my tenth and last presidential report now before you in book form.

I shall devote the rest of my time to a few specific considerations.

I want to thank our ministers and their wives for long years of friendship and of help. Our ministers are able and consecrated men, whom I hold in high regard and affection. I also testify to my regard for the ministers' wives. To a degree little understood and rarely recognized, they too are public servants. They exert a far-reaching and a blessed influence in their churches and communities. I gratefully acknowledge my debt to many of them for understanding and help through all these years.

It is my privilege to give you greetings from liberal churches in foreign lands. Letters of friendly remembrance addressed to this Assembly have come to me from Transylvania, Hungary, Czechoslovakia, Holland, Great Britain, New Zealand, Australia, India, and the Philippines. Too long to read in full, they all express heartfelt good wishes for our continuing endeavors, and show deep feeling that their work is ours and our work theirs. We never forget that we are part of a world-wide liberal religious fellowship.

I now submit a consideration that is personal to myself. The canons of the English Church describe certain conduct as "unbecoming a minister." What, then, is becoming a minister? More explicitly, what is becoming conduct for an ex-president of the Association? What should he do? Surely, he should continue to work for our cause, since it is the greatest cause in all the world. I have long been pondering this question, and I now announce to you my hope to devote the remaining afternoon years of my life to two continuing enterprises—the foreign work and ministers pensions.

It is most important for the American Unitarian Asso-

ciation to be part of the International Association. Drawn together by our mutual concernments for the good of mankind, for brotherhood, for peace, and for faith, all our liberal religious groups throughout the world can do together far more than any single association of churches can do alone. Much has happened in the thirty-seven years since the International Congress was founded here in Tremont Temple. Much has been accomplished; but we are still working upon the structure of the great "evidence and agency" of the liberal faith. Our international organization is by no means finished. Future generations will still be working upon it. What is our aim? We are trying to co-ordinate the world power of the human spirit for good. All over the world our churches are fighting against wickedness in high places. We face well-organized forces for evil. Each group needs the help of all. We are trying to organize the world forces of righteousness and faith. At the present time, particularly, we greatly need among all religious liberals, scattered in all the countries of the world, a fuller and deeper realization of our mutual concernments. These mutual concernments are the reason for the approaching International Congress to be held in Oxford, England, early in August. I have long served this work in various ways, and in various ways I hope to continue to serve it. The Association is sending five voting delegates to the Congress—Dr. Frederick M. Eliot, Dr. John Howland Lathrop, Mrs. Thomas G. Rees, Mr. John W. Brigham, and me.

The Association also has arranged to send me this autumn on a long journey to the Orient.

If possible I hope to draw the Japanese religious liberals into renewed co-operation with our world fellowship and particularly with this Association. I hope also to visit the Independent Church of the Philippines, and if pos-

sible to assist in bettering their divinity schools for training the young ministers who will succeed our friends Archbishop Aglipay and Bishop de los Reyes. On the training of these young ministers depends the future of this whole independent religious movement.

These details are necessary to explain that my second project must await my return. When I get back next spring I intend to try to raise additional endowment for the Service Pension Society, and also, if possible, to win every church and every minister to participation in the contributory pension plan. Let me repeat. Sometime in the spring of 1938 I expect to start out, duly authorized by the Unitarian Service Pension Society, and please note giving my services without compensation, to stimulate the acceptance of the contributory pension plan for our ministers and to begin raising one million dollars additional endowment for the service pensions. Let me speak briefly about both enterprises.

What is the Contributory Pension plan? After long study by the Pension Commission and the Service Pension Society, it is now presented to the fellowship, and will become operative on the first of July. If a minister sends in to the Society a total annual payment of 3% of his year's salary, and if his church also pays a sum equal to what the minister pays, namely another 3% of his salary, this money will be placed on interest. When he reaches the age of sixty-five, the accumulated savings will buy an annuity, either for the minister alone or for him and his wife. If the minister begins these payments before he is thirty years old, the annuity will probably equal something less than one-half of his average salary through the thirty-five years of his continued payments. As our average minister's salary is about $2000. his expected annuity will be somewhat less than $1000.

The earlier in life a minister begins to pay in the 3% of his salary, and his church begins to pay in a like amount, the larger will be the sum of money available upon his sixty-fifth birthday for the purchase of an annuity. Every minister will receive the value of what he and his church pay in. If a minister and his church contribute for thirty-five years, splendid; for thirty years, good; for ten years, not so good, but still good. If a minister and his church contribute for a shorter period, it still will help.

When our ministers and our churches shall have accepted this plan and begun acting upon it, we shall have begun to provide, modestly but adequately, for the ministers' retirement. As I have said, his annuity can be made for himself or for himself and his wife. This is the first plan we have ever put forward which provides for the minister's wife, and this feature of the plan is of the utmost moment. The whole project is a great undertaking, tremendously worth our effort. It cannot be too emphatically stated that it will be of equal value for our ministers, for their wives, and for the churches.

In addition to the annuity to be provided through the contributory plan, the minister will also receive his service pension. I beg of you to understand, and to keep in mind, that the contributory plan is not a substitute for, but an addition to, the service pension.

What is the service pension? Thirty years ago we founded the Service Pension Society, an independent corporation. It receives money from churches, individuals, and ministers, and from a slowly gathering endowment. Annually the total income so received is divided among all ministers not regularly employed, who have served Unitarian churches for at least twenty years, and have reached the age of sixty-five. This year the amount paid to the retired ministers is about $450. We want this annual

service pension increased to $1000. I propose to begin raising $1,000,000 as an additional endowment for the service pension.

For our older men, the service pensions at present are the only retirement stipends to which they can look forward, and for a long time to come this will be true. For men under fifty, the amount they may receive from entering the contributory plan will be too small to add materially to the service pension. Even to the young men entering on the contributory plan before thirty, the amount they will receive from the annuities is not enough to live upon unless it is supplemented by the service pension. In this address I cannot go into the many phases of this arrangement. I beg you to believe my conclusion, which is the conclusion of all who have worked on this comprehensive solution of our needs for the minister's retirement, namely, that both the service pension and the contributory plan are needed, and that the service pension should be substantially increased and at once. Again, it is to this need that I hope to give my services in attempting to begin the raising of $1,000,000 additional endowment for the service pensions.

Would that time allowed me to give many illustrations of the needs of our older ministers. I can tell of only one. He has served eight parishes for forty-four years without any period of unemployment, or any sabbatical years. The seal of his love of humanity, of his rectitude and faith, has been indelibly stamped upon thousands. Always his salary has been a pittance. Had he given his great abilities to any other profession he would have gone far, and would doubtless have been well provided for. But he chose the ministry, and he has given glorious service. He is now seventy years old. The depression swept away what little he and his wife had saved. When he retires,

his service pension is all that he can look forward to. Please believe that his is not a peculiar need; his need is typical. We want the service pension raised to $1000. and just as soon as possible. It is essential for the welfare of our churches as well as for our ministers that we take these matters seriously and gird ourselves to solve the problem.

What is it we want? We want the day to come soon when our churches with one voice can say to our older men, "We will see you through;" and to our younger men, "We will see you through; your contributory annuity and the service pension together will give you and your wife enough upon your retirement to live on comfortably and decently for the rest of your lives." The ministry is the only profession where the very worth and sacrifice of a minister's work makes it impossible for him to provide for his later years. I am confident that our great body will respond.

And now I conclude. I rejoice that it has been my privilege for these many years to serve our holy cause. We believe in the infinite worth of every little child born into the world. We believe that he is akin to the divine, and that he can in maturity become an embodiment of the good. We believe in the brotherhood of man and the fatherhood of God. As a servant to our churches I have seen life widely and deeply, and I trust it.

I most earnestly wish success to the Association throughout the future years in helping to bring in the Kingdom of God; and I earnestly wish happiness and the deep satisfaction of spiritual achievement to those who shall lead it.

May God bless you all. Amen.

LOUIS C. CORNISH.

DEPARTMENT OF PUBLICATIONS

To the President of the American Unitarian Association:

DURING the past year we have printed 170,000 free pamphlets in the several series.

As a result of the recommendations of a separate committee, called the Tract Commission, of which the Publications Director was a member, we have, during the past four years, completely overhauled our tract list and have made some very worth while deletions and additions. We now have 190 active titles in our free literature list, the annual distribution of which is about 200,000 copies.

Considerable time and thought is put into the planning of these pamphlets to have them attractive and yet not prohibitive in cost to the Association.

We are breaking away from the policy of publishing sermons, and while many of our pamphlets in the future will be, necessarily, sermonic in character, nevertheless an increasingly larger number will be written especially for us, at our request, and will be more in the form of essays.

Eighty-six manuscripts have been submitted to the department for possible publication as books or tracts. The Publications Director has carefully read each one and submitted all that seemed to have any possibilities to the other members of the Publications Committee.

This Department solicits, and has sent in to it, about one hundred manuscripts of varying lengths each year. In this phase of the work lies our hope to establish a Liberal Press, the foundations of which have already been laid.

High commendation continues to come in about our free literature. For instance, a professor in an orthodox college writes:

"... This division of the Association is certainly a magnificent part of its work and merits the most cordial commendation of any one interested in the encouragement of liberal religious thinking."

The exhibits of our free literature at Star Island, at the Eastern States' Exposition at Springfield, Massachusetts, by the New York League of Unitarian Women at the Ambassador Hotel in New York, and by the Pomona Church in California, were again conducted with marked success.

The Annual Hymn Contest again attracted great interest among the churches although the number of manuscripts submitted was below last year.

During the year we have been able for the first time to get our free literature displayed at the Boston Young Men's Christian Association and there has been a distinct interest manifested in it by the members. We expect that gradually we shall be able to include other branches as distribution centers of these pamphlets.

Subscriptions to *The Christian Register* have been supplied, as in previous years, to reading rooms in all parts of the country.

The cost of printing 2,250 copies of the Year Book was $784.94 as compared with $907.00 in 1935-1936. Printing 3,000 copies of the Annual Report was $579.72, as compared with $566.58 for 3,000 copies in 1935-1936.

THE BEACON PRESS

The Press, under the direction of the treasurer, who is also the Publications Director of the Association, publishes and sells about 350 titles including the church hymn book, the church school hymn books, the church school texts, materials, teacher's manuals, special books and pamphlets for use in the church school and the home, a general list on

religious, ethical, and educational subjects, and The Wayside Community Pulpit. Our books and materials are essential to the cause of liberal religion. Because of their limited sales possibilities, they would not be considered by secular publishing houses and if not issued by the Press they would have to be published by the Association. Our potential market is small and widely scattered. Our constituency is decidedly individualistic and almost without exception, ours are "first books" by authors which every publisher will testify are the most difficult and expensive to launch. Despite this fact, over the period of the last ten years the Press has been able to do better than break even.

The Press occupies a position which is more nearly analagous to the university presses than to any secular press, except that the university presses have either a foundation, substantial subsidies from the colleges, or the opportunity to do a large amount of printing and publishing for the colleges at a profit or, in some cases, all three. It is interesting to note that Henry Hart is quoted in the *Publishers' Weekly* of November 30, 1935 as stating: "I think it is incontestable that no one can start a book publishing firm and have it continue more than two or three years unless he has a capital and reserve totaling around $250,000 . . ." The university presses for various reasons — religious, political, and economic — are not interested in the publication of liberal religious books and it is our purpose to establish a Liberal Press, the foundations of which we have already laid. In these days of regimentation, we feel that it is essential that there should be a press in this country to combat the forces which would destroy liberalism. Our publications are issued for use in the church, church school, the home, and such social centers as libraries, settlement houses, and C.C.C. camps.

The future of our book-publishing department looks decidedly encouraging, but we need more interest from our constituents in the form of more purchases, and assistance from our ministers, particularly, in putting us in touch with capable writers.

The Commission of Appraisal is in hearty approval of the work of the Publications Department and The Beacon Press and says in part: ". . . (1) The publications of the Press have an excellent reputation . . . (2) the list is well balanced and its book-publishing program deserves and requires better support . . . (3) That it should continue to look forward and experiment . . . (4) That so far as possible it should undertake a more extensive promotion of its books . . . (5) That more new books should be issued."

The Press also plans, prints, and distributes each year about 300,000 miscellaneous catalogues, circulars, folders, and booklets, including those for the Association and its several departments, in more attractive format and at lower cost than would be possible by commercial printers, and has saved the Association a large sum by this service.

This year we have printed 298,250 miscellaneous sheets, 33,200 sheets of books and charge materials, a total of 331,450 sheets, practically all of which have been distributed.

In addition, the Press, with the Publications Department, supports a receiving, stock room, shipping, and mailing department for all the departments of the Association and for the Alliance, Young People's Religious Union, Laymen's League, and other allied organizations so far as they may need it.

We have issued during the year 2,000 Beacon Course catalogues (Non-Unitarian edition), and 1,000 List of Books, practically all of which have been distributed.

Over 25,000 circulars announcing our books have been mailed and 101 inches of advertising matter have been inserted in newspapers and periodicals, including *The Christian Register.*

The Treasurer has called upon the book stores in Boston and vicinity with our publications: Mr. Gordon C. Manthorne has covered Connecticut, New York, New Jersey, and Philadelphia. We have continued our depository at the Meadville Theological School in Chicago, with Mr. Ralph Edwards Kyper in charge, together with our Chicago, Illinois and Berkeley, California branches. Mr. Sumner Britton has represented us in the Rocky Mountain and Pacific States. All these men, except the Treasurer, work on a commission basis.

We were also represented in the *New York Times* Book Review for November. The Beacon Book Nook of the Isles of Shoals was conducted again last summer with Wallace R. Gray in charge, and was also very successful. The sales were the best we have had in a number of years.

Last summer, in competition with other publishers, we secured the order for 500 copies of the *Hymn and Tune Book* from the American University of Beirut. That the committee in charge of the selection should choose the Unitarian hymnal was a source of distinct gratification to us.

Recently we granted permission to Eyre and Spottiswoode, printers to the King, to include, with credit to us, "Thy Kingdom Come on Bended Knee," by Frederick L. Hosmer, in the Coronation Service on May ninth.

We have had several hymns included in broadcasts with nation-wide hook-ups, including the Ford Sunday Evening Concert.

The total number of volumes sold of our general publications during the past year, including the *Hymn Book*, *The Beacon Song and Service Book*, the books in *The*

Beacon Course, and our general list has been 24,482. The value of sales from books and merchandise has been $24,108.06. The number of individual sales was 6,027.

In The Beacon Press, the total receipts from all sources have been $46,604.28, the expenditures $48,824.15. The merchandise receipts were $16,996.81 and expenditures were $10,525.64 this year. Although we are very liberal in granting credit, our total loss from bad debts has been only $65.85, due to our persistent follow-up methods of collection.

The total number of individual outgoing shipments made through the Shipping Department, including the free and charge material, was 7,569.

Rev. Charles R. Joy, Administrative Vice-President of the American Unitarian Association, has continued to serve as co-editor, with Rev. Charles H. Pennoyer, of *The Wayside Community Pulpit*. *The Wayside Community Pulpit* sheets are supplied to Universalist and Unitarian churches at the nominal cost of $5.00 per year. This is a splendid, weekly service intended to attract the unchurched. The volunteer committee, headed by Dr. Joy, prepares these quotations with remarkable skill and judgment, but *The Wayside Community Pulpit* just staggers along despite our efforts to extend its influence. The special price to Unitarian churches of $5.00 per year for fifty-two sheets, including the mailing, does not cover the cost, yet only 179 of our 438 churches subscribe for it.

DEPARTMENT OF CHURCH EXTENSION AND MAINTENANCE

To the President of the American Unitarian Association:

One of the very important parts of the work of this Department is the opportunity which it offers to bring strength, courage, and experience to churches which find themselves losing in attendance, interest, or finances. In four instances during the year, the Department has been able to help churches to weather the storm in which they found themselves and go forward to what appears to be a more successful work than they have ever done before. In the case of one of these churches the first conference with the trustees brought out definitely the feeling that they ought to have a new minister. The first conference with the minister revealed the fact that he was inclined to think that he ought to have a new church. After repeated conferences with both minister and trustees, its was unanimously agreed that the church would make itself over into a new church and the minister become a new minister. This has been done and the church has had a most successful year. Manifestly, it would not be right to mention names in connection with this side of our work but in the case of these churches, where it seemed to the trustees that they must close their doors, the doors not only still remain open but in two cases the church has developed a strength, both in numbers and in outlook, which shows that the danger of the closing of the church has passed for good.

During the year our churches in New Hampshire have had a great deal of special attention. Extensive surveys of many churches have been made by various officers of

the Association and conferences have been held with representatives of the New Hampshire Unitarian Association and the Downing Fund concerning coöperative work in the state. The conferences have led to plans which are very promising for the future and areas of responsibility have been allocated. The New Hampshire Unitarian Association is to vitalize and enrich its conference activities. The Downing Fund is to care for the weaker churches. The Association is to be responsible for all work in educational centers, for all work of a general, a research, or a missionary nature. We believe that some of our most inviting opportunities lie in this state.

Intensive work has also been done during the year in the Metropolitan Conference area of New York, Dr. Joy and Mr. Davis having spent about eight weeks in residence there at different times. Surveys of several of the churches and of the activities of the Conference itself have been begun and plans made for regular visits of our officers during the coming year. We wish to take this opportunity of congratulating the Metropolitan Conference upon the appointment of its "Committee on the Field," which has functioned very effectively during the past year and which has coöperated to the utmost with our officers. The work of this Committee promises to be even more effective in the future.

A Vice-President of the Association has been in residence on the Pacific Coast for practically all of the year. Dr. Joy went to the Coast last Juneon his vacation and remained there during the entire summer, serving our church at Oakland, California during the serious illness of its minister. In September Dr. Patterson left for the Pacific Coast, visiting churches all the way across the continent; served as the senior minister of the churches

in Seattle, the plans for union of which he had begun and carried through during the previous year; and visited all of the churches on the Coast from Vancouver and Spokane in the north to Los Angeles and San Diego in the south and this spring also visited churches in Texas and Oklahoma.

Dr. Joy, in addition to his lengthy visits in the Metropolitan Conference area in New York and to his surveys of the New Hampshire churches made two long trips to the Middlewest, attending the various state and regional conferences in the fall and later visiting churches in ten of the central western states.

Mr. Davis, in addition to his work in New York and New Hampshire, visited every church and preaching station included in the area of the United Conference of Icelandic Churches in the provinces of Manitoba, and Saskatchewan; and made two shorter trips to the central west. One particularly interesting phase of his work during the year has been the advice and assistance rendered to an increasingly large number of churches in connection with the revision and modernization of their constitutions and by-laws, in an effort, as one church committee described it, "To bring them up to date and in accord with present practices."

During the year three churches that have not been functioning regularly, Milford, New Hampshire, Santa Cruz, and Sacramento, California, are again receiving the services of a regular minister; but unfortunately the churches at Edmonton, Alberta, and Tampa, Florida have closed during the same year. The church at Flint, Michigan, which was started by this Department in 1930, has been federated with a long established, liberal

Congregational church in the city on mutually advantageous terms. One church has joined the Fellowship during the year, the Hubert Harrison Memorial Church of Harlem, New York and this should be of particular interest to the Fellowship because of the fact that its minister and the entire congregation are Negroes. As reported last year, the Third Unitarian Church of Chicago went ahead with plans for the construction of a new church in spite of the depression. Their new building, of the functional type, a very interesting development in church architecture rarely seen in this country, was dedicated last fall.

During the disastrous floods during the winter two of our churches, at Louisville, Kentucky and Marietta, Ohio, suffered severely. A special appeal, for $8500, to aid in the rehabilitation of these two churches was promptly made and, at the date of writing of this report, $3800 has already been received but it is hoped that the full amount requested will be subscribed for this purpose.

During the fiscal year beginning May 1, 1936 the following settlements have been effected: Athol, Mass.; Atlanta, Ga.; Barneveld, N. Y.; Billerica, Mass.; Channing Church, Dorchester, Mass.; Roslindale, Mass.; Roxbury, Mass.; Carlisle, Mass.; Dayton, Ohio; Dighton, Mass.; Duxbury, Mass.; Ellsworth, Me.; Geneseo, Ill.; Grafton, Mass.; Hinsdale, Ill.; Indianapolis, Indiana, Assistant Minister; Laconia, N. H.; Lawrence, Kansas; Marblehead, Mass.; Marlboro, Mass.; Marshfield Hills, Mass.; Meadville, Pa.; Medfield, Mass.; Medford, Mass.; Moline, Ill.; Newburgh N. Y.; Flushing, N. Y.; North Andover, Mass.; Norton, Mass.; Omaha, Neb.; Pepperell, Mass.; Richmond, Va.; Rockland, Mass.; Sacramento, Calif.; St. Louis, Mo.,

Associate Minister; Salina, Kansas; Santa Cruz, Calif.; Seattle, Wash.; Stockton, Calif.; Stoneham, Mass.; Stow, Mass.; Sturbridge, Mass.; Vineyard Haven, Mass.; Wayland, Mass.; Westboro, Mass.; Westford, Mass.; Wilmington, Del.; Youngstown, Ohio.

GEORGE G. DAVIS.

DEPARTMENT OF RELIGIOUS EDUCATION

To the President of the American Unitarian Association:

"For the Unitarian denomination today no word has such deep significance or such wide-reaching implications as 'education.'" The Commission of Appraisal thus reminds the fellowship of that fundamental trust and faith which our leaders must place in religious education, if true progress is to be made in solving the problems of organized religion. The situation this past year within the parish church, as well as in the Unitarian movement as a whole, reveals a few tangible and many more intangible results growing out of an effort to put educational methods and ideals in the forefront of church programs. This report calls attention to the religious-education efforts of the past year but is concerned especially with the opportunities now before us to which we should give consideration.

In all its activities the Religious Education Department has had one objective in mind: to advance the cause of liberal religion by encouraging and aiding the parish church in its educational activities. Summaries might be presented to indicate church activity, such as number of teachers' meetings, of parent-teacher meetings, of church religious-education committees; church-school attendance and enrollment, number of school sessions per year, length of worship services, and kinds of social-service projects undertaken. Yet these figures would reveal largely quantitative instead of qualitative analysis. Important as this statistical evidence is to a proper evaluation of church needs, it can never reveal adequately the progress made by the learner in character development, appreciation of

values, worship experiences, participation in the reconstruction of the social order; nor can it indicate the leader's ability to teach skillfully, or show his sensitiveness to the latent spiritual values in the experiences of the group. Observation in many churches indicates that efforts along these lines are yielding more results than are generally recognized.

Training Leaders

The training of leaders is the major objective of any organization which looks to the future. The Leadership Training Committee, Rev. Stephen Hole Fritchman, Chairman, has been placed in the most strategic position of the Department's work. Materials of the highest quality are of little value unless well presented. Scientific methods, orientation techniques, and careful plans of organization never work automatically. Behind every piece of work stands the leader as the prime mover for success or failure. The result of a recent questionnaire submitted to Unitarian ministers shows that 90% considered securing and training of leaders in religious education a constant problem. As long, then, as the mainstay of our religious-education program is the volunteer teacher and leader, it will be the major objective of this Department to assist him in increasing his skill and to strengthen him for his task in every way. The Department seeks not only to train in teaching-methods but also to give the worker opportunities for genuine religious experiences which he can share with others.

During the year several enterprises were promoted primarily for the benefit of leaders and teachers of the average church school in our fellowship: (1) The development of a local church educational plan which will be the beginning of a directed creative church. This means that the minister and his people should think through together the entire

teaching work of the local church, divide it into its logical parts, and find leadership both to direct and perform the many duties involved in its accomplishment. A committee on religious education has been strongly recommended as a steering committee to do the larger task of plotting the course the church should take in its teaching responsibility. A leaflet setting forth the duties of such a committee is available at the Department headquarters. A series of seven plans for regular workers' conferences held in the local church has been prepared by the Department. A leaflet on the use of these plans has been published and a seminar on the whole problem of leadership training is being offered at the Religious Education Institute at Star Island this summer. A teachers' resource notebook has been prepared by the Secretary of the Department of Religious Education. This notebook represents the type of specific aid the local teacher may expect to find available. (2) The establishment of strong regional institutes in leadership training. The Board of the Shoals Religious Education Institute, of which Rev. Paul Harmon Chapman is Dean, has taken upon itself the splendid task of rebuilding the program so as to make it a modern school for leaders and teachers. The Institute offered seven courses last summer. Credits were issued for work satisfactorily completed, and an Achievement Certificate will be awarded upon the completion of six courses taken at this or other similarly accredited leadership institutes. Last year ninety-three individuals were granted one hundred and eighty-five course credits by the Department of Religious Education.

This summer the Unitarians and Universalists will cooperate in the establishment of a new religious-education institute at Turkey Run, Indiana, to serve churches in the Middle West. Definite plans have been laid for the devel-

opment of a similar leadership-training center on the West Coast in 1938.

District training schools and week-end institutes such as those held at Charmian, Pa., Cincinnati, Ohio, Salem, Mass., Washington, D. C., and Berkeley, Calif., will be conducted during the coming year, thereby providing opportunities for teacher training, especially for those who find it impossible to attend the larger regional institutes.

One of the most significant enterprises undertaken this year has been the plan of field supervision of religious education developed by the Maine Unitarian Association and the Department. Mrs. Grace E. Mayer-Oakes has been employed by the Maine Unitarian Association to make two visits to each of the churches in the State, one in the fall and one in the spring. Acting in the capacity of a regional director of religious education she has supervised the church-school work, held workers' conferences, counseled with ministers and superintendents, and in many other ways has done much to improve the quality of the religious-education work. This enterprise is now beyond the experimental stage and the results have been so significant that it is hoped that several other regional groups may undertake a similar plan this coming year.

Adults are Encouraged to Think

There is evidence of a steady decline for some time in the number of adult study classes in our churches. There is little doubt that the traditional methods have failed to hold adult interests or at least to meet their needs in changing times. These needs urgently demand the establishment of a more effective program rather than the abandonment of adult education in our churches. Many thousands of men and women are trying to meet modern life situations on the basis of a religious training which

ended in childhood. Continued thinking in the field of religion is not only necessary to adults in order that they keep alert to the needs of the day, but also that they realize that they are responsible for the standards of value and conduct which determine the kind of homes and churches in which children develop.

The Adult Education Committee, appointed by the Board of Directors of the Association last year, has worked largely through the Departments of Social Relations and Religious Education. As a result of a recent study of adult education activities and the kinds of adult-education organizations found in Unitarian churches, this committee contemplates two major activities for the coming year. The first will be the presentation to our churches through bulletins and conferences of education techniques adequate to adult needs and interests. Interesting experiments such as The Madison Plan of Adult Education and Social Action which the Secretary of the Department of Religious Education has thoroughly studied, will be encouraged, evaluated, and the results made available to the entire fellowship. The second type of activity needed is a National Forum or some other means whereby the American Unitarian Association may forcefully present to the fellowship the advantages of an aggressive adult-education movement. Plans are laid, and await financial appropriation for the beginning of such an undertaking.

Curriculum

One of the most important problems of the church-school leaders is the selection of curriculum materials. In their desperate need to balance budgets, church leaders have too often drastically curtailed appropriations for church-school and other educational work. This is most evident in the kind and amount of curriculum material

used. Sometimes only one teacher's manual is available and no helps of any sort for the pupil are at hand. Other schools are using, over and over again, old and outmoded materials just because they are on the bookshelves. Sometimes teachers are required to use the Bible as a textbook with no other helps. Yet there is more to this problem than the financial aspect. Often in the mind of the local church leader there is uncertainty and unrest, even confusion as to what material to use. Techniques and materials for highly trained teachers are found in schools unequipped to use them. The commendable emphasis upon Biblical material has in many situations led to an unintelligent use of it, showing a complete misunderstanding of the fact that some parts of the Bible are best used by youth and adults for study purposes and are not applicable to children and children's experiences.

The great majority of the 500 personal consultations with the Department staff and eighty per cent of the books lent from the Department of Religious Education library have dealt with the curriculum and its use. R. E. Bulletin No. 29, on *The Objectives of Liberal Religious Education*, has assisted many leaders to realize the importance of formulating a definite statement of purpose for the local church school and to see the need of selecting curriculum materials which will contribute directly to the objectives selected. The annotated curriculum list furnished to superintendents by the Department this year has encouraged many to use new and more stimulating materials.

To provide new pupils' materials and teachers' helps, the Department during the coming year will begin a long-term program of producing materials adequate for use in liberal church schools. The Secretary of the Department has been chosen General Editor of these new materials which will be organized in terms of: (a) experiences which

lead not so much to specific skills and facts as to *growth*, so that present knowledge and activities shall lead on to further activity which is better and finer; (b) not one item or lesson, but work for ideals, so that when they are actually achieved single items will be taken care of; (c) interests now existent, so that more dynamic interests can be built, striving always for finer and richer spiritual interests which will lead onward and upward; (d) work for more and more adequate self-direction of the individual and the group in ethical, social, and religious points of view. The Department hopes to have some new curriculum materials ready for the opening of the church-school year in the fall.

The Department is pleased to announce that since the first of April Mrs. Sophia Lyon Fahs, of New York, N. Y., has been on our staff as editor and author of children's materials. She has a Master's degree from Teachers College, Columbia University, and a Bachelor of Divinity degree from Union Theological Seminary, and has been a teacher and a lecturer on religious education in high school, college, and theological seminary. Her articles on education and religion appear often in such journals as *Religious Education*, *Child Study*, *Parents' Magazine*, and *The Church School Journal*. Mrs. Fahs is also the author of several books.

The routine work of the Department has been carried forward. Bulletins on Christmas, Easter, and "Adventures in Understanding" have been prepared and sent to our churches. Information and materials on religious education have been sent at least monthly to our superintendents and ministers. The Secretaries have been called upon for speaking engagements and consultations. The library books, slides, and costumes, have been sent to increasing numbers of churches throughout the United

States and Canada. Approximately 500 individuals have had conferences with the Secretaries. The results seem to indicate that this personal manner of treating individual problems is one of the most fruitful activities of the Department Staff.

The field work of the Secretaries has been extensive this year. Miss Taft has visited sixty-five churches in New England and in New York State. Realizing the need for visits of more than a few hours with the church-school staff and the minister, if the best results are to be realized, the Department Secretaries have given special attention this past year to visitation technique. Where the Secretaries have thoroughly surveyed the local situation, many good results have followed. In cooperation with the New Hampshire Unitarian Association, Miss Taft has surveyed the church schools in Andover, Concord, Franklin, Laconia, Nashua, and Peterborough.

Mr. Kuebler has made several long field trips, going as far west as Denver, Colorado, as far south as Louisville, Kentucky, and as far north as Madison, Wisconsin. He has made eighty-five visits to church groups, and has given eighty-seven addresses. The increasing number of pulpits open to the Secretaries of the Department on Sunday mornings has allowed them to place a real emphasis on adult responsibility for religious education programs.

Many church schools have enriched their services of worship through the use of more and better music. The organization of junior choirs has been an important factor in this development. Interest and appreciation of music are stimulated by the training received, and the choirs furnish leadership for the schools. For the past five years Anniversary Week has opened with the Junior Choir Festival and choirs have come to Boston from distances

up to 100 miles. Each time more children have sung. In May, 1936, 368 participated in this inspiring service.

A valuable addition to materials available for the services of worship is the new *Beacon Song and Service Book*. During the past year many more churches purchased copies of the hymnal, making a total of 120 schools who have adopted the hymnal which was published in November, 1935.

The coöperation between the Unitarian Sunday School Society and the Religious Education Department has continued to be most profitable, as indicated by the splendid attendance at both the Annual and Fall Meetings of the Society. The Advisory Council of the Department, composed of the Directors of the Society and the American Unitarian Association Religious Education Committee, has appointed a committee which will report at the 1937 Annual Meeting of the Society on further steps of coöperation needed for the ultimate merging of these two groups into one organization. The Department through its Secretaries has worked diligently to establish closer relations with those major organizations in our fellowship which include religious education in their programs and activities. Contacts have been established with religious and secular organizations, as the Religious Education Association, the International Council of Religious Education, and the Progressive Education Association, in order that our fellowship might have the advantage of ideas and ways of working developed outside our own group. The Secretary of the Department serves as a member of the board of directors of the Religious Education Association, has taught in several summer training schools and leadership training institutes, and has kept in close contact with educational and religious groups having purposes and aims similar to our own.

ERNEST W. KUEBLER.

DEPARTMENT OF SOCIAL RELATIONS

To the President of the American Unitarian Association:

THE Department of Social Relations during the past year has endeavored, insofar as possible, to follow the suggestions of the Commission of Appraisal and has concentrated its major emphases on education, using that term in its widest sense. This has not meant, however, that it has entirely neglected the function of social action and even less that it has not been the organ of our body by means of which we keep in close touch with religious and secular organizations with similar aims and purposes.

One of the most interesting developments of the year, indeed, is concerned with this latter field. Last summer, the Secretary of the Department was asked to attend the International Management Committee of the World Alliance for Friendship through the Churches which was held in Switzerland, and at that meeting he was asked to be the official representative of the American churches. At the annual meeting of the American Branch of the World Alliance held this year in Denver he was on the program and was elected a member of the Executive Committee of the American Branch as well as a member of the International Management Committee. Representation on the World Alliance is significant because this is the one of the three ecumenical organizations in which Unitarians have been represented from the beginning. Dr. Samuel A. Eliot and I are both members of the Executive Committee at the present time. More recently still Rev. Leslie T. Pennington of the First Parish in Cambridge has been elected a member of the Board of Trustees of the Church Peace

Union, which is largely responsible for the financial backing of the World Alliance.

Another interesting development in this field is that for the first time Unitarians are this year to be represented in the Conference on Life and Work by two delegates, Dr. John H. Lathrop, a member of our committee, as a full delegate and the Secretary of the Department as an associate. This representation comes very largely as a result of our close contacts with other church groups in this field and ought to be valuable to our whole movement.

Still another coöperative agency with which we have been affiliated for some time but in which our activity this year has been greater than ever is the National Peace Conference, the association of all religious and secular agencies in the United States working for international peace. Dr. Lathrop and I are the delegates here also. We have attended every meeting of the Peace Conference this year and have served on several committees. General Henry C. Newcomer of our Washington church was appointed by our committee as its representative on the Washington Committee of the National Peace Conference.

A major activity of the year has been the Adult Education Committee, which is a joint enterprise authorized by the Board of Directors and conducted by the Religious Education and Social Relations Departments. This committee has met regularly in New York under the chairmanship of Mr. Percival Brundage, a leading layman in the Montclair church, and it has made a study of the adult education activities in our church, and hopes before this report is issued to publish a bulletin dealing with various suggested plans for adult education. The major emphasis of the committee, however, has been on making plans for a National Unitarian Forum. This suggestion was brought to the Board of Directors by Mr. Larry Davidow of our

Detroit church and has been carefully studied by the committee, contacts have been made with churches by the Secretaries of the two Departments and if funds are available it is planned to inaugurate the forum next year. The committee has designated the Secretary of the Social Relations Department as the Director of the Forum. It is hoped that this activity will stimulate a much wider interest in already vigorous and thriving churches as well as redound to the credit of our liberal movement nationally.

A project in which there has been the widest interest in our churches during the year has been that connected with the Delta Coöperative Farm in Mississippi. Last autumn the Secretary made a study of the problem of the sharecroppers. That study was published during the winter in a bulletin entitled, *Light Along Tobacco Road*, which up to this present writing has had a circulation of close to 3,000. While in the area the Secretary was appealed to by the Delta Coöperative Farm to see what could be done toward providing medical care for the coöperators and also for the region. A sum of $1500 per year for two years is needed and after that it is hoped that the coöperators themselves can assume the cost of a physician. Up to the present writing something under $1200 is in hand and it is hoped that the entire sum will be raised by the end of the church year. This is a definite, specific project but it does afford an opportunity for missionary effort on the part of our church people and has educational as well as philanthropic values.

Last summer in addition to attending the Management Committee of the World Alliance in Switzerland, the Secretary was on the program of the Summer School conducted by the International Association of Religious Liberals (our own international association) at Arnhem in Holland. He gave an address on "Anti-Liberal Movements in the

United States." This coming summer the Secretary has been asked to preside at the Social Section at the Oxford Conference of our International Association. In addition he plans to attend the Management Committee of the World Alliance, which is also to be held in Great Britain and has been asked to be a delegate at the meeting of the association fostering world peace through religions (this includes the non-Christian religions as well as the Christian) to be held in Geneva.

A gratifying request has come to the Association asking that the Secretary of the Department spend two or three weeks in September in Czechoslovakia to help the National Church, which is affiliated with our International Association, in developing a social program among its half million constituency in that country. The Department was greatly pleased that the Board of Directors voted that the Secretary should accept this invitation and made the small financial provision necessary therefor.

The routine work of the Department, routine but exceedingly important, has gone forward with little change. The Secretary has made it a point to issue practically every month during the church year an information letter to the ministers covering movements and events of current significance. In addition, *The Christian Register* has been kind enough to agree to publish from time to time bibliographies on issues of major importance. Several such bibliographies have been published during the year just past. The Secretary's services have been in demand for speaking engagements and for multitudinous committee assignments. The number of addresses given during the year has remained about the same as in previous years, roughly about 100. Only one long trip has been possible during the year. That was in the autumn and in connection with the Denver meetings of the World Alliance and

the study of the sharecropper situation in the Southwest. Our churches west of the Mississippi and east of the Rocky Mountains from Minnesota to Memphis were almost all visited during this trip. In addition there have been a number of short field trips, and due to the meetings of the National Peace Conference and the Adult Education Committee in New York, the churches in the New York area have been visited frequently.

A gratifying feature of the year's work has been the fact that the heads of all departments were this year by vote of the Board made members of the Administrative Council. This ties in departmental activity much more closely with other aspects of the Association's work.

Aside from the immediate plans for the summer it is very difficult under the present circumstances to make detailed plans for next year's work. If the National Forum plan goes through that will be a major responsibility for the autumn and the early winter. If the plan goes through it will also take a good deal of the Secretary's time in the summer in securing speakers, etc.

Next autumn will be the tenth anniversary of the establishment of the Social Relations Department, and although it is very difficult for the Secretary to judge, there seems to be evidence of an increasing social interest in our churches. The very fact that the meetings of the committee which is responsible for the work of the Department have had crowded and interesting agendas is in itself an indication of the vitality of the work, and the responses from churches and ministers to suggestions and the requests for information are steadily mounting.

ROBERT C. DEXTER.

RECRUITING THE MINISTRY

To the President of the American Unitarian Association:

The Recruiting Committee coöperates with those engaged in preparing men for the Unitarian ministry. As opportunity offers it informs, advises, encourages, and discourages young men. As the need arises it gives aid to the limit of its resources. These consist of the income of The Perkins Fellowship Fund and of The Bullard Fund together with the three hundred dollars contributed by the General Alliance through its Appeals. The total sum thus placed at the disposal of the committee during the past fiscal year has been $1,058. This has been granted with the approval of the head of the school in each case to two students at Meadville Theological School, two students at the Pacific Unitarian School for the Ministry, and two students at Tufts College School of Religion.

In retiring, after altogether too many years in the office, the secretary wishes to express his joy in the work he has been privileged to do and his appreciation of the steady good will of the officials of the General Alliance who have generously assisted the Committee year after year.

Fred R. Lewis.

THE REFERENCE LIBRARY

To the President of the American Unitarian Association:

The work of the library has gone steadily on despite the enforced absence of the Librarian during the greater part of the year. Requests for information on matters pertaining to parish history and to the life history of ministers and laymen of an earlier time increase from year to year. Many of these requests come by mail and oftentimes involve considerable research and correspondence. The library was of special service, this year, to the committee which planned for the Boston observance of the Theodore Parker Centenary.

Twenty-nine individuals or organizations have given 245 books, 1,229 pamphlets, and 131 pictures. Among these may be mentioned a twelve-volume set of the works of Theodore Parker, given by Mrs. N. N. Thayer, of Boston; 143 volumes from the library of the late Dr. Edward A. Horton, twenty-one volumes from the General Alliance Library, and forty volumes from the Lend-a-Hand Society. The library is constantly being enriched by the gifts of programs of present-day church activities, and of anniversary observances, the value of which increases with the passing years.

Manuscripts by Edward Everett Hale, William Channing Gannett, Harriet Beecher Stowe, and other well-known writers, were given to the library by Mr. Parker E. Marean from the papers of his mother, the late Emma Endicott Marean.

The loan collection of eighty-three photographs of "Representatives of Liberal Religion, World-Wide, Age-Old," was used in Jamaica Plain, Mass., in Des Moines,

Iowa, in Salt Lake City, Utah, and in Los Angeles, California. In the latter place, it formed a part of the exhibit which was arranged for the observance of the sixtieth anniversary of the founding of the church.

The members of the staff of the Association who have had the care of the library in the absence of the Librarian appreciate the addition of new filing cases which have greatly facilitated the work.

MARIE W. JOHNSON.
DOROTHY ROUTLEDGE.

FELLOWSHIP COMMITTEE

During the year four meetings of the committee have been held and three mail ballots circulated. Thirteen preliminary certificates have been granted to ministers desiring to serve Unitarian churches, and two preliminary certificates to men who applied for affiliated fellowship. One final certificate was granted to a man of outstanding ability in another denomination who applied for affiliated fellowship, the preliminary period being waived.

There have been two withdrawals.

Six applications for fellowship and one for reinstatement were refused as we saw no possibility of placing the applicants in the near future.

Of those whose applications were accepted, eleven are Unitarians, one Congregationalist, two Universalists, one Ethical Culturist, and one Methodist Episcopal. They were trained at Union, Meadville, Ryder, Harvard Divinity School, the Pacific School, Crane Theological School, Cuddeston Theological College in England, United College in England, University of Edinburgh, Victoria Theological School, and Yale Divinity School.

All but two of those granted fellowship are settled.

Early in the year the committee voted to make it a practice to circulate a questionnaire among Unitarian students in divinity schools.

Louis C. Cornish.

DEPARTMENT OF FOREIGN RELATIONS

It cannot be too often repeated that our foreign work began at the First Annual Meeting of the Association in 1826, when the Secretary was requested to open correspondence with groups of like-minded religious people in other lands. The work has gone on continuously throughout these 111 years.

During the past twelve months we report sustained interest in several directions. We have been in frequent correspondence with liberal churches in the Philippines, Great Britain, Holland, Czechoslovakia, Hungary, Roumania, India, and with individuals in other lands.

We look forward to a successful and largely attended Congress in Oxford, England, from August 3–8. We have shared in making plans for this Congress, and five delegates have been appointed: Rev. Frederick M. Eliot, D.D., Rev. John Howland Lathrop, D.D., Dr. Robert C. Dexter, Rev. Louis C. Cornish, D.D., and Mr. John W. Brigham, President of the Y. P. R. U. The first four of these delegates are on the program of the Congress.

We report briefly upon the following enterprises:

We have been able to arrange for Rev. Abbot Peterson, D.D. to preach for three months in the Ullet Road Church in Liverpool, and Rev. John Howland Lathrop, D.D. will occupy this pulpit for one month. Rev. Lawrence Redfern, the minister, and Mrs. Redfern, are taking six months' leave of absence in order to visit the Unitarian churches in various parts of the British Empire. He was sent on this journey by the General Assembly.

We have also been able to arrange for Rev. J. Harry Hooper of Hingham, Mass., and Rev. Arnold H. Lewis of Hull, England, to exchange pulpits for three months.

Our interest in the Transylvanian churches, which are in the midst of chaotic conditions, is undiminished. They are assured of our affection and assistance in any way that is possible for us and desirable for them.

In Budapest the reports of Dr. Csiki's work at the Mission House show a slow and steady gain in numbers and in support.

In Prague, a year ago, as stated in the report, we were in perplexity about the maintenance of the Unitarian building. During the year considerable progress has been made in the solution of these problems. An excellent manager has full charge of the business details, and Dr. Capek and Mr. Haspl, our two ministers, are free to devote themselves to the spiritual interests of the church, which maintains a vigorous and growing life.

We have continued our friendly interchanges with the Czech Church. Dr. Dexter has been invited to spend two weeks in teaching and lecturing in these churches, and our Directors are enabling him to undertake this opportunity for service.

The Independent Church of the Philippines has formally repeated its invitation to Dr. Cornish to pay a visit to the churches, particularly with the hope of strengthening the education of the ministers. The Board has made it possible for him to accept this invitation, and he expects to go to the Philippines in the autumn, and on the way he will visit and confer with the religious liberals in Japan.

We are happy to announce that for the first time the Unitarian churches are asked to send a representative to the World Conference on Life and Work of the Universal Christian Council to be held at Oxford this summer. This includes all the greater churches of Christendom. Previously we have not been included. Dr. Dexter has been asked by the officials of the Council to represent us.

LOUIS C. CORNISH.

DEPARTMENT OF PUBLIC RELATIONS

To the President of the American Unitarian Association:

In the past year the activities of the Department of Public Relations have been limited. During this interim period, with uncertainty as to the permanence of the Department and the organizational details of the Association, it has not been possible to continue the program begun under the leadership of Dr. Joy a year ago.

It has been the duty of the part-time, acting Secretary of the Department to prepare for release to the press the announcements of the nominations of the officers of the Association.

The Department conducted the Annual Appeal of the Association, publishing the leaflet, "Forward," endeavoring to set forth the immediate needs and opportunities of our liberal churches. Forty-four thousand copies of the Appeal have been circulated and the Department is holding six thousand copies for churches which make their contributions to the Association in the autumn.

The Department has prepared a list of laymen and laywomen in our churches who are particularly interested in the life and work of our Association and who will act in the local parishes as the Association's agents, endeavoring to increase knowledge and understanding of our coöperative program.

The Department has continued the regular advertising of the Association.

Everett M. Baker.

SUSTENTATION FUND

To the President of the American Unitarian Association:

The Association received this Fund from the Unitarian Campaign. Under the conditions of the trust the income is applied to supplement the inadequate salaries of ministers of deserving churches. The Sustentation Committee takes care not to create or foster a sense of dependence, and the grants are expected to stimulate the sense of responsibility of the parish for the payment of an adequate salary.

The present endowment of the Sustentation Fund amounts to $256,399.04. From its income during the fiscal year ending April 30, 1937, $9,189.00 was paid to forty-eight ministers.

This year grants made by the Committee have varied in amount from $50.00 to $350.00. In every case the ministers who have received this financial aid have been receiving salaries wholly inadequate.

In four new cases this year the Committee has arranged with churches for increases in ministers' salaries ranging from $250.00 to $600.00, one-half of each increase being paid from the income of the Sustentation Fund.

The Committee has this year appropriated a portion of the income from this Fund to be used for the education of ministers' children. Two grants have been made from this appropriation.

Everett M. Baker.

FUNDS FOR SPECIAL AID

To the President of the American Unitarian Association:

I AM pleased to submit to you the following report on the funds for special aid of which the Association acts as trustee:

1. Funds the income of which is used for pensions to Unitarian ministers:

   The Unitarian Service Pension Society Permanent Fund was increased $8770.03 during the year by the following gifts and bequests: Mrs. Alice H. Goddard of Boston, Mass., $2000; Miss Mary Alice Lane fo Houlton, Me., additional, $1243.61; Mrs. Mary A. Nazro of Cambridge, Mass., additional, $1551.42; Miss Annetta O'B. Walker of Portland, Me., additional, $2275; Gifts of First Unitarian Church in Winthrop, Mass., from Sale of Church Property, $1000; From its Endowment Fund, $700. The principal of this Fund now is $589,601.03.

The income of the Permanent Fund, together with the incomes of the Aaron Bancroft, the Mary A. Butler, the Louis B. Carr, the Jed Frye, the David Reed, the Caroline Southwell Root, the Clara M. Rotch, the Emily E. Shepard, the Esther M. Whitney, the Lucy B. Willson, and the Joshua Young, D.D., funds, with an aggregate principal of $47,233.50, was expended for pensions. Also the income of the Henry A. Root Fund, with a principal of $5000 held by the Permanent Charity Fund, became available due to the closing of the First Unitarian Church of Winthrop, Mass.

Unitarian ministers who are sixty-five years of age or over, and who have an honorable record of at least twenty

years' active professional service in the Unitarian ministry are eligible for these pensions.

During the year the Association, as agent for the transmission of the contributions made to the Society, distributed under instructions from the officers of the Society, $35,501.17 to the qualified beneficiaries. This is an increase of $1593.57 over the amount distributed the previous fiscal year.

2. Ministerial Aid Fund.
   The principal of the Ministerial Aid Fund is $162,405.34. In addition to this Fund the Association holds five other funds aggregating $24,420.00, the income of which is available for the purposes of ministerial aid. From these incomes grants have been made during the year to the amount of $5,681.57. This aid is given when evidence is confidentially laid before the Committee that these friends, by reason of illness or sickness of members of their household or some pressing financial emergency, are in need of immediate help.

3. Cruft Memorial Fund.
   During the year the Association has distributed $6,702.00 from the income of this Fund to forty-eight beneficiaries. It will be remembered that this Fund was established under the will of Miss Harriet Otis Cruft and, in accordance with her wishes, the income is distributed to women of American birth and Protestant religion of good character over sixty years of age who from illness or misfortune are in great need.

4. Chandler Robbins Fund.
   The income of this Fund, amounting last year to $570.29, has been a help to two persons who were eligible under the terms of the trust.

PARKER E. MAREAN.

BUILDING LOAN FUND

To the President of the American Unitarian Association:

Churches and societies planning to erect new buildings, to enlarge or improve their present facilities turn to this Fund. On approval of applications by the proper committees, loans are made without interest on security satisfactory to the Committee and repaid in annual installments.

The principal of this Fund at the present time amounts to $373,093.83, having been increased during the year by $480.34.

Previous to the recent financial depression the entire principal of this Fund was always outstanding in the form of loans to churches without interest or promised on applications which had been approved by the necessary committees. For the past several years the Association has not received as many applications, so at the present time about $28,000.00 is available for loans to churches.

During the year three loans have been repaid in full and seven new loans totaling $28,200.00 have been made as follows: Berkeley, Calif., $6000; Ithaca, N. Y., $3000; Keokuk, Ia., $500; Channing Religious Society, Newton, Mass., $3500; San Diego, Calif., $1200; Summit, N. J., $10,500; Topeka, Kan., $3500.

There are now outstanding loans to seventy-eight churches, as shown in detail on page 132 of this report.

The total amount loaned since the foundation of this Fund and the Church Building Loan Fund of 1884 has been $1,377,474.76 and during this time there have been 382 separate loans.

Parker E. Marean.

UNITARIAN BUILDING

To the President of the American Unitarian Association:

The Association continues as in the past to provide office space and service, without charge, to the following organizations: the General Alliance, the Unitarian Laymen's League, the Young People's Religious Union, The Christian Register, the Religious Arts Guild, the Unitarian Student Committee, the Historical Library, and the Beacon Press.

The building is open from nine to five o'clock each week day except Saturday and from nine to one o'clock on Saturday throughout the year except during the summer months when it is closed at four o'clock in the afternoon and all day on Saturday.

During the year the chimneys and brick work in the upper stories of the building were waterproofed and considerable refinishing done on the top floor of the building. The offices occupied by the officers of the Association were rearranged and a much needed improvement in the administration of our affairs was instituted. This consisted in consolidating the correspondence and record files in charge of a competent file secretary. This file secretary is Miss Frances Carleton, and it is interesting to note that Miss Carleton at the present time is serving as President of the Boston Filing and Indexing Institute.

As noted last year, the building continues to be used in an increasing degree for meetings of small groups of Unitarians, more meetings having been held here in Eliot Hall than in any year since the building was opened ten years ago.

George G. Davis.

THE WHITNEY HOMESTEAD

To the President of the American Unitarian Association:

DURING the winter and spring, plans were made to reopen the Homestead on May 1, 1937. A special committee consisting of Mrs. Thomas G. Rees, Rev. Leslie T. Pennington, and George G. Davis was appointed to make these arrangements and an active committee of sponsors under the leadership of Mrs. George W. Wheelwright of Lancaster was also formed.

New stoves were installed and other improvements made in the property, and Miss Mary Louise Hawkins of Lancaster has been engaged as manager. In former years, when the Homestead has been opened, the occupancy of the older house has been limited to women. This year both houses are open without restriction. Guests of the Homestead may stay one day or may spend the entire summer and they will be assured of a restful visit in quiet surroundings and of delightful and abundant meals. The rates to be charged will be low, and in addition a special rate will be made for ministers and members of their families requesting it.

GEORGE G. DAVIS.

MINUTES OF THE ONE HUNDRED AND TWELFTH ANNUAL MEETING

held in

Boston, Massachusetts, May 25, 1937

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 25, 1937.

The One Hundred and Twelfth Annual Meeting of the American Unitarian Association was held in Tremont Temple, Boston, Mass., and was called to order by the President, Dr. Louis C. Cornish, at 9:30 on Tuesday, May 25.

The devotional service was conducted by Rev. Joseph N. Barth of Newton, Mass.

The President announced that Dr. Charles E. Snyder had accepted his invitation to preside at the Annual Meeting.

The following committees were appointed: Committee on Credentials, Carl B. Wetherell, Chairman; Committee on Resolutions, Dana McLean Greeley, Chairman; Committee on Ballots, Paul H. Chapman, Chairman.

President Cornish delivered his address as retiring President of the Association, which will be found printed in full in this report. Dr. Frederick R. Griffin read the following resolution of appreciation to the retiring President:

> The American Unitarian Association salutes with affection and gratitude Louis Craig Cornish, Doctor of Divinity, upon the occasion of his completion of long years of service in the offices of secretary and president. Dr. Cornish came to the Association after fifteen years in the ministry of the First Parish in Hingham, Massachusetts, bringing with him the riches of fruitful experience and ripened convictions. His pastoral aptitudes and interests have been generously devoted to the counsel and friendly aid of our people, chiefly our ministers, to whom he has been constantly kind and wise.
>
> Strongly convinced of the world mission of Free Christianity, he has inspired the Association with his vision of an international federation of religious liberals.
>
> Equally convinced of the need and the value of a united liberalism at home, he conceived and initiated the Free Church Fellowship.
>
> During nearly twenty-three years in office, the most perplexing in the history of the Association, he has given without reserve his many gifts to conscientious service of the churches.

Sustained by strong faith and refreshed by the humor born of imagination, his life may be summarized in terms of the title of his latest book, *Work and Dreams and the Wide Horizon*.

Out of respect and gratitude we make this record and to Dr. Cornish we extend our thanks. We hope that his spiritual leadership will long continue.

The resolution was unanimously adopted.

The report of the Treasurer was presented by Mr. Parker E. Marean.

Dr. Vivian T. Pomeroy gave the address of welcome to the following new ministers:

Edwin C. Broome, Jr.
Charles Marvin Styron
Alexander Porter Winston
Frank D. Adams (affiliated)
Willard L. McKinstry
Hester Stock
Thomas Alfred Sinclair
William Edwin Collier (affiliated)
Merrill Otis Bates
Edward Whitefield Ohrenstein

The main business of the morning session was the presentation of the report of the Interim Commission on Planning and Review, by W. Rodman Peabody of Boston, and the subsequent consideration of the proposed amendments of the by-laws of the Association. After discussion and amendment the by-laws presented with the report of the Commission were adopted as printed in the 1937–1938 Unitarian Year Book.

A recess was taken until 2 P.M. when the Association reconvened.

Afternoon Session

Rev. Richard M. Steiner of Portland, Ore., conducted the devotional service.

It was voted to lay on the table certain amendments presented in 1935 and 1936 which were not incorporated in the report of the Interim Commission.

Amendments to the By-Laws

Notice was given of the proposed amendments to by-laws to be brought up for consideration and action at the Annual Meeting in 1938.

By W. Rodman Peabody of Boston, Mass.:

1. To amend Article VI by inserting, after Section 2, the following:

   3. The Board shall choose from its own number a chairman of the Board, who shall have such duties as the Board may designate.

   The subsequent sections to be renumbered 4 and 5.

2. To amend Article VII by inserting, after Section 1, the following:

   2. The chairman of the Board of Directors shall preside at annual and special meetings of the Association.

   The subsequent sections to be renumbered 3 to 7 inclusive.

By George Falconer of Montreal, Canada:

Article V, Section 2: That the word "nine" in the fourth line as printed in the draft submitted by the Interim Commission be changed to "six" and that the word "three" in the fifth line be changed to "six" so as to read:

"... eighteen of the directors, of whom not less than six shall be laymen, not less than six shall be women and not less than five shall be ministers, for three years, one-third to be elected annually; all other officers and directors for one year."

By Percy A. Atherton of Boston:

To add to Article II of the present by-laws as amended a new Section 3, to read as follows:

"Delegates and life members duly constituted as such before the first day of May, 1925, shall be entitled to vote by proxy dated not more than six (6) months prior to the meeting for

which the proxy is presented, at all meetings of the Association, whether annual, biennial, or special, and wherever held."

By Eva B. F. Churchill of Milton, Mass.:

To amend Article VI, Section 1, by adding the following:

"Directors shall have the right to vote at all meetings of the Association."

The following nominees were presented by ballot to the delegate body:

For President:

Dr. Frederick M. Eliot

For Secretary:

Dr. Palfrey Perkins

For Treasurer:

Mr. Parker E. Marean

For Regional Vice-Presidents:

For directors representing various groups:

Mr. Roy M. Cushman
Dr. Sydney B. Snow

Rev. Leslie T. Pennington
Mrs. Russell P. Wise
Mr. John B. Nash
Mr. Winthrop M. Southworth, Jr.

An informal report was made by the Chairman of the Pension Commission, Walter R. Whiting.

Dr. Henry W. Foote, Chairman of the Hymn and Tune Book Commission, reported for the Commission.

Dana McLean Greeley, Chairman, made the report for the Committee on Resolutions.

The following resolutions were adopted.

Greetings to the Universalist General Convention

The American Unitarian Association, assembled for its One Hundred and Twelfth Annual Meeting, sends its warm greetings and cordial good wishes to the Universalist General Convention.

Greetings to Our Brethren Across the Sea

The American Unitarian Association, assembled for its One Hundred and Twelfth Annual Meeting, sends its warm greetings and cordial good wishes to our brethren across the sea.

Greetings to the Independent Church of the Philippines

RESOLVED, that the retiring president of the American Unitarian Association, the Rev. Louis Craig Cornish, D.D., who is to visit the Independent Church of the Philippines during the winter of 1937–1938, carry the greetings of the American Unitarian Association to the Independent Church and to its venerable head, Archbishop Gregorio Aglipay.

The development of the Independent Church, organized at the time of the transfer of the Islands from the overlordship of Spain to the sovereignty of the United States, and matching the political development of the people toward democracy, has been toward liberalism in religion, and therefore has enlisted the especial sympathy of the Unitarian church in America. Its membership in the International Association of Religious Liberals makes it a sister church. Recent political changes have brought to the people of the Philippine Islands a greater degree of self-government than ever before.

That the Independent Church of the Philippines may, by its leadership in religious liberalism, foster a true liberalism in the

new national life of the people whose spiritual interests it serves, is the prayer of the members of the American Unitarian Association. To its Archbishop, Gregorio Aglipay, to its bishops, priests and congregations, may there be granted, in the Providence of God, increasing prosperity and increasing opportunity to serve the cause of morality and religion.

International Relations

WHEREAS the basic principles of our faith are set irrevocably against violence and war as a means for settling disputes, and

WHEREAS the innumerable movements for international justice and peace which have sprung up in this country and throughout the world need to be consolidated in one great and united movement for justice and peace, and

WHEREAS the Church Peace Union, the World Alliance for International Friendship through the Churches, and the International Peace Congress of September, 1936, have united in "urging all the churches and religious bodies of the world to set about the task of establishing a Peace Committee in every local unit",

THEREFORE, BE IT RESOLVED that the One Hundred and Twelfth Annual Meeting of the American Unitarian Association recommends to all of its constituent churches that such groups or peace committees be formed in every church to guide our people in the study of the issues of national and international relations, justice, goodwill and peace.

BE IT FURTHER RESOLVED that the Social Relations Department of the American Unitarian Association be requested to serve them in every possible way toward the achievement of this end.

The following resolution by Dr. W. Waldemar W. Argow was adopted unanimously:

Rev. Charles R. Joy, D.D.

WHEREAS the American Unitarian Association is profoundly indebted to Dr. Charles R. Joy for his years of generous service in an administrative capacity, which he now relinquishes, and for the fruits of his deep devotion to our churches and to the principles of their faith,

THEREFORE, BE IT RESOLVED that the American Unitarian Association assembled for its One Hundred and Twelfth Annual Meeting hereby expresses to Dr. Joy its affectionate gratitude and its appreciation of the high leadership that he has exercised in faith and in work, and that it further convey to him its confident good wishes for a continued happiness and usefulness in connection with the interests so dear to his heart and to ours.

Rev. Robert B. Day presented the following resolution, which was adopted unanimously:

Rev. Walter Reid Hunt, D.D.

The retirement today from the office of Secretary of the American Unitarian Association of Dr. Walter Reid Hunt after fifteen years of uninterrupted service in that organization recalls to our mind the faithful character of Dr. Hunt's service in the ministry over a period of nearly four decades. Minister of but one church, and that for twenty-four years, beloved friend of a host of ministers and churches into whose lives he has entered with sympathy, into the arena of whose problems with unfailing optimism and tact, kindly counsellor, who in the performance of his official duties has never become officious —for these and for the many other noteworthy achievements of his ministerial career, we salute Dr. Hunt on this, the occasion of his retirement, and from his associates, his colleagues and his many friends bring affectionate greetings. For the faithful manner in which he has performed his daily tasks, for the constant testimony he has borne in his personal life and buoyant spirit to the vitalizing power of a deep-seated religion, and for his fidelity to the cause he has served, we wish at this time to voice our profound appreciation and respect.

The following resolution by Dr. John H. Lathrop was unanimously adopted:

The Labor Question

RESOLVED, that the One Hundred and Twelfth Annual Meeting of the American Unitarian Association recommends to its member churches a thorough-going study of the utterances of William Ellery Channing with regard to the labor question.

The report of the Committee on Credentials was as follows:

Lay Delegates	758
Life Members	225
Ministers	199
Total	1,182

The report of the Committee on Ballots was as follows:

For President:	
Dr. Frederick M. Eliot	948
Scattered votes	20
Total	968
For officers and directors:	
Straight ballots	979
Scattered votes	23
Total	1,002

Chairman Snyder introduced President-Elect Eliot to the meeting and the President addressed the meeting.

Upon motion of Dr. John H. Lathrop, Professor James Luther Adams of Meadville Theological School was elected a member of the Interim Commission on Planning and Review.

On the motion of Rev. Paul H. Chapman it was voted to make the election of Dr. Frederick M. Eliot unanimous.

There being no further business, the meeting closed with the singing of a hymn and a benediction by Dr. Eliot.

The meeting adjourned at about four o'clock.

PALFREY PERKINS,
Secretary.

AUDITOR'S REPORT

BOSTON, JULY 14, 1937

We have made an examination of the accounts and financial records of the American Unitarian Association, and its Publications Department, and The Beacon Press, Inc., for the year ended April 30, 1937, and ascertained: that all cash recorded as received was properly deposited in the banks; that all income due from investments was received or satisfactorily accounted for; that disbursements were supported by cancelled checks or other proper vouchers; that the cash balance as at April 30, 1937, as called for by the books was on deposit or in transit at that date; and that the investments shown in Table S were on hand on April 30, 1937 or satisfactorily accounted for.

SCOVELL, WELLINGTON & COMPANY.

ANNUAL REPORT OF THE TREASURER

The Annual Report of the Treasurer for the fiscal year ending April 30, 1937, submitted herewith, contains the details of receipts, expenditures, funds, and investments, together with the Balance Sheet and other information regarding the financial affairs of the Association.

The following is a brief index of the contents of the report:

	Page
Treasurer's Statement, showing all receipts and expenditures during the year	76, 77
Table A, Contributions during the year	79
Table B, Bequests and Gifts, other than Contributions	90
Table C, Principals and Incomes of Invested Funds and Incomes of Funds the Principals of which are held by Trustees	94
Tables D-O, inclusive, Details of Expenditures during the year	119
Tables P-Q, inclusive, Investments in Real Estate	126
Table R, Statement and List of Loans of the Building Loan Fund	132
Table S, Bonds and Stocks of the Association	135
Table T, Balance Sheet	139

In addition to the tables and figures listed above, attention is called to these special reports: Sustentation Fund

on Page 52; Funds for Special Aid on Page 53; Building Loan Fund on Page 55.

The total of contributions from societies and individuals as shown in Table A, was $29,036.97, which is $709.95 more than was received in the previous year. From churches in the United States and Canada the Association received $23,640.16, an increase over the previous year of $958.55.

The rate of income paid by the Association on those funds which are invested in the General Investment Fund for the fiscal year which closed on April 30 was 4.397%. In other words, the Association paid income of $43.97 on every thousand dollars invested in the General Investment Fund during the whole year. This is $2.79 more per thousand dollars than that paid the previous year and the increase is due primarily to the larger returns from the investments of the Association in stocks.

The income of the Association for general purposes, as shown in the Treasurer's Statement on Page 76, was $198,956.80, which is about $28,000.00 more than was received during the previous year. Expenditures for these purposes were $188,329.25. Thus the budget of the Association was balanced this year for the first time since 1930.

The classification of several of the expenditures of the Association in this report is different from that of previous years and this fact should be taken into consideration when yearly comparisons are made.

The Treasurer will be glad to give further information with regard to the finances of the Association upon request, and will welcome suggestions as to the method of presentation of the figures contained in the report.

PARKER E. MAREAN,

Treasurer.

TABLE P

INVESTMENTS IN CHURCH PROPERTIES

The Association has interests in a number of church properties which have from time to time been conveyed to it. In a few cases the title is unconditioned; in most cases the property is held by deed or mortgage upon conditions which give the use of the property to the society as long as it maintains religious services and remains in the Unitarian fellowship.

When any part of the money needed to accomplish this object has passed through the treasury of the Association, it appears on the books as a non-income bearing investment. The amount so invested is, in most cases, but a part of the value of the property.

When the interest of the Association does not represent any monetary investment on the part of the Association, it is carried on the books as an investment of $1.00.

ANNUAL REPORT OF THE TREASURER 97
Parker E. Marean

FOREWORD

This Annual Report follows in general the plan of the annual reports of recent years. It is almost wholly concerned with presenting to the churches of the American Unitarian Association a plain, straightforward account of the work of the Association during the year ending May 1, 1938. As such, it deserves to be read carefully by every Unitarian who is interested in the denominational work.

Here and there in its pages, however, a discerning reader will be able to read between the lines and catch glimpses of the broad and significant ideas which underlie our present program and policy. The annual report of the Association ought to reveal the relation between the mind of the Unitarian Church and the main currents of thought in the religious world of our time; and it is the hope of those responsible for the preparation of this annual report that in succeeding years this more fundamental purpose of such a document may be progressively attained.

Comments and criticisms upon the form and substance of this report will be gratefully received.

Report of the Board of Directors

To the American Unitarian Association:

IN accordance with the provision of the By-laws of the Association, adopted at the annual meeting in May, 1937, your Board of Directors herewith submits its report for the year 1937–1938.

I. Organizational

The Board has held five meetings, in May, October, December, February, and April, with an average attendance of twenty-six. At the first meeting, Mr. Charles O. Richardson, of Weston, was elected Chairman of the Board, and also Chairman of the Executive Committee. The business before the Board has been presented, for the most part, by the chairmen of the departmental and standing committees, following careful consideration by the respective committees, and this has enabled the Board not only to act upon routine matters with greater dispatch and effectiveness but also to devote considerable periods of time at each meeting to questions of broad general policy brought to the attention of the Board by individual members. It has been assumed that the executive officers have the privilege of attending Board meetings and taking part in the discussions, and this privilege has been used by the officers available at the time of each meeting. In general, the Board believes that there has been definite improvement in the conduct and procedure of its meetings.

Preceding each meeting of the Board, the several departmental committees have held meetings, for the purpose of reviewing the work of the departments and preparing recommendations to the Board. These meetings have been well attended, and the committee members (both those who are Board members and those who are not) have given generously of their time to the problems arising in their respective fields. On the seven departmental committees of the Board, thirty-eight persons not members of the Board have this year served. Our experience this year seems to have demonstrated the practical possibility of enlisting the active participation of large numbers of Unitarians in the direction and supervision of the work of the Association; and it is our hope that the development of the committee system which has been well begun may be pushed forward during the coming year with even greater zeal.

The Board has observed with interest and enthusiastic approval the active functioning of the various committees elected directly by the Association at the General Conference meeting in Niagara Falls — the Program Committee, the Business Committee, the Nominating Committee, and the Commission on Planning and Review. These bodies are not, of course, responsible to the Board of Directors, but it is essential that there should be close co-ordination between their work and that of the Board. Such co-ordination has been successfully developed during this first year.

Of its own standing committees, the Board notes with special satisfaction the good work done by the Budget Committee. The procedure for preparing the budget this year has been new in several important respects, and the changes have resulted in a more systematic and balanced study of the needs of the various departments, and a more self-consistent and satisfactory solution for the budget

problem as a whole. The Budget Committee has held four formal meetings,— in January, February, March, and May.

In the administrative field, the year has been marked by a new emphasis upon departmentalizing the work, and also by new effort to achieve closer co-operation. The responsibility for the work in the several departments has been consistently placed in the hands of the department executives, under the supervision of the department committees; and while there are still many places where it is not easy to determine which department should have primary responsibility, considerable progress has been made and substantial further progress in the coming year may reasonably be expected. The response of the executive officers to this change of general administrative policy has been cordial and increasingly effective.

The corollary to this greater emphasis upon the responsibility of individual departments is, of course, the need for closer teamplay among the departments; and here also it is possible to report steady advance. During the year, there have been twenty-five meetings of the Staff Council, at which problems involving more than one department have been discussed. The Staff Council takes no votes, and makes no final decisions, but serves as a coordinating and correlating agency. Its practical value would today be questioned by no one of the officers concerned. To these meetings, since early in the year, the Editor of *The Christian Register* has been regularly invited; and this has proved another useful way of securing better co-operation.

Following the recommendation of the Commission on Planning and Review, the group that has been known as "The Presidents' Council" was re-established in June as an active agency. The presidents of the five major denominational agencies, and their chief executive officers, are mem-

bers of this council, which has held five meetings during the year. Definite progress in building up mutual understanding and effective co-operative endeavor has been made, and there is reason to believe that the coming year will see even greater progress, now that the simple machinery has been set up and given preliminary tests.

II. The Regular Departments

At present, the work of the Association is being done through seven departments, as follows:

Finance
Unitarian Extension and Church Maintenance
Ministry
Publications
Religious Education
Social Relations
Foreign Relations

Detailed reports of the departments are presented in this booklet, but the Board of Directors wishes to call special attention to certain aspects of the work of each department.

(1) *Finance.* The Board would like to record its great satisfaction in the notably successful way in which the funds of the Association have been handled by the Finance Committee and the Treasurer and his staff. The work of this department is complicated and exceedingly difficult in the best of times, but general conditions during the past year have made the problem even more difficult. The entire denomination — and more especially the churches and ministers whose grants depend upon the skill and wisdom of those in charge of our invested funds — owe a debt of gratitude to the members of the Finance Committee which it would be hard to exaggerate.

(2) *Unitarian Extension.* The change in the name of this department indicates a determination to make use of a wider range of instrumentalities for the extension of our faith. With strong support from the denomination, the policy now being developed — realistic in temper, aggressive in spirit, and full of promise — will show large and gratifying results in these next years, in terms not only of new churches, but also of greatly expanded work from many strategic centers already established. Here is the fighting edge of our denominational advance.

(3) *Ministry.* This is a new department which, under the direction of one of our most experienced and trusted leaders, is working out new methods for the wise handling of the multitude of perplexing problems connected with our ministerial personnel. It is, for us, pioneer work, requiring a high degree of imaginative and creative thinking, as well as an intimate knowledge of men and churches. The first year's work has opened many possibilities and revealed many opportunities. For example, the four ministers' regional institutes, planned and conducted so successfully by Dr. Patterson, have proved a most valuable new method for the creation of mutual understanding among our often isolated ministers, and justify a wide extension of the plan for next year. This department is just commencing a career of the greatest promise, and we bespeak for it — especially in these first years of exploratory and experimental beginnings — the sympathetic and yet also critical understanding of the men and women in the ranks of our ministry.

(4) *Publications.* In addition to the publication of "Hymn of the Spirit," which alone would make any year notable for this department, nine new books and six new pamphlets for free distribution have this year been issued

by the Department of Publications. In the publications this year, and in the plans for next year, it is worth noting that there is a steadily growing emphasis upon the literature of devotion and the cultivation of the spiritual life. Dr. Saunderson's booklet, planned to be the first in a series of annual Lenten Manuals, the volume by Dr. Westwood, entitled "This Do and Live," which has just appeared, and the forthcoming second volume of "Great Companions," indicate this important tendency, in which our Publications Department faithfully reflects the changing emphasis in the life of our denomination.

(5) *Religious Education.* A major reorganization has taken place this year in this department, resulting in the addition to the staff of a full-time field-executive. Already, the value of this development has been clearly demonstrated. From the point of view of the budget, this is at present our fastest growing department, and we believe the importance of the service rendered fully warrants this increasing financial support.

(6) *Social Relations.* There has been no important change during the year in the policy and work of this department, which has now fully established its right to a permanent place in the life of our denomination and has won the increasing confidence of our people throughout the country.

(7) *Foreign Relations.* The president acted for a brief period as temporary director of this department, and was succeeded by Dr. Dexter, whose special knowledge and wide experience qualify him to combine the executive duties of this department with those of the Department of Social Relations, to the advantage of both. During the year real progress has been made in working out a satisfactory solution for the financial problem of the church in

Prague, and this result is in considerable degree due to the co-operation of the British Assembly and the earnest effort s of the local ministers and congregation.

It may be of interest to note in passing that of the seven departments five are headed by laymen, and only two by ministers. Until the ordination of Mr. Kuebler in March — an event which we record with special gratification — there was only one minister among the department heads.

In addition to the regularly established departments, there are several quasi-departments which render important service, to which attention should at this time be briefly called: —

(1) *Unitarian Student Commission.* This is a co-operative enterprise, in which the Alliance, the League, the Young People's Religious Union, the Ministerial Union, and the Association unite to carry out a program among the students in colleges, universities, and schools throughout the country. Organized last fall, the Commission has made a real beginning in a very important field, and the further extension of this work under the reorganized Unitarian Youth Commission should be watched with high hopes. There is no greater opportunity at present confronting the Unitarian Church than the work with young people within our parishes and the work with college students throughout the country.

(2) *Adult Education.* This is at present a special committee, appointed by the Board, but it is our hope that the growing importance of work in the field of adult education (and the valuable work done by this particular committee) may be reorganized by making it a standing committee. As yet, no program has been developed that is practicable under existing conditions, but the committee is continuing

its study with unflagging interest and zeal. This is one of the most promising new ventures now under way.

(3) *Publicity.* We have no department of publicity, and with our present resources it seems impossible to establish one. Most of the work which such a department would do now falls upon the Executive Vice President and his office assistant, who have this year made a real effort to carry the word more effectively to our own constituency, and to a limited extent, to the world outside. The much wider use of the headquarters building, the moving pictures of activities there, the new form of the two financial appeals, the monthly appearance of "Unitarian Horizons" — these are some of the ways in which the non-existent department of publicity has tried to function this year.

III. The Christian Register

Throughout the year, the Board of Directors has been deeply concerned to co-operate with the Trustees of *The Christian Register* in working out a plan for the development of our denominational journal into an effective instrument for the upbuilding of our own household of faith and the spreading of that faith throughout the country. At the request of the Trustees, the Board authorized the appointment of a committee, of which Dr. Frederick R. Griffin was chairman, to study the problem and report both to the Board and to the Trustees. The most important recommendation of this committee was the employment of a full-time editor; and the Trustees of the *Register*, with the assurance of backing by the Board of Directors of the Association, have appointed Mr. Llewellyn Jones to that position. The Board has voted a substantial subsidy for the year beginning May 1, as an act of faith, believing in the wisdom of the choice of a permanent editor and

confident that the fellowship will give prompt and enthusiastic support to the new venture. It is of the utmost importance that the members of our churches should realize the necessity for greatly increasing the number of subscribers at the earliest possible moment.

The Board of Directors of the Association would like to place on record its sincere appreciation of the excellent work, under the inevitably sometimes trying circumstances of an interim appointment, of Rev. Payson Miller as acting editor. We believe that the denomination owes to him a lasting debt of gratitude.

At Niagara Falls, the delegates voted their approval of the proposal to double the number of subscribers before the annual meeting. This goal was not reached. Indeed, it was only remotely approached. The chief reason for this is undoubtedly the fact that the new editor was not found and appointed until May 1, instead of January 1 as had been hoped. Nevertheless, this unavoidable delay in securing a permanent full-time editor cannot account for the entire amount of the discrepancy between the goal set with such enthusiasm at Niagara Falls in October and the results actually achieved before the opening of Anniversary Week. Somehow we have failed to carry conviction in our repeated assertion that the circulation of *The Christian Register* throughout our Unitarian constituency is a matter of vital concern. It is devoutly to be hoped that a year from today the report can be of an entirely different character.

The determination to place *The Christian Register* in every Unitarian home is part of a comprehensive plan to awaken a stronger sense of denominational loyalty throughout the fellowship. The action of the Board of Directors in asking that the name "Unitarian" shall appear on the cover of *The Christian Register* is indicative of the purpose

which underlies this plan. We believe that every effort should be made to cultivate a wide-spread consciousness of our denominational unity, and to bring home to all our people the need for much greater interest on the part of all Unitarians in the work of the denominational agencies. To this end, your directors and officers have worked assiduously, and with their best endeavors, throughout the year; but thus far only a beginning has been made.

IV. "Hymns of the Spirit"

At Niagara Falls we approved the effort to sell 20,000 copies of "Hymns of the Spirit" before this annual meeting, and this goal has been triumphantly reached and passed. It is already plain that the wide use of this magnificent example of the hymn-book compiler's art will prove a mighty force to bring our people closer together in the fellowship of a living church. To the members of the Hymn Book Commission, to the staff of the Publications Department, and, in a special degree, to the generous gift of the late Morton D. Hull, of Chicago, which made possible the low price of the book, we are under lasting obligation for what may well be the greatest single achievement of the free churches in this generation.

V. Response to the Appeal

The effort to increase the gifts to the Association from churches and individuals has revealed, in unmistakable fashion, the basic problem now confronting us. The results attained are both gratifying and disappointing, and deserve careful analysis and comment.

We asked for $20,000 more than last year. We actually received an increase of $7,500. We asked for an increase of

approximately 80%. We received an increase of approximately 30%.

The first reaction to this statement of results as compared with hopes is inevitably one of sharp disappointment. Our whole extension campaign for next year was based upon the hope of receiving the full amount of the $20,000 asked for, and that campaign must necessarily be reshaped and seriously curtailed. The radio campaign as first outlined must be completely abandoned. The work in several new fields must be at least postponed. The development of extension work from strategic centers must be reduced at many points. Wherever possible, brains will be substituted for cash, and ingenuity for financial resources, in order that the total impact of our forward movement may be as nearly what we planned as is humanly possible. But the fact remains that we cannot do anything like what we hoped to do. A real campaign of advance must await a more generous measure of financial backing than we have this year received.

Nevertheless, we did receive substantially more than last year, and an analysis of the gifts shows certain very encouraging elements in the situation. Practically all the increase came in gifts from our churches — $30,946.51 as compared with $23,640.16. The number of churches which increased their gifts was 172. The number of churches that increased their gifts by 100% or more was 45. The total number of churches contributing increased from 345 to 367. These are heartening figures. They show that we have succeeded in convincing a considerable number of churches that the work of the Association deserves to be supported. What remains is to do our work so well that we shall carry that same conviction to all the churches.

That duty rests primarily upon your officers and Board of Directors. It is our business to carry the message to the

churches, and we shall address ourselves to that task in the coming year with greater earnestness and, we trust, with greater effectiveness. This year, 289 churches have been visited by at least one officer of the Association, and most of the local, district, and regional Conferences have been attended by one or more official representatives. We propose to continue this policy of keeping the churches in touch with the work of the Association by personal visitations, and we shall try to carry it even further.

But there is also a share of the responsibility for this necessary work which rests upon those who come as delegates to our annual and biennial meetings. You who represent the churches from Maine to California may become the most effective of all teachers, to rouse our people to the need for understanding and supporting our common program of extension. If each delegate will go back conscious that he or she is an ambassador from the Unitarian Church as a whole to the Unitarian parish in each community, with the vitally important duty of building up in the parish a new sense of denominational loyalty and unity, the problem will be solved. Ours is a democratic Church, but it can function in a democratic way only if the total constituency is alive to the issues and policies and needs with which your Board of Directors must deal, in your name and by virtue of the authority delegated to them by you.

Respectfully submitted, for the Board of Directors,

FREDERICK MAY ELIOT,
President.

DEPARTMENT OF UNITARIAN EXTENSION AND CHURCH MAINTENANCE

To the President of the American Unitarian Association:

FOR many years this section of the *Annual Report* has appeared under the heading "Department of Church Extension and Maintenance." This year the name has been changed to "Department of Unitarian Extension and Church Maintenance," and the change which has taken place is more than one in name only. Under the re-organization of the Association the business of Extension and Maintenance was all allocated to this Department, whereas in the past several officers of the Association were charged with this responsibility. Furthermore, this change from "Church Extension" to "Unitarian Extension" is based on the belief of the Director and the Committee that their task is more than the mere building of new churches, important as that is. It should be the extension of Unitarianism, not only by establishing new fixed points from which a settled minister would preach, but in other ways, including, of course, the most modern means of communication — the radio — and the moving picture.

Plans for the program of this department were formulated at its first meeting in July, 1937, and were announced by President Eliot at the General Conference at Niagara Falls. The importance of this work was emphasized in the strongest possible manner by his appeal for increased generosity on the part of Unitarian churches and individuals to the end that the work of this particular department

might be strengthened. Of the $20,000 of additional contributions asked for, only about one-third was received, so that many of the carefully laid plans of the Department for next year will have to be curtailed or postponed altogether. Much work of an experimental nature has been done, however, and the experience gained leads us to hope and believe that even greater progress will be made in the future.

Regional Organization

The need of developing regional consciousness which must precede the taking over of regional responsibility was clearly stated by the Commission of Appraisal, and is one of the planks in the platform of the present administration. In this field real progress has been made, until at the present time practically all of our churches in this country and Canada have been or are rapidly being formed into regional areas.

In Maine, where the Maine Unitarian Association has for the past three years actually been functioning and assuming regional responsibility, Rev. Randall S. Hilton, of Castine, the Secretary of the Maine Association, was made a Regional Director of the Association and, in effect, an assistant to the Director of this Department.

In New Hampshire, Rev. Irving W. Stultz, of Concord, the Minister-at-large under the Downing Fund, has served as a member of the Department Committee. He has cooperated in every possible way in the whole field of Unitarian extension in that state; and the same is true of the officers of the New Hampshire Association.

In Southern New England, where nearly half of all the Unitarian churches in this country are located, there are nine county and district Conferences. These nine Conferences have organized a Southern New England Council

under the leadership of Rev. William S. Nichols. Miss Florence Baer, the assistant to the Director of this Department, has served as recording secretary of the Council. The Council is composed of one representative from each of the nine Conferences and has met regularly each month from September to June, inclusive. The appointment of a Regional Director is now being considered by the Council.

In the Middle Atlantic States our churches have long been organized into four Conferences, three of which — the Mohawk Valley, the Metropolitan, and the Joseph Priestley Conference — have organized the Middle Atlantic States Council for more effective regional co-operation in their area. The Meadville Conference, which is the fourth Conference of churches located in the Middle Atlantic States, was not included in the new organization because most of the churches were west of the Alleghanies and almost all of them were members of the Western Unitarian Conference. In this connection it is interesting to note that the Joseph Priestley Conference, which includes churches as far south as Baltimore and Washington, invited our Virginia churches to join their Conference. During the past year, Rev. Dale De Witt of Hollis, New York, has given part-time service as the Regional Director for the Metropolitan Conference area, and an office has been reopened in New York City. At the present time Mr. De Witt's territory has been enlarged and he is now serving as the Executive Secretary of the Middle Atlantic States Council and Regional Director of the Association for that entire area.

More than a year ago the Western Unitarian Conference unanimously voted to co-operate in every way with the Association in its attempt to extend and increase the idea of regional support and responsibility. Rev. Lon Ray Call, the full-time secretary of the Western Unitarian Confer-

ence, has this year been named as the Regional Director of the Association for that area.

Last fall Dr. Patterson held one of his regional ministers' meetings at Dallas, Texas. To that meeting were invited — and came — lay representatives as well as the ministers from all of the churches in that area and they organized the Southwestern Conference. This includes the churches in Oklahoma, Texas, Louisiana, and Western Tennessee. Rev. John Clarence Petrie will transfer from Memphis to Houston, Texas, and will serve as the Regional Director for this Southwestern area.

Rev. Ernest Caldecott of Los Angeles, California, has been appointed Regional Director for the Pacific Coast Conference and begins his duties at once. During the past year, Dr. Caldecott, who has been serving as Regional Vice-President representing the Coast, has been extremely helpful in that area and, in addition, the Pacific Coast churches have had visits from Dr. Eliot and Mr. Kuebler.

The United Conference of Icelandic Churches, including approximately twenty societies in the provinces of Winnipeg and Manitoba, have continued to function as a really successful Conference under the leadership of the Secretary, Rev. Rognvaldur Petursson.

As a result of this progress which has been made in regional organization, there are now only a few widely scattered churches that are not included in some regional organization and who will not have during the coming year at least the part-time service of a Regional Director. These churches will continue, for the present, to be served directly from headquarters.

It was, and is, absolutely necessary to perfect this work of regional organization because the Director must have the assistance of Regional Directors if the work of Unitarian extension and church maintenance is to be properly

done. He cannot do alone the work which was formerly done by general officers who are now in charge of other departments of the Association.

New Churches

We are extremely glad to be able to report that during this past year definite results have been obtained in the establishment of new churches. In Dallas, Texas, one of the great metropolitan cities of the Southwest, Unitarianism is again on the map. Regular Sunday services were held under the auspices of this Department, with speakers provided by us from January to the end of May, with an average attendance of approximately 100 people each Sunday morning. Before the end of the church year an organization had been perfected, a budget planned, a real canvass for support undertaken, and a minister actually called. Rev. Kenneth C. Gesner, for the past ten years minister at Waltham, Mass., will take up his duties in Dallas in September. Organization meetings were held early in the spring at Miami, Florida, which resulted in the formation of a society there. Miami will be supplied with speakers during next fall and winter just as Dallas was last year, and it is our hope and expectation that by next January the Miami society will also have a settled minister. A lay group has been organized at Montgomery, Alabama, under the leadership of Mr. Charles W. Alldredge, which met regularly throughout the year and which has been visited by several denominational officers. Preliminary surveys have been made at Fort Wayne, Indiana, and Springfield, Illinois, looking to the possibility of securing sufficient liberal support in those cities to warrant the establishment of Unitarian groups there. The same is true of Mankato, Minnesota, where the work is under the

leadership of Rev. Georg J. M. Walen of Hanska. In Topeka, Kansas, the First Unitarian church united with a large group which had seceded from one of the Protestant churches in that city. The combined groups have taken the name of "The First Community Church of Topeka" under the leadership of Rev. C. G. McCallister, and this new society is larger and stronger, and more influential, than the two separate groups had previously been. The new society is affiliated with the Association.

During the year much constructive work has been done in the work of Unitarian extension in colleges, and in the future this Department will co-operate whole-heartedly with the work of the Unitarian Youth Commission. In the following centers, to name only three, this Department has co-operated with the local church in securing the services of young and enthusiastic ministers who consider that their ministry includes not only the local parish but the larger parish among the students and faculty at the nearby colleges and universities. These include the settlement of Rev. Robert S. Hoagland at Exeter, New Hampshire, who is doing work both at the University of New Hampshire at Durham and at Stoneleigh College at Rye; Rev. Ben F. Kimpel, at Amherst, Massachusetts, where there are two colleges, Amherst and Massachusetts State; Rev. Clyde D. Williams at Lebanon, New Hampshire, working also with the students at Dartmouth College, only a few miles away. In addition to this, ten of the fifty-four churches which received financial aid from the Association are in college centers.

In the field of church maintenance the work of the Director and the Department has been continued and enlarged. This includes much more than the direct financial aid rendered to certain of our churches. It includes personal visits of the Director and Regional Directors for advice

and consultation on all matters affecting the welfare and progress of the local church; assistance in revising and bringing up to date antiquated church Constitutions and By-Laws; assistance in the preparation of budgets, and the conduct of every member canvasses; the management of funds and other property; in fact, all matters affecting the efficient management of the church. In this field it should be noted that during this past year, with the co-operation of the Director, two of our older churches gave up their antiquated and undemocratic system of raising money from pew rentals and changed to the basis of voluntary contributions — in both cases greatly to the financial benefit of the church. For the first time an attempt has been made to collect all printed publicity material issued by all our churches. Advice has been given in this field which has already resulted in the improvement of this local medium of propaganda, and exhibits of examples of good publicity have been frequently displayed at headquarters.

During the past year the Director has visited seventy-two individual churches and sixteen local and regional Conferences, and Miss Florence Baer, his assistant, in addition to serving as secretary of the Southern New England Council, has represented the Department at two District Conferences.

GEORGE G. DAVIS.

DEPARTMENT OF THE MINISTRY

To the President of the American Unitarian Association:

THE past year has been a busy one for the newly organized Department of the Ministry. During the year five meetings of the Committee have been held where problems of ministerial personnel have been carefully considered and the groundwork laid for several projects. At the beginning of the year a careful survey was made of the men out of employment, the men seeking changes, the parishes and men who would probably benefit by changes, and also of the available men. A similar survey was made at the end of the fiscal year, which compared favorably with the earlier study. There is at the moment very little unemployment among the ministers in the Unitarian denomination. We are concerned about the older men in the fellowship who either wish to change pastorates or are at the moment without a settlement and we are urging the churches to consider the man of fifty or over favorably with the young men just out of school or with only a few years' experience. To be sure, there is the enthusiasm of youth but we believe that the many years of experience which these older men have counterbalance this.

During the year the Director of the Department visited fifty parishes, took part in six ordinations and five installations, and attended four ministerial conferences, namely, Atlanta, Georgia, and Dallas, Texas, which the Department organized; Bangor, Maine, which the Maine Unitarian Association managed; and Turkey Run at Marshall, Indiana, which was arranged by the Western Unitarian Conference office in Chicago. He also attended seven Con-

ferences aside from the ministerial conferences already alluded to, and added to this attended thirteen ministers' meetings either as a guest or a member.

Settlements

During the year thirty-seven settlements have been effected, as follows: Amherst, Mass.; Bedford, Mass.; Belfast, Maine; Dorchester, Mass., First Parish; Clinton, Mass.; Danvers, Mass.; Dighton, Mass.; Dunkirk, N. Y.; Exeter, N. H.; Gardner, Mass.; Hingham, Mass., Third Church; Hudson, Mass.; Indianapolis, Indiana; Jamestown, N. Y.; Lancaster, Pa.; Lebanon, N. H.; East Lexington, Mass.; Louisville, Ky., First Church; Manchester, N. H.; New Bedford, Mass.; Northboro, Mass.; Pasadena, Calif., Assistant Minister; Pittsburgh, Pa., Northside Church; Pittsfield, Mass.; Pomona, Calif.; Providence, R. I., Westminster Church; Providence, R. I., Bell Street Chapel; Quincy, Ill.; St. Paul, Minn.; Salina, Kans.; Santa Monica, Calif.; Scituate, Mass.; Sterling, Mass.; Topeka, Kansas; Vancouver, B. C.; Ware, Mass.; Wichita, Kansas. Not all of them have been made through the Department but most of them had the assistance of the office in varying degree.

Ministers' Institute

The Department has co-operated very closely with the Ministerial Union in its plans for the Minister's Institute to be held in the fall, the Chairman of the Department serving as Chairman of the Institute Committee. It is believed that the results of the various studies which are being made and which will be discussed at this Institute will be invaluable to the Department.

Theological Schools

During the year the divinity schools have maintained an increasingly co-operative spirit with the Department and there is developing a policy whereby men desiring to study for the Unitarian ministry will be interviewed by a representative of the Department before being accepted by the Schools. More than this, a careful check will be kept on students for the purpose of encouraging those whose character, personalities, and work especially qualify them for the Unitarian ministry, and urging those whose qualities indicate greater aptitudes in other fields to make the change without delay.

The Department has watched carefully the men studying for our ministry in the divinity schools and we believe that the calibre of these men is of a very high standard. A seminar is being planned in the early summer to be held at the Whitney Homestead, to which the Middlers and Seniors who are studying for the Unitarian ministry will be invited. The object of this group of meetings is to better acquaint these men, who will soon become leaders in our churches, with the work of the various departments of the Association.

Apprenticeships

At the February meeting of the Board of Directors the Department was instructed to study the possibility of apprenticeships for divinity school graduates. The Department gave its attention to the matter and will submit to the Annual Meeting a resolution urging our people and churches to provide funds for the establishment of two fellowships of $1200 each for this purpose.

Committee on Pensions

Pursuant to a resolution submitted by Dr. Augustus P. Reccord of Detroit and adopted by the General Conference meeting in Niagara Falls, the following committee was appointed to co-operate with the Pension Society in the campaign to increase the interest of our churches in the contributory pension plan and to raise funds for both contributory and service pension funds: Leslie T. Pennington, Arthur W. Olsen, Roy Campbell, Robert B. Stone, Du Bois Le Fevre, and Percy W. Gardner.

Required Reading

A sub-committee has been appointed to revise the required list of reading for ministers entering the fellowship and a part of the reports are already in.

Scholarships

The Department administers the following scholarships: Perkins, Bullard, Smith, a special education fund set up by the Sustentation Committee, and an appeal which is made by the General Alliance to assist men studying for the Unitarian ministry. During the year nineteen have received assistance, amounting to $2440, from these scholarship funds.

Exchange Ministers

A committee, consisting of J. Harry Hooper, Chairman, Owen Whitman Eames and Dr. Abbot Peterson, was appointed to consider the matter of ministerial exchange with our churches in England. This is going forward satisfactorily and a minister will soon be appointed from America to exchange with one of the English ministers over a three months' period.

Ministerial Aid

The principal of the Ministerial Aid Fund is $162,405.34. In addition to this fund the Association holds six other funds aggregating $29,420.00; the income of which is available for purposes of ministerial aid. During the year eighty-seven ministers who faced serious emergencies were aided from the income of this fund. A total of $9,036.88 was distributed, rendering incalculable aid and comfort to the participants.

Sustentation Fund

The Association received this Fund from the Unitarian Campaign. Under the conditions of the trust the income is applied to supplement the inadequate salaries of ministers of deserving churches. The Sustentation Committee takes care that every effort is made to stimulate the sense of responsibility of the participating parishes to the end that a higher and more adequate salary level may be maintained.

The present endowment of the Sustentation Fund amounts to $256,399.04. From its income during the fiscal year ending April 30, 1938, $10,273.32 was paid to forty-five ministers.

This year grants made by the Committee have varied in amount from $50 to $450.00. In every case the ministers who have received this financial aid have been receiving salaries wholly inadequate.

In four new cases this year the Committee has arranged with churches for increases in ministers' salaries ranging from $250.00 to $600.00, one-half of each increase being paid from the income of the Sustentation Fund.

The Committee has this year appropriated a portion of

the income from this Fund to be used for the education of ministers' children. Eight grants have been made from this appropriation.

Fellowship Committee

During the year four meetings of the Fellowship Committee have been held and three mail ballots have been submitted. Thirty-one preliminary certificates, four of which were affiliates, have been granted. Twenty-six men have received their final certificates, four of whom are affiliates. There has been one reinstatement.

The sources from which we have drawn our men are as follows: Affiliates — two from the Congregationalists, two from the Universalists; Regular — three Congregationalists, one Congregationalist Christian, two Baptists, one Roman Catholic, one Disciple of Christ, one Presbyterian, one Methodist, two Universalists, and fifteen Unitarians.

Of the men who have come to us, Meadville has furnished nine, Oberlin one, Pacific Unitarian School for the Ministry one, Harvard five, St. Patrick's one, Andover-Newton, two, Tufts four, Yale three.

Applications continue to come from men in other denominations, very few of which your committee has felt justified in acting favorably upon. This is no reflection upon the men but is an indication, first, of a general tightening in the requirements for entrance into the Unitarian ministry, which is a part of an effort to raise our standards. This does not mean merely academic standards. The matter of personality and general fitness for our particular kind of work is entering more and more into the selection of the men. In the second place, it means that we desperately need more churches.

George F. Patterson.

DEPARTMENT OF PUBLICATIONS

To the President of the American Unitarian Association:

THE year just closed has been the most successful for this department for over a decade. The value of our sales increased 110%; the number of sales, 24%; and the number of shipments, 15% over last year.

The outstanding event was the publication of the new hymnbook for the churches, *Hymns of the Spirit*, of which 20,735 copies were sold within seven months of publication, or almost as many as were sold of its predecessor, *The Hymn and Tune Book*, in the first three years. Through the generosity of the late Morton D. Hull of Chicago, who gave $5,000, and the Hymn Society which gave $600, we were able to offer this book to our churches at less than manufacturing cost. It has already proved a source of inspiration to the 131 Unitarian churches which have adopted it.

The Council of North American Student Christian Movement of the Y. W. C. A., which is preparing a new hymn and service book for use in the religious services in the colleges, has received our permission to use 150 hymns from *Hymns of the Spirit* out of the total of 250 which they will have in their book.

Publications Department

During the past year we have printed 186,500 free pamphlets in the several series. The new pamphlets published during the year were as follows:

Fidelity to the Pilgrims' Spirit, by Leslie T. Pennington
The Religion of the Open Road, by Maxwell Savage
A Layman's Religion, by Leroy E. Snyder
Liberalism and the World Today, by George F. Patterson

and the Religious Education pamphlets:

Sharing Books in the Home, by Marie Cole Powell
Religious Education at the Crossroads, by George A. Coe

Considerable time and thought is put into the planning of these pamphlets to have them attractive and yet not prohibitive in cost to the Association.

Eighty-six manuscripts have been submitted to the department for possible publication as books or tracts.

High commendation continues to come in about our free literature. For instance, a professor in an orthodox college writes:

"... This division of the Association is certainly a magnificent part of its work and merits the most cordial commendation of anyone interested in the encouragement of liberal religious thinking."

The exhibitions of our publications at the Isles of Shoals, the General Conference, Progressive Education Association, American Library Association, the International Council of Religious Education, the Eastern States Exposition at Springfield, Mass., and the New York League of Unitarian Women were conducted with marked success.

The Young Men's Christian Association has continued to display our free literature and there has been a distinct interest manifested in it by the members. We expect that gradually we shall be able to include other branches as distribution centers of these pamphlets.

Subscriptions to *The Christian Register* have been sup-

plied, as in previous years, to reading rooms in all parts of the country.

The cost of printing 2,100 copies of the Year Book was $836.38, and the cost of printing 2,750 copies of the Annual Report was $710.92.

The Beacon Press

The Press, under the direction of the Treasurer, who is also the Publications Director of the Association, publishes and sells about 350 book titles, including the church hymnbooks, the church school hymnbooks, the church school texts, materials, teacher's manuals, special books and pamphlets for use in the church school and the home, a general list on religious, ethical, and educational subjects, and The Wayside Pulpit. Our books and materials are essential to the cause of liberal religion, and are issued for use in the church, church school, and the home. Because of their limited sales possibilities, they would not be considered by secular publishing houses. Our potential market is small and widely scattered, and our constituency is decidedly individualistic. Almost without exception, ours are "first books" by authors which are the most difficult and expensive to launch. Despite this fact, over the period of the last ten years, the Press has been able to do better than break even financially. In these days of regimentation, we feel that it is essential that there be a Liberal Press in this country to combat the forces which would destroy freedom of thought.

The Press occupies a position which is more nearly analagous to the university presses than to any secular press, except that the university presses have either a foundation, substantial subsidies from the colleges, or the opportunity to do a large amount of printing and pub-

lishing for the colleges at a profit or in some cases, all three. The university presses for various reasons—religious, political, and economic—are not interested in the publication of liberal religious books.

The future of our book publishing department looks decidedly encouraging, but we need more interest on the part of our constituents in the form of more purchases, and assistance from our ministers, particularly, in putting us in touch with capable writers.

The new books published this past year were as follows:

Work and Dreams and the Wide Horizon, by Louis C. Cornish
Hymns of the Spirit
Kings, Donkeys, and Dreams, by V. T. Pomeroy
This Do and Live, by Horace Westwood
Services of Religion for Special Occasions

In co-operation with the Department of Religious Education, we have also published the following six books:

Primitive Faiths, Pupil's Workbook, by Elizabeth S. Macdonald
Primitive Faiths, Leader's Manual, by Elizabeth S. Macdonald
Beginnings of Earth and Sky, Pupil's Book, by Sophia L. Fahs
Beginnings of Earth and Sky, Leader's Manual, by Sophia L. Fahs and Mildred T. Tenny.
Hinduism, Pupil's Workbook, by Elizabeth S. Macdonald
Hinduism, Leader's Manual, by Elizabeth S. Macdonald
Beginnings of Life and Death, by Sophia L. Fahs and Dorothy T. Spoerl

The Commission of Appraisal heartily approved the work of the Publications Department and The Beacon Press and said, in part: "(1) The publications of the Press have an excellent reputation . . . (2) the list is well balanced and its book publishing program deserves and

requires better support . . . (3) That it should continue to look forward and experiment . . . (4) That so far as possible it should undertake a more extensive promotion of its books . . . (5) That more new books should be issued."

The Press also plans, prints, and distributes about 300,000 miscellaneous catalogues, circulars, folders, and booklets annually, including those for the Association and its several departments, in more attractive format and at lower cost than would be possible by commercial printers, and saves the Association a large sum each year by this service. We believe that our publications have a balance, harmony, and dignity which inspire confidence in our ideals and purposes.

This year we have printed 426,100 miscellaneous sheets, 50,250 sheets of books and charge materials, a total of 476,350 sheets, practically all of which have been distributed. This is an increase of 44% over 1936–1937. With the 186,500 free pamphlets and 18,200 Wayside Pulpit sheets, this makes a total of almost 700,000 Unitarian pieces of literature printed and distributed by the Publications Department and The Beacon Press during the past year.

We have continued our depository at the Meadville Theological School in Chicago, with Mr. Arnold Crompton in charge, together with our Chicago, Illinois and Berkeley, California branches. Through an arrangement with the United Publishers Association, we have several salesmen covering the East, the South, and the mid-West. Mr. Sumner Britton represents us in the Rocky Mountain and Pacific States. These men, except the Treasurer, work on a commission basis.

We were represented in the *New York Times Book Fair* last November, and also in the *Boston Herald Book Fair*

last October. The Beacon Book Nook of the Isles of Shoals was conducted again last summer with Alfred N. Devine in charge.

We have had several hymns included in broadcasts with nation-wide hook-ups, including the "Ford Sunday Evening Hour" and "Hymns of all Churches."

The total number of volumes sold during the past year, including *Hymns of the Spirit*, *The Beacon Song and Service Book*, and the books in *The Beacon Course* has been 46,838, an increase of over 91% over last year. The value of sales from books and merchandise has been $51,606.53, an increase of 110%. The number of individual sales was 7,462, a gain of 24%. For a detailed statement of receipts and expenditures, see Table U on page 170.

The total number of individual outgoing shipments made through the Shipping Room, including the free and charge material, was 8,683, an increase of 15% over last year.

Rev. Charles R. Joy and Rev. Charles H. Pennoyer have continued to serve as co-editors of *The Wayside Community Pulpit*, which is supplied to Universalist and Unitarian churches at the nominal cost of $5.00 per year. This special price to Unitarian and Universalist churches, which includes the mailing and postage, barely covers the cost of manufacturing, yet only 179 of our 438 churches subscribe for it.

The welfare of our churches and this department are closely bound together. As we are able to supply them in larger quantities with the materials they need, we can issue more publications for their use, for we are dependent upon the purchases by our churches and church schools for the wider distribution of our books and materials.

W. Forbes Robertson.

DEPARTMENT OF RELIGIOUS EDUCATION

To the President of the American Unitarian Association:

IT is a pleasure to bring my third annual report to the American Unitarian Association.

The increasing emphasis in these times on secularism in education places upon the church a great responsibility to make plain its purpose for the individual and society. All the religious forces and agencies in our fellowship are driven to find a deeper spiritual rootage and a more effective existence. This Department has tried not to become academic or give major consideration to differences of educational philosophy or technique: rather we have endeavored to lead the way to a greater awareness of human needs, to a new sensitivity of spiritual values and power and a greater reliance upon effective religious education.

The religious education movement in our fellowship seems to have rediscovered its source of power, is taking on new zeal and manifesting in many ways a renewed vitality. In increasing numbers our churches are realizing that their teaching work is a major function. It may be said that in education the church possesses the one instrument by means of which alone it can forward successfully the objectives of its great cause. The building of a brotherhood of man, motivated by spiritual values, will never progress satisfactorily until the church recognizes an adequate education, on all age levels, as something more than a mere appendage to its work. Churches can become schools in religious living.

Leadership Training and Supervision

The local leaders and teachers of the Unitarian religious education program in the main part are volunteer and pro-

fessionally untrained educators. The needs of these 2300 loyal and faithful men and women are the primary concern of this Department, and throughout the year your director and secretaries have aimed to provide them assistance in organization, methodology in creative learning, constructive program building, and inspiration and worship materials.

The Leadership Training Committee this year has developed the resources in materials and the Institutes necessary to a minimum training program for each church in the fellowship.

(1) In R. E. Bulletin No. 32, "The Religious Education Committee in the Local Church," are suggested the means whereby the minister and his people together develop an educational plan of a directed creative church. For the regular monthly workers' conference there are now available the second series of plans and helps, making a total of twelve outlines to assist the church in teaching efficiency.

(2) It has been a source of great satisfaction to see how regional responsibility for religious education has developed a more realistic approach to the educational opportunities of the church. With very few exceptions each state and regional conference meeting has considered some phase of religious education through a principal address or a series of departmental conferences. The plan of an employed field supervisor under the direction of the regional committee, which is now in its second year in the Maine Conference under the able leadership of Mrs. Grace E. Mayer-Oakes, has been adopted by the New Hampshire Association and the Worcester Conference. In the Western Conference, California Conference, and in the Vermont Conference, volunteers and special committees are working to the same good end. The significant advance and high quality of the work resulting from such counselling and

supervision has caused other regional groups to contemplate religious education supervisors this coming year. District training schools and week-end conferences of from two to five sessions have been held in the States of Maine, New Hampshire, New York, Illinois, California, Massachusetts, and the District of Columbia.

(3) Summer training institutes in religious education under the direct supervision of the Department—where instructors, classes, programs, and the number of sessions meet a required standard—have been held in some of the strategic areas of our fellowship. At the Star Island Institute July 10–17, 1937, under the leadership of Rev. Paul Harmon Chapman as Dean, 252 individuals registered and 93 were granted 167 course credits. The demonstration class of 12 primary children was not only an innovation for Shoalers but proved its worth as an educational instrument. The co-operative Mid-West Institute of the Unitarians and Universalists held July 11–18 and July 18–25, 1937, at Turkey Run, Indiana, brought together a Youth and Adult group of 212. At the second week, with Rev. Ernest W. Kuebler acting as Dean, 21 individuals were granted 48 Unitarian course credits. Definite plans have been made to hold institutes at Rowe Camp, Rowe, Massachusetts, June 25 to July 2, 1938, at Asilomar, California, June 19 to June 24, 1938, and at Topanga Canyon, California, June 26 to July 1, 1938. Institutes will soon be organized in the Southern and Northwestern parts of the United States.

(4) The reorganization of the Department staff this year brings to the national headquarters Miss Frances W. Wood of Detroit, Michigan, as the Secretary of Leadership Training and Field Work. Since March 1 she has spent the major portion of her time visiting local churches. The new field supervisor is available to churches of our fellowship

willing to arrange for a period of not less than one week, when the entire parish concentrates its activity and study upon the educational work of the church. Miss Wood's wide experience in religious education and special qualifications in group leadership are already proving the worth of this kind of assistance to our churches in their educational program.

Curriculum Development

To provide new pupils' materials and teachers' helps the Department, under the Curriculum Committee, Rev. Julius F. Krolfifer, Chairman, last year began a long-term program of producing materials adequate for use in liberal schools. The director of the Department serves as the general editor and Mrs. Sophia L. Fahs, New York City, as editor of children's publications. The educational philosophy of our forthcoming materials as well as suggested courses and series of books is set forth in a recent statement. The following volumes have appeared during the year:

For Junior Age

Beginnings of Earth and Sky, by Sophia L. Fahs—Pupil's Volume
Beginnings of Earth and Sky, by Sophia L. Fahs and Mildred T. Tenny—Leader's Manual
Beginnings of Life and Death, by Sophia L. Fahs and Dorothy T. Spoerl—Pupil's Volume

For High School Age

Primitive Faiths, by Elizabeth Stone Macdonald—Pupil's Volume
Primitive Faiths, by Elizabeth Stone Macdonald—Leader's Manual
Hinduism, by Elizabeth Stone Macdonald—Pupil's Volume

These new books are printed in the most attractive modern form. A generous use of drawings and illustrations makes a real appeal to the pupil, and the teacher's manuals give specific teaching helps without stressing the commonplace. These materials are not age-graded with the exactness of the usual religious education text—but are so developed that they can be used with groups which include an age spread of several years. Some of the books are to be organized in series, while others will be used as a unit in and of themselves. Plans are well enough under way to assure at least six additional volumes in the coming year, which is about the rate at which this development should progress.

Adult Education

The Adult Education Committee has been made a standing committee of the American Unitarian Association Board of Directors, yet is still representative of the major denominational groups. Under this committee's supervision and through the directors of the Departments of Social Relations and Religious Education, a new consciousness of the need for adult study programs in churches has been fostered. The fine study and action programs in a fair number of our groups have caused the committee to feel that here is where the emphasis should be placed this coming year. We propose to train adult discussion leaders at the religious education institutes and prepare materials for the local group in at least four major fields of interest. Significant experiments in adult education of varying sorts have been encouraged and the results made available to our fellowship. The General Alliance Religious Education Committee in co-operation with the Department of Religious Education is making "Religious Education and Family Life" its major objective this coming year.

Staff Organization and Headquarters Work

In order to strengthen the field work with our churches a new arrangement of assignments to staff members of the Department was made. In October the first step in the reorganization of the staff was accomplished, and further reorganization is contemplated next year.

Miss Frances W. Wood was appointed field worker in charge of Leadership Training. Miss Gertrude H. Taft was appointed executive secretary in charge of office administration. The field work of the Department has been extensive in scope and intensive in approach following the plan wherever possible of spending several days with each group visited. Every major section of the United States with the exception of the South and Eastern seacoast has had a visit from a staff member. The West Coast from Vancouver, B. C., to San Diego, California, received the major attention of the Department this year. During the year 155 visits and addresses to churches, conferences, Alliance groups, Y. P. R. U. and college groups, and Laymen's Leagues, have been made: Mr. Kuebler making 103, Miss Taft 41, and Miss Wood 11. The staff in its field work feels that much more has been accomplished because of the emphasis placed upon the entire educational work of the church rather than exclusively church-school activity.

One of the most important services rendered the fellowship by the staff is the personal interview and counselling on all matters pertaining to the educational work of the church. More than 600 persons have come to the Department rooms because of a specific problem or need. The increasing use of the loan library, the slides, costumes, displays and exhibit materials has reassured us of the usefulness of this part of our Department service.

The junior choir movement, now in its sixth year, is reaching more than 100 churches. The district festivals have served as good training units for the annual festival held in Boston in which 33 churches were represented by 394 children. To assist these choirs in the selection of appropriate music the Department in co-operation with the Religious Arts Guild produced "A List of Anthems for Junior Choirs," compiled by Rev. Frank O. Holmes.

Each month the ministers and superintendents receive from headquarters information and material dealing with the local church religious education work. As well as those mentioned elsewhere in the report, the Department publications sent out this year are:

R. E. Bulletin No. 30—"Religious Education at the Crossroads"
R. E. Bulletin No. 31—"Keeping Religious Education on a Religious Level"
Revised R. E. Bulletin No. 27—"Sharing Books in the Home"
Recommended Curriculum List
Christmas Bulletin and a pageant
Easter Bulletin and a pageant
"Religious Education in Action"
"Children Around the World"
"War Relief in Spain" (in co-operation with the Department of Social Relations)

The large and representative nature of the Annual Religious Education Day meeting during Anniversary Week shows a steady increase in local church interest in the work of the Department. The Unitarian Sunday School Society appointed a committee which was commissioned to devise ways and means of bringing about a legal merger with the American Unitarian Association. The functional co-operation between these organizations has been so close and fruitful that this step seems logical and desirable.

The closer co-operation established this year with the Young People's Religious Union, the General Alliance, and the Unitarian Student Commission, has made for a co-ordination of the approach to the educational work of the church. Continued Department co-operation with secular and religious agencies having liberal religious outlook has opened new avenues of material and support to many in the fellowship.

ERNEST W. KUEBLER.

DEPARTMENT OF SOCIAL RELATIONS

To the President of the American Unitarian Association:

THE most important work which any organization or any individual does is frequently neglected in reports because it is neither spectacular nor new. In a church, a philanthropic organization or a university the most significant contribution made is that which is in the day by day routine. The work of the Department of Social Relations is no exception to this rule. The Department has been long enough established by now to have developed a routine and it is this routine that I wish to emphasize in this report.

The most valuable service of the Department is educational. It attempts to keep our ministry and our churches informed of the developments in the social and international field, whether they be secular or ecclesiastical. This is done in several ways. One of the most successful and useful is the issuing of a monthly circular letter during the church year which goes to all of our ministers, members of our committee, and a selected group of church leaders. The responses to this service, which has been established now for three years, are most gratifying. To test out its value we asked those on our mailing list in a recent letter to reply as to whether or not they read the material and whether or not it was of any value to them. Out of approximately 335 cards sent out, we have received 203 replies and all but 11 indicated that they read the material and found it of value.

Another routine service which we have rendered from the very beginning is through the field visits of the Director, supplemented from time to time by other members of

the staff of the Association and members of the Committee. The demand for such visits and addresses both in churches and outside of them is constant. During the church year just closing the Director has made 133 addresses in parts of this country ranging from Texas to Maine and including one address at Oxford and six in Czechoslovakia. It is very difficult to estimate the value either of the addresses or of the contacts that they develop, but the fact that the demand continues to increase is an indication that the ministers and churches think they are of some use to them. Most important of all of the "routine" activities, however, is the constant stream of letters asking for advice and information that comes over the desk from day to day and the personal interviews along the same lines with ministers and interested laymen.

Special Activities

In last year's report I mentioned the fact that I had been asked to visit Czechoslovakia by the Czech Church authorities. I spent three weeks in that country and, on my return, at the request of the Patriarch, made an exhaustive report with suggestions for development of social interests in the Czech Church.

During the summer I also led a round table on democracy and free religion at the conference of the International Association for Liberal Christianity and Religious Freedom at Oxford. This was the best attended round table of the three held. Dr. Lathrop of the Department Committee and I were delegate and associate delegate respectively at the Universal Christian Council of Life and Work at Oxford and we have both been called upon to discuss the implications of that conference in our churches. I also attended the mid-winter conference of these delegates at Washington.

We have been attempting to obtain statistics regarding the interest of our Unitarian lay people in the social activities of their own communities and hope during the next year to publish the results of our findings, provided we get an adequate sampling of our churches. Responses that have come have shown an amazing amount of activities.

For some time past the Association, through the Frothingham Fund, has been aiding a number of Negro schools in the South. This year the Department made a study of those schools and as a result of that study certain changes were made in the schools aided and certain suggestions made to the schools themselves. We have become convinced that there is need for a renewed interest in work for Negroes on the part of our people.

At the time of writing this report last year the Department was engaged in raising the sum of $1500 to provide a physician for the Delta Co-operative Farm. That amount was secured in June and has been sufficient to provide a physician for fifteen months. We are now engaged in raising a similar amount for the coming year.

A much closer co-operation has been established this year between the Department and the work in colleges. Of the 133 addresses listed above, 35 were at colleges or universities and during late spring, at the request of the Unitarian Youth Commission the Director made a special trip on the Billings Fund and spoke at fourteen universities and colleges in the Middlewest. Nothing which the Department does is more valuable than this.

During the year we have worked very closely with the American Friends Service Committee and other groups who are interested in the relief problem in Spain. Almost $1000 has been raised for the work of the Friends but more important still is the educational work which has been

carried on by us jointly. Mr. and Mrs. Alfred W. Jones, who went as our representatives to Spain last summer, are now in this country and have made a number of addresses before Unitarian groups. This contact with the Friends is of importance not only directly but also indirectly. During the coming year plans are already under way to work with them not only in Spain but particularly in connection with Austrian refugees and the Director is planning to visit Vienna during the coming summer.

The Director has continued to serve as a member of the Executive Committee of the American branch of the World Alliance for International Friendship through the Churches (the only ecumenical body to which the Unitarians are admitted fully and freely), and also as a member of their International Management Committee. He met with this Committee in England last summer and is meeting with that Committee and also the Committee on Minorities in Norway this year. Dr. John H. Lathrop has been elected chairman of the American Committee on Minorities.

The Department, through its Director, has been active in promoting the work of the Adult Education Committee of the Association. A detailed statement of the work of that Committee will be found in the report of the Religious Education Department.

The Director wishes to acknowledge his appreciation and that of the Department Committee for the splendid co-operation which we have received during the year that has just passed from *The Christian Register*. The Register has provided us with a vehicle through which education along the lines of the social implication of liberal religion is widely distributed among our fellowship and we look forward with the keenest interest to the development of this co-operation.

In closing this report the Director wishes particularly to express his appreciation of the services of the retiring chairman of the Department, Mr. Roy M. Cushman, who for many years has given guidance and stability to whatever has been done.

DEPARTMENT OF FOREIGN RELATIONS

To the President of the American Unitarian Association:

THE Department of Foreign Relations has necessarily had to undergo a process of reorganization during the last year. Owing to the resignation of Dr. Cornish, Dr. Eliot took over the Directorship of the Department temporarily during four months but demands on his time made continuance of this duty impossible. At the December meeting of the Department I was asked to take over the directorship since much of the work in the foreign field was already familiar to me and related to my other duties.

The Oxford Conference of the International Association for Liberal Christianity and Religious Freedom was well attended by both American and European delegates. The program was of a high order and the organization of the conference excellently done by the Secretariat.

During the fall of 1937 we were fortunate in having the presence here in America of Dr. H. Faber, one of our Secretaries. He visited our churches as far West as Nebraska and was present at the General Conference at Niagara Falls. His presence here has stimulated a great deal of interest in the international work, particularly that of the International Association. We are very happy to report that he is coming again next autumn, this time under the auspices of the World Alliance, and that he will visit the Pacific Coast.

One of the problems facing this Department was the relationship to the Commission on Transylvania. This has finally been solved and the Commission is now in the

process of winding up its work, which the Department will take over. Dr. Snow, the Chairman of the Department, has recently visited Hungary and Transylvania. Both he and Dr. Lathrop have been honored in the year that has just passed by receiving the degree of Doctor of Political Science from the University of Szeged. My visit to Czechoslovakia brought me in close touch with the Czech Church and of course also with our Unitarian Mission in Praha. The financial stituation of that Mission is much better than it was a year ago and we are hoping that its other problems are in the process of being solved.

The Hungarian churches show vigorous growth in interest and in numbers and if it were not for the political situation in Central Europe, we should be even more hopeful than we are.

We have had the pleasure of a visit for some months from one of the younger ministers of our Transylvanian churches who has stimulated much interest among our people in this group. We are hoping to publish during the coming year a booklet dealing with the present situation of our churches in Transylvania, with new plans for assistance and co-operation. A recent development which owes its beginning to Dr. Faber's visit is the interest of the General Conference of Friends (Hicksites) in the International Association for Liberal Christianity and Religious Freedom. They are considering the matter of joining the Association at a meeting to be held within a short time.

We have co-operated in the plans for the summer theological school conducted by the International Association at Bentveld, Holland. Three American representatives are on the program and eight or ten ministers and ministerial students plan to be present.

For the first time in years, regular meetings of the Department have been held and reports made to the Board of

Directors of the Association. The Committee has been strengthened and we are looking forward to much more aggressive work in this field than has been possible hitherto. It is the conviction of the Department and the Director that there is a necessity of a continuous and active campaign of education among our churches in this field as well as a strengthening and broadening of our co-operative activities with our brethren in other lands.

THE REFERENCE LIBRARY

To the President of the American Unitarian Association:

THE work of the Historical Library of the Association has continued to function throughout the year on the part-time schedule of a day and a half a week. In spite of this limitation nearly three hundred patrons have visited the library, and many letters involving research have been answered. Students from the Meadville Theological School, Chicago University, and Harvard University have used the library in the preparation of their theses for graduation. From the first of December to the present time the reference work has been unusually heavy, and there has been little or no time to carry forward projects of filing and classifying of permanent value to the library, to say nothing of the cataloguing of books.

Questions of research have ranged over a great variety of subjects—among them, the location of a tombstone desired in a genealogical research; the identity of a general of the Civil War who carried a wounded youth from a battlefield in Virginia, the youth now being an octogenarian and retired Unitarian minister; biographical and historical material concerning our churches and ministers; and data relating to eminent Unitarian laymen. The present year marks the one hundredth anniversary of Emerson's Divinity School Address and the librarian has had many requests for information concerning this important document and the flood of controversial material which was

the outgrowth of that thought-provoking and challenging, though quiet and dignified discourse.

Although the year has been far too busy to allow projects of a permanent nature to be carried forward, almost every question of research makes possible the addition of cross reference cards to our files. It has been possible through the able assistance of Miss Marie Johnson and Mrs. Hope Sturtevant Tillman to rearrange and label in orderly fashion for quick and easy reference the folders in the set of vertical files which were added to the library equipment a year or more ago. Miss Dorothy Routledge continues her invaluable contribution to our files through daily clippings from newspapers and periodicals.

The gifts of the year include approximately three hundred volumes and many pamphlets and pictures. The list of donors includes the Lend A Hand Society, Dr. Franklin C. Southworth, Dr. Samuel A. Eliot, Miss Trowbridge, and Mrs. Langdon Frothingham. Of unusual interest is a gift from Miss Edith Copeland of Bridgewater, Massachusetts, consisting of a file of old sermons of the Rev. John Albert Wilson of Bridgewater in manuscript form, arranged with the dates and places of delivery, two volumes of his verse, and a volume of his printed sermons. Mr. Wilson was a Unitarian minister of much promise who died at the early age of thirty-six. Through the permanent preservation of this gift in the files of our Historial Library, his memory is preserved, and the writers of future histories of the churches he served will find these treasures in our archives.

Much valuable information has been collected for the Library through the study made for the exhibit of Ameri-

can Unitarian Hymnbooks sponsored by the Unitarian Historical Society for Anniversary Week. Dr. Henry Wilder Foote has since enlarged and amplified his catalogue of American Unitarian hymnbooks compiled for the exhibit. This catalogue, believed to be the first of its kind, will eventually be put in printed form and made available as reference material.

FUNDS FOR SPECIAL AID

To the President of the American Unitarian Association:

I AM pleased to submit to you the following report on the funds for special aid of which the Association acts as trustee:

1. Funds the income of which is used for pensions to Unitarian ministers:

   The Unitarian Service Pension Society Permanent Fund was increased $11,100.59 during the year by the following gifts and bequests: Mrs. Lydia F. Chandler of Worcester, Mass., $3,340.77; Miss Anna H. Howell of Philadelphia, Pa., $5,000; Miss Mary Alice Lane of Houlton, Me., additional, $145.82; Mrs. Mary A. Nazro of Cambridge, Mass., additional, $14; Rev. Mary A. Safford of Orlando, Fla., additional, $100; Mrs. Helen O. Sprague of Wellesley, Mass., $500; Mrs. Adelaide D. Child of Helena, Mont., $500; Gift of First Unitarian Society of Revere, Mass., $1,500. The principal of this Fund now is $600,701.62.

The income of the Permanent Fund, together with the incomes of the Aaron Bancroft, the Mary A. Butler, the Louis B. Carr, the David Reed, the Caroline Southwell Root, the Clara M. Rotch, the Emily E. Shepard, the Esther M. Whitney, the Lucy B. Willson, and the Joshua Young, D.D., funds, with an aggregate principal of $42,233.50, was expended for pensions. Also the income of the Henry A. Root Fund, with a principal of $5000 held by the Permanent Charity Fund, is available due to the closing of the First Unitarian Church of Winthrop, Mass.

Unitarian ministers who are sixty-five years of age or over, and who have an honorable record of at least twenty

years' active professional service in the Unitarian ministry are eligible for these pensions.

During the year the Association, as agent for the transmission of the contributions made to the Society, distributed under instructions from the officers of the Society, $38,710.73 to the qualified beneficiaries. This is an increase of $3,209.56 over the amount distributed the previous fiscal year.

2. Ministerial Aid Funds.
See report of Department of the Ministry (Page 36).

3. Sustentation Fund.
See report of Department of the Ministry (Page 36).

4. Cruft Memorial Fund.
During the year the Association has distributed $6,071.00 from the income of this Fund to forty-five beneficiaries. It will be remembered that this Fund was established under the will of Miss Harriet Otis Cruft and, in accordance with her wishes, the income is distributed to women of American birth and Protestant religion of good character over sixty years of age who from illness or misfortune are in great need.

5. Chandler Robbins Fund.
The income of this Fund, amounting last year to $561.48, has been a help to three persons who were eligible under the terms of the trust.

6. Althea Grace Sargent Fund.
This Fund was established in 1934 by a bequest of $9,729.60 under the will of Clarence L. Sargent, the income of which is distributed toward the care and support of children who are without financial means, themselves, and have no parents or relatives who are

bound by law to support them, and are unable to provide for their own support and maintenance by reason of permanent bodily incapacity. During the past year grants amounting to $400 were distributed to four beneficiaries.

PARKER E. MAREAN.

BUILDING LOAN FUND

To the President of the American Unitarian Association:

CHURCHES and societies planning to erect new buildings, to enlarge or improve their present facilities turn to this Fund. On approval of applications by the proper committees, loans are made without interest on security satisfactory to the Committee and repaid in annual installments.

The principal of this Fund at the present time amounts to $373,495.17, having been increased during the year by $401.34.

Previous to the recent financial depression the entire principal of this Fund was always outstanding in the form of loans to churches without interest or promised on applications which had been approved by the necessary committees. For the past several years the Association has not received as many applications, so at the present time about $48,000.00 is available for loans to churches.

During the year eleven loans have been repaid in full and eight new loans totaling $9,558.73 have been made as follows: Eastport, Me., $400; Ellsworth, Me., $400; Follen Church, East Lexington, Mass., $2000; First Unitarian Church, Louisville, Ky., $2000; Lowell, Mass., $3,714; North Side Unitarian Church, Pittsburgh, Pa., $345; Ridgewood, N. J., $300; Warwick, Mass., $399.73.

There are now outstanding loans to seventy-five churches, as shown in detail on page 162 of this report.

The total amount loaned since the foundation of this Fund and the Church Building Loan Fund of 1884 has been $1,387,033.49 and during this time there have been 390 separate loans.

PARKER E. MAREAN.

UNITARIAN BUILDING

To the President of the American Unitarian Association:

THE Unitarian building provides office space not only for the several departments of the Association but also for the Unitarian Laymen's League, the General Alliance, the Young People's Religious Union, *The Christian Register*, the Religious Arts Guild, the Unitarian Youth Commission, the Historical Library, and The Beacon Press. The Association bears the entire expense of maintenance for the building, almost half of which is occupied by the offices of the affiliated organizations.

During the year some minor changes in the arrangement of furniture have been made. Two new bookcases and three reading lamps have been added to Channing Hall. The bulletin board in the entrance hall on the first floor has been replaced by one which matches the woodwork and new literature racks have been added in the hall and the book room. A House Committee composed of Mrs. Frederick May Eliot, Mrs. Everett M. Baker, Mrs. H. B. Hartwell, Mrs. Dan H. Fenn, Mrs. Dana McLean Greeley, Mrs. Palfrey Perkins, and Mrs. Leslie T. Pennington, has been appointed to have supervision of furniture, equipment, decorations, and improvements in the building.

Thirty-eight different organizations have used Eliot Hall and Channing Hall for one hundred forty meetings during the year in addition to meetings held in committee rooms throughout the building. This is a marked increase over the figures reported last year, which were the highest up to that time.

Early in the winter three reels of moving pictures, in

color, of the activities of the various organizations in the building were taken by Rev. Lyman V. Rutledge of Dedham, Massachusetts. The photography is excellent and the films describe very well the work at headquarters. The pictures have been shown in many churches, especially in the West and on the Pacific Coast. They may be borrowed without cost, except return postage, by application at 25 Beacon Street.

EVERETT M. BAKER.

THE WHITNEY HOMESTEAD

To the President of the American Unitarian Association:

HAVING been closed for a year, the Whitney Homestead was re-opened for the use of Unitarians and their friends on May 20, 1937, and Miss Mary Louise Hawkins of Lancaster, Massachusetts, installed as hostess and manager. A special committee, consisting of Mrs. Thomas G. Rees, Rev. Leslie T. Pennington, and Mr. George G. Davis, and an active committee of sponsors under the leadership of Mrs. George W. Wheelwright, of South Lancaster, have had general supervision of the Homestead.

Results have more than justified expectations. During the season from May to October the Homestead has proved to be a popular vacation spot for individuals and families. Larger groups, such as the New England Student Christian Movement Social Action Commission, The New England Student Ministers' Conference, Y. P. R. U. Conferences, Worcester Conference Ministers' Association, Alliance Conferences, and others have taken advantage of the opportunity of gathering at the Homestead, for one-day or week-end meetings.

Immaculately clean rooms, good beds, excellent meals in attractive surroundings and warm friendliness have been in large part responsible for the fact that the receipts for this one season more than equal those of the seasons from 1932–35. Both houses have been freshly painted, have been modernized as much as possible in keeping with the atmosphere and tradition of the Homestead, and guests here are assured a restful vacation. The rates are very moderate, and in cases of ministers and their families, when it is requested, a special reduction is made.

MINUTES OF THE ONE HUNDRED AND THIRTEENTH ANNUAL MEETING

HELD IN

BOSTON, MASSACHUSETTS, MAY 26, 1938

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 26, 1938

The One Hundred and Thirteenth Annual Meeting of the American Unitarian Association was held in Tremont Temple, Boston, Mass., and was called to order by the President, Dr. Frederick M. Eliot, at 9:30 on Thursday, May 26.

The devotional service was conducted by Dr. Christopher R. Eliot of Cambridge, Mass.

The President announced that the following committees had been appointed by the Business Committee: Committee on Credentials, Carl B. Wetherell, Chairman; Committee on Ballots, Irving W. Stultz, Chairman.

The President delivered the report of the Board of Directors of the Association, which will be found printed in full in this report.

The report of the Treasurer was presented by Mr. Parker E. Marean.

Rev. Paul H. Chapman gave the report of the Department of Religious Education.

Dr. Charles E. Snyder gave the report of the Department of Unitarian Extension and Church Maintenance.

The report of the Commission on Planning and Review was presented by W. Rodman Peabody of Boston.

Amendments to the By-Laws

The main business of the morning session was the consideration of proposed amendments to the by-laws of the Association. The report of the Business Committee incorporating the recommendations of the Commission on Planning and Review on amendments was presented by Rev. Stephen H. Fritchman, Secretary of the Business Committee. After discussion the following amendments were adopted:

By W. Rodman Peabody of Boston, Mass.:
Article VI, Section 2, insertion of the following:

3. The Board shall choose from its own number a chairman of the Board, who shall have such duties as the Board may designate.

The subsequent sections to be renumbered 4 and 5.

By George Falconer of Montreal, Canada, revised by the Business Committee:

Article V, Section 2: That the word "nine" in the third line of the by-laws as printed on Page 15 of the Year Book for 1937–1938 be changed to "five" and that the word "three" in the third line be changed to "five" so as to read:

". . . eighteen of the directors, of whom not less than five shall be laymen, not less than five shall be women and not less than five shall be ministers, for three years, one-third to be elected annually; all other officers and directors for one year."

Notice was given of proposed amendments to the by-laws to be brought up for consideration and action at the Annual Meeting in 1939.

By the Business Committee:

1. To amend Article VII, Section 6, by substituting the word "twenty-eight" for the word "fourteen" in the fifth line as printed on Page 16 in the Year Book for 1937–1938, so as to read:

6. It shall be the duty of the Business Committee to receive and report upon all resolutions or other matters to be presented for action at any annual, biennial, or special meeting of the Association (except such matters as are provided for in these by-laws), and, except by consent of a three-quarters vote of those present and voting at the meeting, only such matters as have been presented to the Business Committee at least twenty-eight days prior to the meeting shall be considered.

2. To amend Article X, Section 6, by adding at the end thereof the following sentence:

"Vacancies in the Program and Business Committees shall be filled by the Committee in which such vacancy occurs until the next General Conference."

The Secretary of the Business Committee presented the following resolution submitted by Rev. Leslie T. Pennington. The resolution was adopted.

PENSIONS

WHEREAS it was voted at the Biennial Conference at Niagara Falls "That the report of the sub-committee of February 12, 1937, as adopted by the Commission, be printed and distributed, that all may have knowledge of its details"

AND WHEREAS it has proved impossible for the Board Committee on Pensions to determine either from the records of the Pension Commission or from agreement of members who were present at the meeting on February 12 just what was adopted by the Commission at that meeting,

BE IT RESOLVED, that the Annual Meeting here assembled rescind that part of the resolution voted at the Biennial Meeting which calls for the publication of the report adopted by the meeting of the Commission on February 12, 1937,

BE IT FURTHER RESOLVED, that Mr. Joseph Allen and Mr. Percival Brundage be asked to submit anew a brief report of their minority criticism of the present program of the Unitarian Pension Society to the Board Committee on Pensions and that the Committee be instructed to publish and circulate among our ministers and churches a report incorporating the criticisms and suggestions of Mr. Allen and Mr. Brundage.

The President announced that Mrs. Charles A. Haycock of Chicago, Ill., had been nominated to fill the vacancy on the Business Committee caused by the resignation of Dr. William E. Wickenden of Cleveland, Ohio. Mrs. Haycock was unanimously elected.

The following nominees were presented by ballot to the delegate body:

For Moderator:

Hon. Sanford Bates

For Regional Vice-Presidents:

Dr. Ernest Caldecott
Mr. Roy Campbell

Dr. Emmett Fayen
Hon. J. Ward Healey
Mr. Edgar C. Hirst
Gen. Henry Clay Newcomer
Rev. Frank E. Smith
Rev. Charles A. Wing

For directors for a term of three years:

Mr. Leon M. Little
Mrs. Oscar E. Mertz
Mr. Welles V. Moot
Rev. Laurance R. Plank
Mr. Charles O. Richardson
Dr. Charles E. Snyder

For directors representing various groups:

Mr. Alfred F. Whitman
Dr. Sydney B. Snow
Rev. Leslie T. Pennington
Mrs. Russell P. Wise
Mr. Frederic H. Fay
Mr. John W. Brigham

A report on the relief of Spanish children was given by Mr. John F. Reich of Philadelphia, Pa., Secretary of the American Friends Service Committee.

A recess was taken until 2 P.M. when the Association reconvened.

Afternoon Session

Rev. Richard W. F. Seebode of Providence, R. I., conducted the devotional service.

The President introduced the Hon. Sanford Bates as the new Moderator of the Association and requested Mr. Bates to preside during the afternoon session.

Dr. Owen W. Eames gave the address of welcome to the following new ministers:

Karl Albert Bach (affiliated)
Edward Allison Cahill

Harry Chamberlain Meserve
Bertha Frances Pettengill
William Richardson Reid
Francis Galarneaux Ricker
Russell Erwin Simmons
Curtis Taylor Spence
Robert Arthur Storer
Gerald F. Weary
Horace Frederick Westwood

A brief address was given by Mr. Llewellyn Jones, Editor of *The Christian Register*.

Rev. Stephen H. Fritchman announced that the report of the Business Committee on resolutions would consist of the findings of the panel discussions held on Wednesday afternoon and called upon the leaders of the panel discussions to present the findings of their panels.

Hon. J. Ward Healey reported for the panel on "Unitarian Program of Advance for 1938–1939."

Dr. Elisabeth A. Dexter reported for the panel on "International Relations."

There was not sufficient time during the resolution period for Rev. Walton E. Cole's report for the panel on "Problems in Democracy."

Resolutions of greeting to the following were adopted: International Association for Liberal Christianity and Religious Freedom; the Unitarian Churches of Roumania; the Unitarian Churches in Hungary; the Czechoslovakian Church; and the Universalist General Convention.

The following resolutions were adopted:

ADULT EDUCATION

By Dr. Robert C. Dexter

WHEREAS it is being increasingly recognized that one of the main functions of the church is the education of its adult membership in the application of their religious and ethical ideals to the problems of every-day life,

BE IT HEREBY RESOLVED that this Association urges its Board of Directors, executive officers, and department committees to give serious attention to the development of an adult education program in line with the traditions and congregational polity of our churches.

WASHINGTON ECONOMIC CONFERENCE

By Rev. Everett M. Baker

WHEREAS it is generally recognized that the economic forces in the modern world are largely responsible for the political unrest and stress between nations, and

WHEREAS the Washington Conference on World Economic Co-operation based its studies upon a carefully prepared report of a committee of experts,

BE IT THEREFORE RESOLVED that the findings of this conference be made a part of the adult education program offered to our churches by the Department of Social Relations of the American Unitarian Association.

APPRENTICESHIP FOR THEOLOGICAL SCHOOL GRADUATES

By Rev. Leslie T. Pennington

WHEREAS to enter effectively at once into the full responsibilities of the parish ministry a theological school graduate would profit greatly for the service of our churches by a year of apprenticeship under the wise guidance of some of our more mature ministers, comparable to the interne training of young doctors, and

WHEREAS this plan has been carefully studied and recommended by a committee appointed by the Board of Directors,

BE IT RESOLVED that the Annual Meeting here assembled approve this plan, instruct the Department of the Ministry to develop it as rapidly as possible, and urge our people and our churches to provide funds for the establishment of two fellowships of $1200 each for this purpose, to be administered by the Department of the Ministry.

STUDENT WORK

By Edward P. Furber

WHEREAS we recognize that the college and university students of today will be the future leaders of America, and

WHEREAS we believe that the essentials of our Unitarian religious emphasis are fundamental to the preservation and enrichment of our culture and democratic institutions,

BE IT THEREFORE RESOLVED that one of the major concerns of the American Unitarian Association and all the churches of the fellowship be to strengthen the influence of our ministers and churches in university and college communities.

RELIGIOUS EDUCATION

By Henry W. Porter

Believing that it is the obligation and duty of each parish and of all ministers to make every effort to maintain an effective program of religious education, the following resolutions are presented:

I. RESOLVED that the entire parish should be informed by the minister, the officials, and church organizations as to its religious education opportunities and responsibilities. To this end we recommend that:

a. Annually at least one Sunday service, including the sermon, be devoted to the subject of the parish religious education work.

b. That parents, teachers, and minister together should work out the definite objectives of the religious education program for the church year, and that frequent meetings of parents and teachers be arranged in order to secure closer co-operation between the home and the church.

c. That every church should have a religious education committee officially appointed, whose chairman should be a member of the governing board of the church.

d. That when the annual budget of the church is prepared, adequate provision should be made for the religious education work of the church.

II. RESOLVED that an effective program of religious education must include as essentials: training and participation in worship; creative instruction related to the moral, ethical, and religious activity of life today; discriminating choice of experiences in social responsibilities; opportunities for fellowship and understanding.

III. RESOLVED that we recommend to our churches the consideration of increasing to one and one-half hours the time allotted to the church school on Sunday, and also that they arrange during the week for occasional group gatherings on special projects.

IV. RESOLVED that every church should have a leadership training program, including at least six regular workers' conferences each year, and that each church shall plan to send representatives to district or national institutes or conferences.

V. RESOLVED that each church, through its ministers, should provide young people with adequate preparation for church membership by means of membership or confirmation classes.

VI. RESOLVED that provision be made by the adult members of the parish for real participation of young people in the on-going work of the church. To this end, student councils should be organized in the church schools and, where possible, older young people should be given membership of the official committees of the church.

THE MINISTERIAL INSTITUTE

By Rev. Leslie T. Pennington

WHEREAS the Unitarian Ministerial Union is planning a Ministerial Institute to be held in August or September, 1938, which is projected to encourage our ministers to clarify and develop higher ethical, professional, and spiritual standards in their life and work,

WHEREAS this program will have direct bearing upon the problems now confronting the new Department of the Ministry and the future leadership and service of all our churches, and

WHEREAS this program to be effective calls for the widest possible and most representative participation of all our ministers,

BE IT RESOLVED that the Annual Meeting here assembled heartily endorse the program of the Institute and urge our ministers, our churches, our local and regional conferences to do everything in their power to secure the widest possible participation in the studies and program of the Institute.

THE CHRISTIAN REGISTER

By Rev. Everett M. Baker

WHEREAS within the denomination there exists the need for a news organ as a center for the exchange of news and opinion, and

WHEREAS the Commission of Appraisal urged the continuation of *The Christian Register* as the news organ and journal of opinion of the Unitarian and allied churches, and

WHEREAS the Board of Trustees of *The Christian Register* have now appointed a permanent editor of *The Christian Register*,

BE IT THEREFORE RESOLVED that the delegates to the meeting of the American Unitarian Association and to the allied bodies urge upon the ministers and laymen in our churches that they take all possible steps to make *The Christian Register* in fact what it is now in intention, a medium through which news of the denomination and articles, informative or editorial, on all subjects of moment to the denomination, can reach a majority of the members and friends of the Unitarian and other liberal churches.

RADIO BROADCASTING

By the Department of Unitarian Extension

WHEREAS it will be impossible for the Association to carry out in full this year its plans for Unitarian extension through radio broadcasting,

RESOLVED that our ministers and churches use every possible opportunity to extend our message by means of radio.

PUBLICATIONS

By Frederic G. Melcher

RESOLVED that the denomination, both at headquarters and in the churches, be urged to give increased support this year to its publication programs in order that Unitarian attitudes to life may be reinterpreted to new and wider audiences.

PENSIONS

By Dr. George F. Patterson

Keenly aware of the need of retirement pensions for the best good of the parishes and ministers alike,

BE IT RESOLVED that the Department of the Ministry call the attention of the parishes and individuals of the Unitarian Fellowship to the earnest effort now being put forth by the qualified agent of the Pension Committee to interest the parishes, individuals, and ministers in the new contributory plan and also in building up the revenue of the Service Pension Fund.

THE MAY BILL

By Gen. Henry C. Newcomer

WHEREAS The May Bill contemplates such a regimentation of all national activities as would be justified only in the presence of a major armed conflict, requiring the mobilization of our national resources on a scale comparable to our operations in the World War when we sent millions of soldiers to France, and

WHEREAS our people are now thoroughly opposed to drafting our men to fight on foreign soil, and there is no prospect of our being attacked in such force as to require such a general mobilization of our national resources,

THEREFORE BE IT RESOLVED that the enactment of such a bill is not only not required in the public interest but would be a serious menace to the liberties of the people.

JAPANESE BOYCOTT

By Rev. Howard G. Matson

WHEREAS the Chinese people have rallied to the defense of their country against the invasion of Japanese aggression, and

WHEREAS the peace-loving and democratic peoples of the world have it in their power to express their public opinion for peace and their sympathy for struggling China,

BE IT RESOLVED that we do hereby register our gratitude, as defenders of democracy, to the Chinese people, and register our protest against the militaristic operations of Japan upon Chinese soil.

BE IT FURTHER RESOLVED that we express our continued good-will toward the Japanese people who are victims of this same aggression. May our forthright stand assist them in their struggle for peace, and in their protest against the militarism of their own leaders.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Chinese Ambassador and the Japanese Ambassador at Washington.

LIFT SPANISH EMBARGO

By Jeanne DeLand Kimball and Rev. Charles A. Engvall

WHEREAS the present neutrality legislation was passed after the outbreak of the Spanish War, thus altering American policy while conflict was going on, to the disadvantage of the legally elected government of the Republic of Spain,

BE IT RESOLVED that we recommend that the Neutrality Act be amended so that the embargo shall no longer apply to both sides in the case of the Spanish War.

POLITICAL REFUGEES

By Lewis A. Dexter

BE IT RESOLVED that we hereby express appreciation of the President's speech, holding out hope of asylum to political refugees. We hope that any necessary liberalization, either in administration or legislation, to enable them to find aid, will be undertaken. We fear that unless this be done, the President's noble intentions will be stultified by unimaginative routine treatment of these exiles.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President and to the Secretary of Labor.

BE IT FURTHER RESOLVED that the Department of Foreign Relations of the American Unitarian Association be instructed to devote whatever effort it can to aid refugees to obtain permanent security.

BE IT FURTHER RESOLVED that we affirm our realization that, as individuals, we have a special obligation, transcending the bounds of ordinary charity, to try to aid in obtaining refuge and security for those who are fleeing from tyranny in other lands.

NEUTRALITY LEGISLATION

By Jeanne DeLand Kimball

WHEREAS the present neutrality legislation permits no distinction between the victim and the aggressor and tends to quarantine peaceful nations rather than war,

BE IT RESOLVED that when any nation has committed an act of aggression and when it has been determined, after consultation with other powers, that such an act has been committed, the President shall have the power to lift the embargo from the nation agreeing to peaceful settlement and to apply it only against the aggressor.

AMERICAN UNITARIAN ASSOCIATION

Sixth Biennial General Conference

October 25-28, 1937

SIXTH BIENNIAL GENERAL CONFERENCE

October 25–28, 1937

The Sixth Biennial General Conference of the American Unitarian Association was held at Niagara Falls, New York, from Monday to Thursday, October 25 to 28, 1937.

A reception to delegates and visitors was given Monday evening at the First Unitarian Church. Business sessions were held Tuesday, Wednesday, and Thursday mornings in the Hotel Niagara. Round table conferences were held after the sessions of Tuesday and Wednesday. The public session was held Tuesday evening, addressed by Rabbi Abba Hillel Silver of Cleveland. A Fellowship Dinner took place on Wednesday evening, with an address by President Frederick May Eliot followed by a Service of Consecration and Re-dedication.

The first business session was opened at 9:45 A.M., Tuesday, October 26, by the President of the Association, Dr. Frederick M. Eliot. The President requested Dr. Charles E. Snyder to preside during the business sessions of the Conference. The General Conference Committee was appointed to serve as a Committee on Credentials. A Committee on Ballots was appointed, of which Rev. Randall S. Hilton of Castine, Maine, was chairman. It was announced that the General Conference Committee had been asked to serve as a Committee on Resolutions until the election of the Business Committee. Greetings from the International Association for Liberal Christianity and Religious Freedom were extended by Dr. Heije Faber of Holland. An address was given by the chairman of the General Conference Committee, Dr. Dilworth Lupton.

The second business session was held on Wednesday, October 27, at 9:15 A.M., with Dr. Charles E. Snyder presiding. Greetings were received from the Universalist General Convention. The report of the Interim Commission was presented by W. Rodman Peabody, Esq., chairman. Mr. Peabody explained the several proposed amendments to the by-laws to be acted upon at the next annual meeting of the Association. He reported that the Commission had held conferences with the officers of the Asso-

ciation, the Laymen's League, the General Alliance, and the Young People's Religious Union and recommends closer co-operation between these organizations in the use of the facilities of the headquarters building at 25 Beacon Street. Mr. Peabody commented on the fact that in the report of the American Library Association for 1936, forty-eight books were recommended as noteworthy literary productions but not one was from the pen of a Unitarian. He suggested that the policy of sabbatical leaves for our ministers should be developed in order that the fellowship may assume its rightful place in the production of the permanent literature of liberal religion.

The report of the Hymn and Tune Book Commission was given by Dr. Henry W. Foote, chairman. Dr. Lupton, chairman of the Nominating Committee, presented the name of the Hon. Sanford Bates of New York for Moderator of the Association. The nomination was unanimously ratified. Mr. Walter H. Whiting, chairman, presented the final report of the Pension Commission and a minority report was given by Mr. Joseph A. Allen. The following resolution introduced by Dr. Augustus P. Reccord was adopted:

1. That the reports of the majority and minority of the Pension Commission be received and the Commission discharged.

2. That the report of the sub-committee of February 12, 1937, as adopted by the Commission be printed and distributed that all may have a knowledge of its details.

3. That the Board of Directors be requested to appoint a committee of not less than five nor more than nine members, to be known as the Committee on Pensions, to function as a sub-committee of the Department of the Ministry for the purpose of co-operating with the Pension Society in the campaign to increase the interest of our churches in the contributory pension plan, and to raise funds for both contributory and service pension funds.

4. That the Association reaffirm its conviction that the contributory pension plan should be developed as rapidly as possible.

The following Round Tables were held:

1. The Church School—Ernest W. Kuebler, Leader

2. The Minister—Rev. E. Burdette Backus, Leader
3. The Church and the Community—Rev. Ernest W. Caldecott, Leader

Reports of the Round Table Conferences were made by their respective Leaders to the third business session.

The third business session was held on Thursday, October 28, at 9:15 A.M., with Dr. Charles E. Snyder presiding. A report of the Oxford Conference on Life and Work was given by Dr. John H. Lathrop. Dr. Heije Faber gave an account of the work of the International Association for Liberal Christianity and Religious Freedom. A report of the Twelfth International Congress at Oxford was presented by Dr. Robert C. Dexter. Dr. Caleb S. S. Dutton extended an invitation to the American Unitarian Association to hold the next biennial conference in San Francisco, California.

The following committees were presented by ballot to the delegate body:

Mr. Laurence C. Staples

BUSINESS COMMITTEE:

For two years:

Rev. Stephen H. Fritchman
Mr. Frederic H. Fay
Dr. Norman D. Fletcher
Rev. David Rhys Williams
Dr. William E. Wickenden

Dr. Dilworth Lupton, chairman, made the report for the General Conference Committee on resolutions.

Resolutions of greeting to the following were adopted: the International Association for Liberal Christianity and Religious Freedom; the Universalist General Convention; and the Religious Fellowship of Niagara Falls.

Resolutions of thanks to the following were passed: The Convention Bureau of Niagara Falls; the Hotel Niagara; the Niagara Falls Church; the General Conference Committee; Mr. George G. Davis and Miss Florence Baer.

The following resolutions were adopted:

ANNIVERSARY OF EMERSON'S DIVINITY SCHOOL ADDRESS

By the Round Table on "The Minister"

RESOLVED that the churches of our Fellowship observe the One Hundredth Anniversary of Emerson's Divinity School Address.

THE PRESIDENT'S OBJECTIVES

By Frederic H. Fay

RESOLVED that the Sixth General Conference of the American Unitarian Association heartily approves the objectives outlined by President Frederick May Eliot in his address at the Fellowship Dinner, October 27, 1937, namely, to reach, before the Annual Meeting in May 1938, the following goals:

1. Twenty thousand copies of the new hymn book in use in our churches.

2. A doubling of the present subscription list of *The Christian Register*.

3. An increase in this year's contributions to the Association from living Unitarians to the total of $45,000.

RESOLVED that we, the delegates here assembled, pledge individually our earnest efforts that these goals shall be attained.

NATIONAL PEACE CONFERENCE

By Rev. Waitstill H. Sharp

WHEREAS since their earliest days the churches of the Unitarian fellowship have been deeply concerned in the welfare of humanity, and

WHEREAS in their preaching and practice they have tried to exemplify a way of reason and justice not only confined to ecclesiastical utterance but informing all our common life and raising that life to its highest dignity and fulfillment, and

WHEREAS the Department of Social Relations of the American Unitarian Association in January, 1934, became and is at this time a member organization of the National Peace Conference, which is now conducting an international campaign designed to remove the economic causes of world unrest and war,

NOW THEREFORE BE IT RESOLVED that we, the delegates of the Unitarian churches of the Dominion of Canada and of the United States of America, in Sixth General Conference assembled at the City of Niagara Falls, New York State, October 28, 1937, do heartily commend to our churches this campaign of the National Peace Conference and urge upon our churches the fullest understanding of its purpose and the utmost aid in its consummation.

EXCLUSION OF ORIENTALS

By Henry W. Pinkham

WHEREAS our country by its exclusion of Orientals has in effect repudiated the religious doctrine of the brotherhood of man and has affronted the dignity of Asiatic peoples,

THEREFORE BE IT RESOLVED that we favor the application of the quota system of immigration to the peoples of the Orient.

THE NEW COMMONWEALTH PLAN

By Rev. Joseph Barth

WHEREAS the Unitarian Fellowship is committed to work for world justice and peace, and

WHEREAS the present disturbed condition of the world makes it painfully clear that more effective means must be found to establish justice and prevent aggression, and

WHEREAS the New Commonwealth Society, under the leadership of expert students of peace from many countries, has formulated and seeks the establishment of a plan directed to these ends—the establishment of an Equity Tribunal and an International Police Force,

BE IT RESOLVED that this conference recommend to our churches a careful study of the New Commonwealth Plan and ask the Department of Social Relations to supply appropriate material for the purpose.

INTERNATIONAL DISCUSSIONS

By Dr. Curtis W. Reese

RESOLVED that we favor American participation in international discussions and procedures looking toward the organization of the democratic peoples of the world for the maintenance of peace and freedom.

FAVORING THE HULL RECIPROCAL TRADE TREATIES

By Henry W. Pinkham

WHEREAS the policy of economic nationalism, by which each nation strives to be economically self-sufficient, results in a lowered standard of living, and promotes ill will between nations, that may lead to war,

THEREFORE BE IT RESOLVED that we heartily approve the undertaking of the present Administration to remove barriers to international commerce by means of the reciprocal trade treaties.

UNIVERSAL CHRISTIAN COUNCIL FOR LIFE AND WORK

By Dr. John H. Lathrop

RESOLVED that the American Unitarian Association, assembled at Niagara Falls for its Sixth General Conference, records its appreciation of the labors of the Universal Christian Council for Life and Work at Oxford, England, and commends a careful study of the findings of that conference, together with the findings of the Conference on Faith and Order at Edinburgh, to all our churches.

MINORITY GROUPS

Substitute resolution by the General Conference Committee for one submitted by Rev. Harold P. Marley

WHEREAS outbreaks of terrorism and vigilantism have recently taken place in certain areas of the United States, and

WHEREAS we observe in such incidents a spirit of defiance and lawlessness which constitutes a threat to orderly society,

BE IT RESOLVED that this Sixth General Conference vigorously condemns this spirit and reaffirms its faith in the Bill of Rights, and charges its churches to maintain their traditional vigilance in its defense.

LABOR

Substitute resolution by the General Conference Committee for one submitted by Rev. Harold P. Marley

WHEREAS we recognize that labor's growing power, confirmed by recent decisions of the Supreme Court of the United States, brings with it commensurate responsibilities, and

WHEREAS we also recognize the obligation of capital to meet issues in the spirit of fair play,

RESOLVED that we call upon our churches to exercise their powers of leadership to these ends, and that painstaking efforts be taken by our ministers to bring to the attention of their people and their communities any violation of this spirit and this obligation.

PRESIDENT MASARYK

By Dr. John H. Lathrop

In the death of Thomas G. Masaryk, founder-president of the Czechoslovak Republic, liberals everywhere have lost a leader.

His life and teachings were an inspiration to all believers in democracy, and particularly to religious liberals.

We take this opportunity of respectfully recording our appreciation of his influence and his services to the world, as philosopher, political leader, and exemplar of true democracy.

We hereby record our deep sympathy with his family and with the citizens of Czechoslovakia in the great loss they have sustained. We also rejoice with them that their country has produced so great a man and congratulate them on their wisdom in following his leadership.

AUDITOR'S REPORT

BOSTON, JULY 23, 1938

We have made an examination of the accounts and financial records of the American Unitarian Association, and its Publications Department, and The Beacon Press, Inc., for the year ended April 30, 1938, and ascertained: that all cash recorded as received was properly deposited in the banks; that all income due from investments was received or satisfactorily accounted for; that disbursements were supported by cancelled checks or other proper vouchers; that the cash balance as at April 30, 1938, as called for by the books was on deposit or in transit at that date; and that the investments shown in Table S were on hand on April 30, 1938 or satisfactorily accounted for.

SCOVELL, WELLINGTON & COMPANY.

ANNUAL REPORT OF THE TREASURER

The Annual Report of the Treasurer for the fiscal year ending April 30, 1938, submitted herewith, contains the details of receipts, expenditures, funds, and investments, together with the Balance Sheet and other information regarding the financial affairs of the Association.

The following is a brief index of the contents of the report:

	Page
Treasurer's Statement, showing all receipts and expenditures during the year	104, 105
Table A, Contributions during the year	107
Table B, Bequests and Gifts, other than Contributions	118
Table C, Principal and Income of Invested Funds and Income of Funds held by other Trustees	123
Tables D-O, inclusive, Details of Expenditures during the year	149
Tables P-Q, inclusive, Investments in Real Estate	156
Table R, Statement and List of Loans of the Building Loan Fund	162
Table S, Bonds and Stocks of the Association	165
Table T, Balance Sheet	169

In addition to the tables and figures listed above, attention is called to the report of Funds for Special Aid on Page 63 and of the Building Loan Fund on Page 66.

The total of contributions from societies and individuals as shown in Table A, was $36,365.91, which is $7,328.94 more than was received in the previous year. From churches in the United States and Canada the Association received $30,946.51, an increase over the previous year of $7,306.35.

The rate of income paid by the Association on those funds which are invested in the General Investment Fund for the fiscal year which closed on April 30 was 4.329%. In other words, the Association paid income of $43.29 on every thousand dollars invested in the General Investment Fund during the whole year. This is 68 cents less per thousand dollars than that paid the previous year and the decrease is due primarily to the lower returns from the investments of the Association in stocks and to the fact that reinvestment of the proceeds of called bonds has had to be made in securities carrying a lower interest rate.

The income of the Association for general purposes, as shown in the Treasurer's Statement on Page 104, was $199,047.50, which is about the same as was received during the previous year. Expenditures for these purposes were $195,244.66.

The classification of several of the expenditures of the Association in this report is different from that of previous years and this fact should be taken into consideration when yearly comparisons are made.

The Treasurer will be glad to give further information with regard to the finances of the Association upon request, and will welcome suggestions as to the method of presentation of the figures contained in the report.

PARKER E. MAREAN,

Treasurer.

TABLE P

INVESTMENTS IN CHURCH PROPERTIES

The Association has interests in a number of church properties which have from time to time been conveyed to it. In a few cases the title is unconditioned; in most cases the property is held by deed or mortgage upon conditions which give the use of the property to the society as long as it maintains religious services and remains in the Unitarian fellowship.

When any part of the money needed to accomplish this object has passed through the treasury of the Association, it appears on the books as a non-income bearing investment. The amount so invested is, in most cases, but a part of the value of the property.

When the interest of the Association does not represent any monetary investment on the part of the Association, it is carried on the books as an investment of $1.00.

REPORT OF THE BOARD OF DIRECTORS TO THE ANNUAL MEETING 13

MINUTES OF THE ONE HUNDRED AND FOURTEENTH ANNUAL MEETING 21

ANNUAL REPORT OF THE TREASURER 35

FOREWORD

The reports published herewith should be supplemented by two small pamphlets, published in May and already given wide distribution through the churches—the report of the Department of Unitarian Extension and Church Maintenance, and the report of the Department of Religious Education. Printed in a new form with diagrams and illustrations, these supplementary reports present a vivid picture of the work of two of the most important departments of the Association.

The reports of the other departments, which are omitted from this present booklet, are on file at headquarters and copies will be sent to anyone who writes and asks for them. It is hoped that next year most, if not all, of the departmental reports may be published in the form used this year for the two reports referred to above. It is very important for the development of the program of the Association that the general constituency of the denomination should become more intimately familiar with the actual details of the work. Suggestions of practical ways and means by which this may be accomplished will be gratefully received.

FREDERICK M. ELIOT

Report of the Board of Directors

To the American Unitarian Association:

IN accordance with the provisions of the by-laws of the Association your Board of Directors submits its report for the year 1938–1939.

The Board has held four meetings, one in May, October, December and March, with an average attendance of twenty-seven. At the meeting in May, Mr. Charles O. Richardson of Weston was re-elected Chairman of the Board and also of the Executive Committee. The Executive Committee has held nine meetings to handle business requiring attention between the meetings of the Board.

The evening before its December meeting the Board gave a reception in Eliot Hall in honor of Dr. Robert Cummins, the new Superintendent of the Universalist General Convention, and his wife, which demonstrated the spirit of good fellowship and co-operation between the Universalist and Unitarian headquarters that has been evident in increasing measure throughout the year.

The work of the Association has been handled through substantially the same departmental organization as last year. The re-organization of the Religious Education Department, which started a little over a year ago has, however, been continued. Upon the retirement of Miss Marie W. Johnson after thirty years with the Association, and Miss Gertrude H. Taft, after eight years, both of whose services to the Association were gratefully acknowledged by resolutions of the Board, two staff members who have

had both college and secretarial training have been appointed, with the purpose of still further relieving the Director from time-consuming routine matters in order that he may be able to give a much larger portion of his time to the general planning and directing of the work of the Department, to the development of projects such as the new religious Education Institutes which have been fostered in the Middle West, on the Pacific Coast, and in the South, and to the production of a new curriculum for use in liberal Church Schools.

The great need, mentioned in the Report of the Directors last year, for presenting our work and message to the general public more effectively, became more apparent this year. To meet this situation the Directors at their meeting in March, on the recommendation of the President, approved in general terms a plan for the creation of a department to handle publicity, publications, and promotion, this new department to replace both The Beacon Press, Inc., and the present Department of Publications, as well as taking on new duties. The exact name of this new department has not yet been definitely determined. A special committee of the Board has been appointed to work out the details of the plan and to put it into operation, with careful regard to organization, personnel, and all plans already under way, but without any unnecessary delay.

In order to enable the Association to make such readjustments as are necessary for the progress of our work, the Board after extensive study both by the administrative officers of the Association and a special committee of the Board, adopted dismissal wage and pension plans for employees other than officers. The dismissal wage applies to employees dismissed after more than one year's service for causes for which they are not responsible. Within certain limitations it provides in such cases a dismissal wage

of five per cent of the aggregate salary paid the employee during his employment. The pension plan applies to members of the staff who have been employed by the Association for at least ten years, and provides that such an employee may retire or be retired at the age of sixty upon an annual pension of two and a half per cent of the aggregate salary paid to him or her by the Association during the period of employment, subject to certain conditions—particularly that the pension shall not exceed half of the maximum annual salary paid. Full details may be obtained at headquarters. The Board earnestly commends the consideration of these plans to our churches and other affiliated organizations.

The reports of the various departments which are not to be given orally at this meeting are in your hands in printed form. We wish, however, to call your special attention to the encouraging developments in the Department of Unitarian Extension and Church Maintenance.

The collection which was taken for this express purpose at the 1938 Annual Meeting, with payment of pledges which were made at that time, amounted to $1,723.63.

Of this sum $964.00 was spent in sending Rev. Arthur H. Winn, Dr. Frank S. C. Wicks, and Rev. Joseph Barth to preach in the newly formed church in Miami, Florida. On March 26 this church called and settled Mr. Barth as its first minister.

Of this collection $758.17 was spent to assist in forming a church in Fort Wayne, Indiana. This sum covered the expenses of Dr. Frank S. C. Wicks, Rev. E. Burdette Backus, Dr. Augustus P. Reccord, Rev. Walton E. Cole, Rev. Edward W. Ohrenstein, Professor James Luther Adams and Rev. R. Lester Mondale, as well as rent, music, publicity and other incidental expenses in connection with the services there. In April, 1939, the church was formally

organized as the Unitarian Society of Fort Wayne. Officers and committees were appointed and a canvass for funds is now under way. The Society is about to call a minister to start work on a full time basis on September 1st.

These two churches would not have been established without this special collection.

The balance remaining of last year's collection, with $14.06 of the general funds of the Association, making a total of $25.00, has been expended in aid of the church at Grosse Pointe, a suburb of Detroit, Michigan, which Dr. Augustus P. Reccord of the Detroit church has been active in organizing in co-operation with the Association, all of the expenses of the movement having been borne locally, except for this $25.00 paid toward the expenses of Rev. Robert S. Turner to enable him to preach there. The society has now been definitely organized, has elected its officers and committees, and has met with remarkable success in raising funds locally, which indicates that they will be able to employ a full time minister beginning in September, with only a small amount of financial assistance from the Association.

In addition to these three new churches assisted by the special collection from last year's meeting, the Christian Temple in Schenectady, N. Y., has become a Unitarian church; the Universalist church of Riverside, Calif., has become a joint Universalist-Unitarian church; the Masaryk Memorial Center has been organized among the Czech people living on the west side of the city of Chicago, largely through the efforts of the Chicago Unitarian Council. Icelandic preaching stations have been established at Point Roberts and Bellingham, Wash., a new group has been organized at Big Island, Manitoba, and a congregation at Hóla, Saskatchewan, has affiliated with our Icelandic Conference.

The Board has received frequent reports from, and followed with interest the progress of the re-organized Youth Commission and *The Christian Register*, both of which are supported in part by the Association. The Youth Commission now consists of representatives of the Association, the Ministerial Union, the Laymen's League, the General Alliance, the Young People's Religious Union, and the Trustees of the Universalist General Convention. Beginning last September, Rev. Stephen H. Fritchman was employed as its Executive Director, devoting his full time to youth work. It has worked largely with and through the Young People's Religious Union, with encouraging results in the stimulation of greater interest and activity, especially among our older young people, and in developing a closer contact between our youth groups and the rest of the fellowship.

As many of you have no doubt observed, *The Christian Register* has made various changes in a vigorous effort to increase its effectiveness, and we are glad to report that it has shown a net increase in circulation of a little over six per cent during the past year. Recently the Trustees of *The Register* have offered a "Church Family" plan whereby churches may obtain blocks of subscriptions covering every family in the parish at $1.50. This plan originated in our new church in Dallas, Texas, and has already been adopted by our new church in Miami, Florida, and by one of our long established churches, namely, that in Bloomington, Illinois. In this way the Trustees hope both to increase the circulation of *The Register* and to bring our fellowship closer together.

The Board and its Executive Committee have spent much time considering the unfortunate position of our fellow-Unitarians in Czecho-Slovakia. The Board authorized the appointment of a Joint Committee of the Association

and the American Friends Service Committee to look into the situation and later, working in close relation with the American Committee for Relief in Czecho-Slovakia, to undertake relief measures in that country. Rev. and Mrs. Waitstill H. Sharp of Wellesley Hills were sent to Czecho-Slovakia with the understanding that the Unitarians would assume responsibility for the financing of these representatives. To meet this responsibility, the Board authorized the issuing of an appeal to our fellowship for $20,000.00 for the first year's effort, a little more than half of which has been received to date. The Department of Foreign Relations will report to you in further detail concerning its activities in this matter.

The Directors at their October meeting authorized the appointment of a special committee to study the question of a radio forum, and the Association has been glad to co-operate with the General Alliance in its series of broadcasts from Boston, in which both the President and the Executive Vice-President of the Association participated. The Association has published a number of the sermons delivered in this program, and has handled the distribution of electrical transcriptions, which have been used in many other parts of the country. The possibility of wider use of the radio this coming year is receiving the active consideration of the officers, and is one of the proposed activities of the new department to handle publicity, publications and promotion.

The need for improved methods of handling resolutions at future meetings of the Association became so apparent at the 1938 Annual Meeting that the Board at its meeting the following day authorized the President to appoint a special committee to consider the whole matter and report to the Board. This special committee worked during the summer in co-operation with the Business Committee of

the Association, with the result that the two committees reached complete agreement with regard to future procedure in handling resolutions. This procedure has been incorporated in the "Manual of Procedure" of the Business Committee, which has been unanimously endorsed by the Board, with the recommendation, which you have already accepted, that the Association itself adopt the section relating to the rules of procedure. It is the hope and belief of the Board that these new rules of procedure will result in well considered and expeditious action on resolutions.

The increased interest in the work of the fellowship has been evidenced not only in the activities outlined above and in the departmental reports before you, but also by increased financial support. In 1936–37 the appeals of the Association to the fellowship produced $29,036.97. In 1937–38 they produced $36,365.91, as well as $1,500 in response to a special appeal for the sharecroppers. In 1938–39 the Association authorized first a special appeal for hurricane relief, which brought in $11,151.22; then a special appeal for work in Czecho-Slovakia, which brought in $11,141.20; $950.00 was received in response to the continuing appeal for the sharecroppers, and $30,470.38 in answer to the general appeal; making, with the addition of the collection of $1,723.63 taken at the Annual Meeting, a total for the year of $55,436.43.

Although this increase of almost $20,000 over last year is encouraging evidence of the loyalty and generosity of our fellowship, only about $30,500.00 of this year's contributions were available for the general purposes of the Association. It is apparent that further contributions for these general purposes are essential in order to maintain the amount of service now carried on by the Association. The Board urges upon our entire constituency the need of a still deeper and more active sense of responsibility in

our individual parishes for the support of the work of the fellowship as a whole.

The Board wishes to express its deep appreciation for the initiative, devotion and effective work of the officers and staff of the Association. This year 266 churches have been visited by at least one officer of the Association, and all of the regional conferences and most of the local and district conferences have been attended by one or more official representatives of the Association.

Respectfully submitted, for the Board of Directors,

CHARLES O. RICHARDSON
Chairman

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 25, 1939

THE One Hundred and Fourteenth Annual Meeting of the American Unitarian Association was held in Tremont Temple, Boston, Mass., and was called to order by the President at 9:30 A.M. on Thursday, May 25.

The devotional service was conducted by Rev. Thaddeus B. Clark of Grafton, Mass.

The Moderator presided.

The Committee on Credentials, Herbert K. Miller, Chairman, and the Committee on Ballots, Irving W. Stultz, Chairman, were elected, on nomination by the Business Committee.

The Moderator greeted Mr. Frank H. Burt, who for thirty-five years had faithfully and carefully recorded the annual meetings of the Association, and who this year attended as a delegate. Mr. Burt replied briefly and received the hearty applause of the meeting.

Messages of greeting were read from The (British) General Assembly of Unitarian and Free Christian Churches; the Unitarian Union, Khasi Hills, India; the Auckland, New Zealand, Unitarian Church; and Rev. and Mrs. Waitstill H. Sharp, then in Prague, Czecho-Slovakia.

The President presented the report of the Board of Directors of the Association, which will be found printed in full in this Report.

The report of the Treasurer was presented by Mr. Parker E. Marean.

Amendments to the By-Laws

The following amendments to the by-laws of the Association were adopted:

By the Business Committee:

Article VII, Section 6, substitution of the word "twenty-eight" for the word "fourteen" in the fifth line as printed on Page 16 in the Year Book for 1937–1938, so as to read:

6. It shall be the duty of the Business Committee to receive and report upon all resolutions or other matters to be presented for action at any annual, biennial, or special meeting of the Association (except such matters as are provided for in these by-laws), and, except by consent of a three-quarters vote of those present and voting at the meeting, only such matters as have been presented to the Business Committee at least twenty-eight days prior to the meeting shall be considered.

Article X, Section 6, addition at the end thereof of the following sentence:

"Vacancies in the Program and Business Committees shall be filled by the Committee in which such vacancy occurs until the next General Conference."

The following amendments to the by-laws were introduced for action at the Annual Meeting in 1940:

By the Business Committee:

That Article VII, Section 6, as amended May 25, 1939, be further amended by substituting the word "forty-two" for the word "twenty-eight" so as to read:

6. It shall be the duty of the Business Committee to receive and report upon all resolutions or other matters to be presented for action at any annual, biennial, or special meeting of the Association (except such matters as are provided for in these by-laws), and, except by consent of a three-quarters vote of those present and voting at the meeting, only such matters as have been presented to the Business Committee at least *forty-two* days prior to the meeting shall be considered.

By Rev. Ernest Caldecott of Los Angeles, California:

Article V, Section 7: That the word "twenty-four" in the

seventh line of the By-laws as printed on Page 14 of the Year Book for 1938–1939 be changed to "twenty-five" so as to read:

". . . These officers, with twenty-five (25) other persons, shall constitute the Board of Directors. They shall be chosen by ballot at annual meetings, except that the Board of Directors may fill any vacancy to hold until the next annual meeting."

Article X, Section 2: The insertion of the words "Unitarian Fellowship for Social Justice" so as to read:

2. The Unitarian Ministerial Union, the General Alliance of Unitarian and Other Liberal Christian Women, the Unitarian Laymen's League, the Young People's Religious Union, and the Unitarian Fellowship for Social Justice shall each have the right to nominate one director to serve for one year.

The Chairman of the Business Committee, Mr. Frederic H. Fay, reported concerning the action taken by the officers of the Association on resolutions adopted at the Annual Meeting in 1938.

Resolutions were introduced by the Business Committee and unanimously adopted by the Association to send greetings to The International Association for Liberal Christianity and Religious Freedom; the Unitarian Churches in Hungary; the Unitarian Churches of Roumania; The (British) General Assembly of Unitarian and Free Christian Churches; the Unitarian Church in Prague; the Czecho-Slovak Church; the Universalist General Convention; and the Unitarian Union in India.

Resolutions were adopted extending the greetings and congratulations of the Association to the churches admitted to the Fellowship during the year: The Unitarian Church, Miami, Florida; The Unitarian Society of Fort Wayne, Indiana; The Unitarian Church of Grosse Pointe, Michigan; Masaryk Memorial Center, Chicago, Illinois; the Christian Temple, Schenectady, New York; and the Universalist-Unitarian Church, Riverside, California.

Resolutions were adopted expressing the gratitude of the Association for the assistance rendered by various organizations

and individuals in connection with the Commission for Service in Czecho-Slovakia, and also resolutions of appreciation to Rev. and Mrs. Waitstill H. Sharp and the Unitarian Society of Wellesley Hills.

RESOLUTIONS ON DENOMINATIONAL AFFAIRS

Dr. George F. Patterson

The following resolutions were adopted:

WHEREAS, after nineteen years of faithful service in the parish ministry, Dr. George F. Patterson was called to administrative work as a national officer of the American Unitarian Association which he has served for sixteen years as New England Field Secretary, as Administrative Vice-President, as representative of our Church to Unitarian Churches abroad and to the Icelandic Churches of Canada, and as Director of the Department of the Ministry;

AND WHEREAS, he has not only fulfilled his several responsibilities with fidelity and devotion, but by his wisdom, his understanding, his quick sympathy and his genial humor has won the trust and affection of our ministers and churchmen and sustained the spirit of our churches;

AND WHEREAS, he has now accepted the call to the ministry of our Church in Tulsa, Oklahoma, which he will take up in September in conjunction with his new responsibilities for the Association as Regional Director of our Churches in the South West;

BE IT RESOLVED, that the American Unitarian Association in meeting assembled express its deep appreciation for the devoted service and the companionship of these years and extends to him, to the Tulsa Church and to the Churches of the South West the hope and confidence that he will have many years of fruitful service and of rich companionship among them in promoting there the religious life and fellowship which he has so ably served through the years in the length and breadth of our movement.

Submitted by Leslie T. Pennington, Cambridge, Mass.

COOPERATION BETWEEN THE DEPARTMENT OF THE MINISTRY AND THE UNITARIAN MINISTERIAL UNION

WHEREAS Dr. George F. Patterson will relinquish his duties as Director of the Department of the Ministry as of September 1, and

WHEREAS the program and policies of that Department are vitally related to the needs and interests of the ministers of the denomination,

BE IT RESOLVED, that the American Unitarian Association in meeting assembled requests the President to take counsel with the Directors of the Unitarian Ministerial Union in the preparation of plans for the future development of the Department, and

BE IT FURTHER RESOLVED, that the Association go on record as welcoming the closest co-operation between the Department of the Ministry and the Unitarian Ministerial Union in the maintenance of high professional standards, in the effort to improve their methods of placing ministers in churches with the utmost mutual consideration, and in the endeavor to enhance the economic security of the ministers by raising the level of salaries and by providing reasonably adequate pensions.

Submitted by the President of the Association.

HURRICANE RELIEF

WHEREAS the Board of Directors acted with despatch and thoroughness in conducting a survey of the damage to Unitarian churches of New England wrought by the hurricane of last September and in issuing an immediate appeal for relief funds,

AND WHEREAS the generous response from churches from all sections of the country to that appeal has helped make possible the restoration of churches in the devastated area,

BE IT RESOLVED that the delegates assembled in the One Hundred and Fourteenth Annual Meeting of the American Unitarian Association express their appreciation of the ready action of the Board of Directors and their profound thanks to all individuals and churches whose contributions made this work possible;

BE IT FURTHER RESOLVED that the Association express to the members of the many churches which suffered damage its hearty commendation for the heroic spirit in which they proceeded to the task of reconstruction, and congratulations upon their steady maintenance of services under severe handicaps.

Submitted by the Department on Church Extension.

CZECHO-SLOVAKIAN RELIEF

WHEREAS the Board of Directors authorized a survey of the refugee problem in Czecho-Slovakia by Dr. Robert C. Dexter, Director of the Departments of Social and Foreign Relations, the dispatch of a relief mission to Prague, and an appeal for funds to support the mission;

AND WHEREAS the response from Unitarian churches to this appeal has to date been generous;

BE IT RESOLVED: That the One Hundred and Fourteenth Annual Meeting of the American Unitarian Association endorses the action of the Board and its Departments of Foreign and Social Relations, and commends such action as typical of that expression of religious ideals needed in the world today, by which will be insured the justice and peace of the world tomorrow.

BE IT FURTHER RESOLVED: That this Annual Meeting send to its Czecho-Slovakian relief commissioners, the Rev. and Mrs. Waitstill Hastings Sharp, its hearty greetings and best wishes; and to the First Unitarian Society of Wellesley Hills, Massachusetts, its appreciation for the leave of absence which makes this work possible; and to the representatives of the American Friends Service Committee, its thanks for their assistance.

Submitted by the Departments of Foreign and Social Relations.

SURVEY OF CHURCH FINANCES

WHEREAS, the income from endowments held by Unitarian churches has been reduced because of the steadily decreasing returns from investments,

AND WHEREAS, it is difficult for trustees or governing committees of many churches to secure adequate advice on investment problems,

BE IT RESOLVED, that the delegates assembled in the 114th Annual Meeting of the American Unitarian Association authorize their Board of Directors to conduct a survey of the funds and investments of all churches that are willing to participate, and to make recommendations that will provide for more adequate protection of existing endowments and for their more advantageous investment.

Submitted by the Department of Unitarian Extension and Church Maintenance.

RADIO BROADCASTING

WHEREAS, radio broadcasting has become an effective means for Unitarian promotion and education,

AND WHEREAS, the opportunities for its use by our ministers are increasing,

BE IT RESOLVED, that the American Unitarian Association in meeting assembled instruct its Board of Directors to take steps to mobilize and correlate all resources of individual ministers, churches and agencies into a unified campaign for broadcasting our message.

Submitted by the Department of Unitarian Extension and Church Maintenance.

THE SERVICES OF THE DEPARTMENT OF UNITARIAN EXTENSION

WHEREAS, in the selection of ministers for Unitarian pulpits, it is important to bear in mind the opportunity for the promotion of the Unitarian cause, as well as the needs of the local situation,

BE IT RESOLVED, that the American Unitarian Association in meeting assembled remind all churches that, in addition to the services normally rendered by the Department of the Ministry, the survey service of the Department of Unitarian Extension and Church Maintenance and its regional officers is available and should be utilized by our churches.

SOCIAL ACTION COMMITTEES

WHEREAS, it is the aim and function of the Department of Social Relations of the American Unitarian Association to deal with social problems not only nationally but locally, and,

WHEREAS, the effectiveness of this Department is limited at the present time by lack of proper organization in the member churches,

THEREFORE, BE IT RESOLVED that the American Unitarian Association in meeting assembled recommend to the individual churches that each establish a Social Action Committee which by itself and in cooperation with such committees in other Unitarian churches may serve locally to investigate social conditions, initiate action for the alleviation of untoward situations, and to inform the Department of Social Relations and through it other interested groups of the nature of such conditions.

Submitted by Rev. Thaddeus B. Clark, Grafton, Mass. and amended by the Department of Social Relations and the Business Committee.

RESOLUTIONS ON PROBLEMS IN DEMOCRACY

The following resolution was adopted:

REFUGEE RELIEF

BE IT RESOLVED: That in view of the steadily increasing suppression of civil and religious freedom in many sections of Europe and of the intense physical and mental suffering attendant upon such treatment, the One Hundred and Fourteenth Annual Meeting of the American Unitarian Association expresses its support of efforts now being made to share with the refugees from Europe the blessings which we enjoy and for which our forbears came to these shores, and

That our Unitarian churches and members be urged to assist these emigres in securing passports, transportation and temporary care and employment after their arrival in this country, and

That the American Unitarian Association join with representatives of other faiths in carrying out the program of the Non-Sectarian Committee for German Refugee Children which is

sponsoring a plan for care of refugee children outside of the existing immigration quota, as provided for in the pending Wagner-Rogers Bill. (S. J. 64 and H. J. R. 168).

RESOLUTIONS ON INTERNATIONAL RELATIONS

The following resolutions were adopted:

EMBARGO OF WAR MATERIALS TO JAPAN

WHEREAS the Japanese government by its invasion of China has broken the nine-power treaty of which it and the United States government were joint signatories, and of which the United States government was originator and sponsor, and

WHEREAS the Japanese invasion is being conducted not only with complete disregard of international law but also with wholesale slaughter of helpless civilians, and with the evident determination to crush democracy in China, and

WHEREAS Japanese fighting strength is being very largely maintained by American exports of materials essential to war, such as oil, scrap iron and machinery,

THEREFORE, BE IT RESOLVED that the 114th Annual Meeting of the American Unitarian Association call upon the American government to take prompt means to stop this flow of war material, to the end that our country may no longer contribute to the success of Japanese aggression.

Submitted by William Stuart Howe, Somerville, Mass. and amended and affirmed by the Department of Social Relations.

WORLD FEDERAL UNION

WHEREAS a time has now come when civilization itself is threatened with dissolution by war, tyranny and poverty and this in spite of the opposed will of the great majority of the world's ordinary people, who everywhere detest war, resent tyranny and believe that in an age of science, there is no longer justification for poverty;

AND WHEREAS no nation anywhere can separate itself from the consequences of disaster, whether it participates in general warfare or abstains;

BE IT RESOLVED that the One Hundred and Fourteenth Annual Meeting of the American Unitarian Association hereby commends to all constituent churches the careful study of the plan advanced by Clarence K. Streit and the Committee of Correspondence for World Federal Union, looking to the immediate union of democracies for the purpose of preventing war, saving democratic liberties and becoming the nucleus of an eventual world commonwealth of free peoples.

Submitted by Rev. A. Powell Davies, Summit, N. J. and affirmed by the Department of Social Relations.

The official ballot prepared by the Nominating Committee having been distributed to the delegates as they entered the meeting, the Moderator announced that the Committee on Ballots would receive marked ballots at the doors of the hall at the close of the Morning Session.

AFTERNOON SESSION

The afternoon session was called to order by the President and opened with a service and ceremony of welcome for the new ministers in the fellowship. The devotional service was conducted by Rev. Roy B. Wintersteen of Uxbridge, Mass., and the welcome to the new ministers was given by Rev. Leslie T. Pennington of Cambridge, Mass.

Total	955

The afternoon session concluded with an address by the President of the Association, in which he called attention to certain special achievements during the preceding year, and also set forth certain general lines of policy which the Directors and officers of the Association propose to follow for the present.

Among the achievements of the last year, the President laid special emphasis upon the way in which the churches of New Eng-

land met the disaster caused by the tropical hurricane of September, 1938, and the generosity with which the churches throughout the country responded to the appeal for the stricken churches of New England; the joint enterprise with the American Friends Service Committee, in which Rev. and Mrs. Waitstill H. Sharp have rendered such conspicuous service in Prague; the increasing spirit of co-operation among the various denominational agencies; and the recent establishment of "The Journal of Liberal Religion", under the joint auspices of the Unitarian Ministerial Union and the Meadville Theological School.

With regard to the present policies of the Association, the President laid particular stress upon the effort to enhance the status of the parish minister, to increase the present low rates of compensation, and to provide something like reasonably adequate pensions for ministers who have retired; in the field of church extension, the effort to concentrate upon a limited number of really promising opportunities where new ventures should be adequately supported for a limited period of time; within the administrative organization itself, the proposal to set up a Division of Promotion to which will be assigned the task of developing new methods of carrying our liberal gospel to the public; and the importance of laying even greater stress upon the strengthening of our spiritual life as a religious fellowship.

At the conclusion of the President's address, an offering was taken for further increasing the projected radio program, amounting (including pledges) to $744.95.

The meeting adjourned with a hymn and the benediction by the President.

ANNUAL REPORT OF THE TREASURER

AUDITOR'S REPORT

BOSTON, JULY 27, 1939

We have made an examination of the accounts and financial records of the American Unitarian Association, and its Publications Department, and The Beacon Press, Inc., for the year ended April 30, 1939, and ascertained: that all cash recorded as received was properly deposited in the banks; that all income due from investments was received or satisfactorily accounted for; that disbursements were supported by cancelled checks or other proper vouchers; that the cash balance as at April 30, 1939, as called for by the books was on deposit or in transit at that date; and that the investments shown in Table S were on hand on April 30, 1939 or satisfactorily accounted for.

SCOVELL, WELLINGTON & COMPANY.

ANNUAL REPORT OF THE TREASURER

The Annual Report of the Treasurer for the fiscal year ending April 30, 1939, submitted herewith, contains the details of receipts, expenditures, funds, and investments, together with the Balance Sheet and other information regarding the financial affairs of the Association.

The following is a brief index of the contents of the report:

Special Reports:	*Page*
1. Building Loan Fund	40
2. Funds for Special Aid	41
Treasurer's Statement, showing all receipts and expenditures during the year	44, 45
Table A, Contributions during the year	47
Table B, Bequests and Gifts, other than Contributions	58
Table C, Principal and Income of Invested Funds and Income of Funds held by other Trustees	62
Tables D-O, inclusive, Details of Expenditures during the year	89, 95
Tables P-Q, inclusive, Investments in Real Estate	96
Table R, Statement and List of Loans of the Building Loan Fund	102
Table S, Bonds and Stocks of the Association	106
Table T, Balance Sheet	111
Table U, The Beacon Press Inc. Statements	112

The total of contributions from societies and individuals as shown in Table A, was $30,470.38, which is $5,895.53 less than was received in the previous year. From churches in the United States and Canada the Association received $25,541.07, a decrease from the previous year of $5,405.44. In this connection attention should be called to the fact that in addition to the above the Association received during the year over $11,000 from churches and individuals for relief to New England churches which were damaged by the hurricane in September, 1938, and also over $12,000 was collected by the Commission for Service in Czecho-Slovakia from the same sources, for relief and service in that stricken country where we have close connections with the Unitarian and Czechoslovakia churches.

The rate of income paid by the Association on those funds which are invested in the General Investment Fund for the fiscal year which closed on April 30 was 3.952%. In other words, the Association paid income of $39.52 on every thousand dollars invested in the General Investment Fund during the whole year. This is $3.77 less per thousand dollars than that paid the previous year and the decrease is due to the lower returns from the investments of the Association in stocks and to the fact that reinvestment of the proceeds of called bonds has had to be made in securities carrying a much lower interest rate.

The income of the Association for general purposes was $184,934.99, and expenditures for general purposes were $212,491.15. The difference was made up by use of the Reserve Fund, which had been augmented during the year by the proceeds from sale of certain real estate.

The Treasurer will be glad to give further information with regard to the finances of the Association upon request, and will welcome suggestions as to the method of presentation of the figures contained in the report.

BUILDING LOAN FUND

CHURCHES and societies planning to erect new buildings, to enlarge or improve their present facilities turn to this Fund. On approval of applications by the proper committees, loans are made without interest on security satisfactory to the Committee and repaid in annual installments.

The principal of this Fund at the present time amounts to $373,811.14, having been increased during the year by $315.97.

During the year five loans have been repaid in full and twenty-one new loans totalling $57,955 have been made, as shown by the list below. Many of these loans were made to assist churches to repair damage caused by the hurricane in September, 1938, and it will be noticed that the fund has been of great benefit in this crisis.

Athol, Mass.	$ 600	So. Natick, Mass.	$ 600
Calais, Me.	1,000	Northboro, Mass.	2,000
Concord, N. H.	700	Pittsburgh, Pa.:	
Dedham, Mass.	750	North Side Church	155
Dover, Mass.	1,500	Quincy, Mass:	
Geneseo, Ill.	500	First Cong. Soc.	1,800
Marblehead, Mass.	2,000	Sandwich, Mass.	1,000
Medfield, Mass.	2,500	Scituate, Mass.	300
Milford, N. H.	550	Sherborn, Mass.	2,000
Minneapolis, Minn.	7,500	Springfield, Mass.	600
Montpelier, Vt.	1,500	Westwood, Mass.	400
		Worcester, Mass.	30,000

There are now outstanding loans to eighty-eight churches, as shown in detail on page 102 of this report.

The total amount loaned since the foundation of this Fund and the Church Building Loan Fund of 1884 has been $1,444,988.49 and during this time there have been 411 separate loans.

FUNDS FOR SPECIAL AID

THE following is a report on the funds for special aid of which the Association acts as trustee:

1. Funds the income of which is used for pensions to Unitarian ministers:

   The Unitarian Service Pension Society Permanent Fund was increased $9,954.59 during the year by the following bequests: Mrs. Lydia F. Chandler of Worcester, Mass., $54.59; Edward Lanning of Dorchester, Mass., $2,500.00; James P. Parmenter of Arlington, Mass., $2,400.00; Mrs. Nellie B. Stewart of San Diego, Calif., "as a memorial to my aunt, Carrie de Clereq West", $5,000.00. The principal of this Fund now is $610,656.21.

The income of the Permanent Fund, together with the incomes of the Aaron Bancroft, the Mary A. Butler, the Louis B. Carr, the David Reed, the Caroline Southwell Root, the Clara M. Rotch, the Emily E. Shepard, the Esther M. Whitney, the Lucy B. Willson, the Hull, Chicago, and the Joshua Young, D.D., funds, with an aggregate principal of $62,233.50, was expended for pensions. Also the income of the Henry A. Root Fund, with a principal of $5000 held by the Permanent Charity Fund, is available due to the closing of the First Unitarian Church of Winthrop, Mass.

Unitarian ministers who are sixty-five years of age or over, and who have an honorable record of at least twenty years' active professional service in the Unitarian ministry are eligible for these pensions.

During the year the Association, as agent for the transmission of the contributions made to the Society, distrib-

uted under instructions from the officers of the Society, $37,658.97 to the qualified beneficiaries. This is a decrease of $1,051.76 from the amount distributed the previous fiscal year.

2. Ministerial Aid Funds.

The principal of the Ministerial Aid Fund is $162,405.34. In addition to this fund the Association holds nine other funds aggregating $47,136, the income of which is used for the benefit of Unitarian ministers. From these incomes grants have been made during the year to the amount of $8,199.87 to eighty-three ministers. This aid is given when evidence is confidentially laid before the committee that these friends, by reason of illness themselves, sickness of members of their households, or some pressing financial emergency, are in need of immediate help.

3. Sustentation Fund.

This fund was established by receipts from the Unitarian Campaign, Inc., and under the conditions of the trust the income is applied to supplement the inadequate salaries of ministers of deserving churches. Care is taken not to create or foster a sense of dependence, and the grants are expected to stimulate the sense of responsibility of the parish for the payment of an adequate salary.

At the beginning of the year the sum of $1500 was set aside from the income, to be used as scholarships for the education of ministers' children and ten young people attending college were benefited by this.

The principal of the Sustentation Fund is $256,399.04, and from its income during the fiscal year ending April 30, 1939, $11,362.73 was paid to forty-five ministers and their children.

4. Cruft Memorial Fund.

During the year the Association has distributed $6,837.83 from the income of this Fund to forty-five beneficiaries. This Fund was established under the will of Miss Harriet Otis Cruft and, in accordance with her wishes, the income is distributed to women of American birth and Protestant religion of good character over sixty years of age who from illness or misfortune are in great need.

5. Chandler Robbins Fund.

The income of this Fund, amounting last year to $512.58, has been a help to three persons who were eligible under the terms of the trust.

6. Althea Grace Sargent Fund.

This Fund was established in 1934 by a bequest of $9,729.60 under the will of Clarence L. Sargent, the income of which is distributed toward the care and support of children who are without financial means, themselves, and have no parents or relatives who are bound by law to support them, and are unable to provide for their own support and maintenance by reason of permanent bodily incapacity. During the past year grants amounting to $460 were distributed to two beneficiaries.

TABLE P

INVESTMENTS IN CHURCH PROPERTIES

The Association has interests in a number of church properties which have from time to time been conveyed to it. In a few cases the title is unconditioned; in most cases the property is held by deed or mortgage upon conditions which give the use of the property to the society as long as it maintains religious services and remains in the Unitarian fellowship.

When any part of the money needed to accomplish this object has passed through the treasury of the Association, it appears on the books as a non-income bearing investment. The amount so invested is, in most cases, but a part of the value of the property.

When the interest of the Association does not represent any monetary investment on the part of the Association, it is carried on the books as an investment of $1.00.

REPORT OF THE BOARD OF DIRECTORS TO THE ANNUAL MEETING 11

MINUTES OF THE ONE HUNDRED AND FIFTEENTH ANNUAL MEETING 17

ANNUAL REPORT OF THE TREASURER 29

Report of the Board of Directors

To the American Unitarian Association:

AS provided by the By-Laws of the Association, the Board of Directors herewith submits its Annual Report for the year 1939-1940.

Meetings and Committees

At the four Board meetings held during the year, in May, October, January and March, the average attendance of members has been 28. At each meeting also, there have been at least five regional representatives and six officers present.

Mr. Charles O. Richardson, of Weston, elected Chairman in May, has presided at all meetings of the Board and of the Executive Committee, of which he is also Chairman. The Executive Committee meets at the Chairman's call, to transact business requiring attention between Board meetings and to attend to routine matters on which the time of the Board itself need not be spent. The Executive Committee has met eleven times during the year.

The amount of work accomplished by the Department and Division committees has been greater during this past year than ever before. The degree of participation by representative Unitarian men and women has also been marked—no less than ninety-eight individuals, besides the members of your Board, sharing in this committee work

and thus helping to shape denominational policy. Seven meetings have been held by the Finance Committee, six by the Department of Social Relations, five by the Department of Religious Education, and four each by the Budget Committee and the Departments of the Ministry, Church Extension, Foreign Relations, and Promotion. The Library Committee has met twice, while the sub-committees of the Department of the Ministry have met as follows: on Placement, twelve times; on Ministerial Aid, eight times; on Fellowship, five times; on Sustentation, four times; and on Scholarships, two times. Add to these, three meetings of the Commission on Planning and Review, three of the Business Committee, two of the Nominating Committee, and one of the Program Committee, and the record of a year's careful and time-consuming work is complete.

Reorganization

Previous to the last Annual Meeting your Board had given its approval in general to the creation of a Division to be especially concerned with publicity and promotion. At its meeting in May, 1939, the Board by vote established the Division of Promotion and Publications, of which Dr. Everett M. Baker became acting director.

In connection with this Division, several important matters should be mentioned. The Beacon Press, Inc. has been practically liquidated, and this Division will engage in the business of publishing religious books over the Association imprint and distributing them. Then at its October meeting, your Board, facing the desperate financial situation of The Christian Register, and unwilling to subject Association resources to further drain through loans and grants, voted to take over the assets and liabilities of the paper. Your Board believes that The Christian Register, maintained by

the Association in close cooperation with the new Division of Promotion and Publications, may be an effective medium of communication within the Fellowship, as well as an independent journal of religious opinion possessing complete editorial freedom. At the January meeting, an Advisory Board for the Register was authorized, to be made up of five members appointed by nominations from each of the major denominational agencies. The following members of this Advisory Board were appointed in March:

Rev. Herbert Hitchen, Chairman
Miss Ruth M. Twiss
Mr. Leonard Ware
Mr. Forest K. Davis
Mr. Frederic G. Melcher

The Division of Promotion and Publications has also been responsible for and carried through the first series of carefully prepared and executed radio broadcasts. The collection taken at the Annual Meeting of the Association in 1939, amounting to $757.95, was used largely for the printing and distribution of these broadcasts.

Further reorganization of the Association's administrative affairs is contemplated. Your Board, at its March meeting, appointed a committee to recommend plans for establishing a Division of Education, which might include the present Departments of Religious Education and Social Relations, as well as the Association's share of the Youth Commission work. It is expected that such a Division, correlating all the educational work of the Association, could invigorate and advance the whole Unitarian program of education. Details of this proposed Division are now being studied. Another projected change in organization contemplates the formation of a Division of Churches, embrac-

ing the two present Departments of Church Extension and the Ministry.

These administrative changes, either already made or suggested, are in the interests of a simpler and more flexible, as well as a more economical and effective organization. It is possible that in the future the number of highly paid executives might be reduced, and the staff of junior executives enlarged. The ends which the present administration has in view are a greater realization of the essential interdependency of all the branches of our work, and the development of a more vital collaboration by all concerned.

War

When your Board met in October for its first meeting after the outbreak of war in Europe, the President of the Association read a letter which had been addressed to all the churches. This statement of wise and sound principles for the life and conduct of religious organizations and individuals in time of war was unanimously approved and authorized by the Board. The churches of the Fellowship, to which this letter was sent, met it with an enthusiastic cordiality of response.

Also early in the autumn of 1939 the Board welcomed back from Europe Rev. and Mrs. Waitstill H. Sharp, who had spent seven months as the representatives of our Association doing relief and refugee work with Czechoslovakians, in Prague and elsewhere. Their brave, understanding, and effective service has received from all sides enthusiastic commendation. Your Board wishes to add in this report its tribute of gratitude and honor.

As this report is being prepared, Dr. Robert C. Dexter has returned from Europe. He was authorized by your

Board at its January meeting to make a study in various countries—either warring or neutral—of the possibilities of Unitarian service abroad, with especial attention to the refugee problem. He and Mrs. Dexter, who accompanied him, have given strenuous weeks to this study, and will undoubtedly present to the Unitarian Service Committee—the appointment of which was authorized by your Board at its March meeting—challenging opportunities for the mobilizing of Unitarian strength to meet human needs in a world at war.

Miscellaneous

At its January meeting, the Board authorized a contribution from the Association of $3,000 toward the cost of permanent and structural improvements in the house at Number Sixteen Beacon Street, now held and occupied by the Universalist Publishing House, but in which the Association retains a reversionary interest under certain contingencies. This friendly and cooperative action was recommended by the administration and gladly endorsed by your Board.

The Board with real regret voted at its March meeting to discontinue the maintenance of the Whitney Homestead at Stow, Massachusetts, in the conviction that its continuance would involve unjustifiable expense. At the same meeting, your Board authorized the selection of Pittsburgh, Pa., as the place where the 1941 Biennial Conference shall be held.

Conclusion

Your Board has before this expressed its deep appreciation of the devoted and effective work done by the officers and staff of the Association. It would this year express

again that appreciation more emphatically if possible. In spite of financial limitations, the work has progressed as many of us would not have believed possible a year ago, and your Board of Directors heartily commends the wisdom and skill of your executive officers, and looks forward with optimism to an increasing support for our work and, with it, an increasing measure of success.

Respectfully submitted,

CHARLES O. RICHARDSON,
Chairman

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 23, 1940

THE 115th Annual Meeting of the American Unitarian Association was held on Thursday, May 23, 1940, in Tremont Temple, Boston, Massachusetts, and was called to order by the President at 9:30 a.m.

The devotional service was conducted by Rev. Abbot Peterson, D. D., of Brookline, Mass.

The Moderator, Hon. Sanford Bates, presided and introduced Hon. Leverett Saltonstall, Governor of Massachusetts, who addressed the meeting and brought the greetings of the Commonwealth.

The rules of procedure as recommended by the Business Committee were adopted, and the Committee on Credentials and the Committee on Ballots, as nominated by the Business Committee, were elected.

Messages of greeting were read from the General Assembly of Unitarian and Free Christian Churches (Great Britain), the International Association for Liberal Christianity and Religious Freedom (Utrecht), the Unitarian Church of Transylvania, the Unitarian Church of Hungary, and the Unitarian Church of Auckland, New Zealand.

The President presented the report of the Board of Directors of the Association, which is printed in full in this Report.

The Treasurer presented his annual report.

Amendments to the By-Laws

On motion by Rev. Owen W. Eames, of Springfield, Mass., and upon recommendation by the Business Committee, the following amendment to the By-Laws of the Association was adopted:

That Article VII, Section 6, as amended May 25, 1939, be further amended by substituting the word "forty-two" for the word "twenty-eight" so as to read:

6. It shall be the duty of the Business Committee to receive and report upon all resolutions or other matters to be presented for action at any annual, biennial, or special meeting of the Association (except such matters as are provided for in these by-laws), and, except by consent of a three-quarters vote of those present and voting at the meeting, only such matters as have been presented to the Business Committee at least *forty-two* days prior to the meeting shall be considered.

The amendment offered at the Annual Meeting in 1939 by Rev. Ernest Caldecott, of Los Angeles, California, was withdrawn.

The following amendments to the By-Laws were introduced for action at the Annual Meeting in 1941:

By the Business Committee:

(1) To amend Section 1 of Article V by substituting the word "nine" in place of the word "eight" and by substituting the words "one from the Southeastern States, one from the Southwestern States", in place of the words "one from the Southern States", so that as amended said section will read:

1. The officers shall be a Moderator; a President; and nine (9) regional Vice Presidents, one of whom at the time of his or her election shall be from Northern New England, one from Southern New England, one from the Middle Atlantic States, one from the Southeastern States, one from the Southwestern States, one from the Central West, one from the Rocky Mountain States, one from the Pacific Coast, and one from the Dominion of Canada; a Secretary; a Treasurer. These officers, with twenty-four (24) other persons, shall constitute the

Board of Directors. They shall be chosen by ballot at annual meetings, except that the Board of Directors may fill any vacancy to hold until the next annual meeting.

(2) To amend Section 1 of Article VI by substituting the words "four times each year" in place of the words "once in three months", so that said section will read as follows:

1. The Board of Directors shall meet at least four times each year, ten members constituting a quorum, and shall have charge of all the business and interests of the Association, the direction of its funds and operations, and authority to call special meetings of the Association whenever they shall deem it necessary or expedient.

By Rev. Ernest Caldecott, of Los Angeles, California:
To amend Article X as follows:

(a) In Section 2 strike out the word "and" after the word "League" and after the word "Union" insert the words "and the Fellowship for Social Justice" so that the amended section will read:

2. The Unitarian Ministerial Union, the General Alliance of Unitarian and Other Liberal Christian Women, the Unitarian Laymen's League, the Young People's Religious Union, and the Unitarian Fellowship for Social Justice shall each have the right to nominate one director to serve for one year.

(b) Strike out Section 3.

(c) Sections 4 to 7 inclusive to be renumbered Sections 3 to 6, inclusive.

Rev. Roy B. Wintersteen, representing the Business Committee, reported concerning action taken pursuant to the resolutions adopted by the Association at its last annual meeting.

Mr. Frank C. Smith, Jr., of Worcester, Mass., presented an interim report for the Commission on Planning and Review.

RESOLUTIONS

On motion by the Chairman of the Business Committee, resolutions of greeting were adopted by the Association addressed to the Universalist General Convention, the General Assembly of Unitarian and Free Christian Churches, (Great Britain), the International Association for Liberal Christianity and Religious Freedom, (Holland), to the Unitarians in Belgium, Denmark, Hungary, Roumania, Switzerland, the Philippine Islands, India, and France.

Resolutions were adopted extending the greetings and congratulations of the Association to the churches admitted to the fellowship during the year: The Peoples Liberal Church of Englewood, Illinois; the First Unitarian Society of Fort Wayne, Indiana, and the Grosse Pointe Unitarian Church, Grosse Pointe, Michigan.

The following resolutions were adopted:

DENOMINATIONAL AFFAIRS

1. *The Christian Register*

As submitted by W. Ellis Davies, Wollaston, Mass.

WHEREAS the *Christian Register* is a necessary and valuable institution for the promotion of the ideals of our liberal religion, and

WHEREAS since January 1, 1940, when the American Unitarian Association became the publisher of the *Christian Register,* over 1000 new subscriptions have been received through the active co-operation of ministers, Alliance branches, and lay leaders in our churches,

THEREFORE, BE IT RESOLVED that the 115th Annual Meeting of the American Unitarian Association urge upon all constituent churches continuation of this effort to support the *Christian Register* and increase subscriptions, in order that through its influence our ideals of

religious freedom and discussion may be extended, and the publication may approach a status of self-support.

2. *Anniversaries of Printing*

As submitted by Livingston Stebbins, Cambridge, and W. Forbes Robertson, Belmont, and amended by Henry Wilder Foote, Belmont, Mass.

WHEREAS this year 1940 is the 500th anniversary of the invention of printing; the 400th anniversary of the printing of the first book on the American continent; and also the 300th anniversary of the printing of the first book in the English Speaking Colonies and as this first book printed in the English Speaking Colonies was a church hymn book, "The Whole Booke of Psalmes,"

BE IT RESOLVED that the American Unitarian Association in Annual Meeting declare it to be especially appropriate that these anniversaries be observed in each of our churches by a special service, emphasizing the part which, through the centuries, printing has played in the spiritual, moral, and intellectual progress of mankind.

3. *Policy Regarding Aided Churches*

As submitted by the Department of Unitarian Extension, and amended by Rev. Ethelred Brown, New York City.

Because the resources available for grants to already established churches are urgently needed for the work of planting new churches; and

Because there are churches now receiving annual grants which have been on the aided list for many years without showing either increase of strength or any real promise of becoming self-supporting; and

Because the experience of the Department during the last three years has demonstrated that a definitely recognized partnership between the Association and the local church, in which the rights of the church are not overlooked, increases the effectiveness of the work; and

Because the Association desires in every way to respect and maintain the basic principle of congregational inde-

pendence while at the same time recognizing that there is an obligation to use wisely the funds entrusted to it for the extension of our Unitarian cause;

BE IT RESOLVED that the Association requests the Board of Directors to formulate a long-term policy with regard to the aided churches which will enable the Department of Unitarian Extension to classify the churches receiving aid, and establish definite relations of partnership with the churches on the basis of this classification, so that the program of church extension may be pushed forward more rapidly and the resources of the Association may be more efficiently used, provided always that, in addition to statistical results, appropriate regard be given to the peculiar religious need of the community in which an aided church is located, and that full account be taken of the value of such church as a leavening influence and as a missionary agency striving seriously and consistently to meet that need.

INTERNATIONAL RELATIONS

6. *World Federal Union*

As submitted by Frederick Winsor, Brookline, Mass., revised and amended by the Business Committee.

WHEREAS a series of events has occurred since our One Hundred and Fourteenth Annual Meeting which has emphasized the necessity of so organizing international relations as to protect weaker nations against attack, restore the validity of International Law, guarantee the Personal Liberties of mankind, and save Democratic Government from the danger in which it now stands;

AND WHEREAS it is even clearer than it was one year ago that when a war occurs no nation anywhere, whether or not involved in the actual fighting, can separate itself from the disastrous consequences;

BE IT RESOLVED that the One Hundred and Fifteenth Annual Meeting of the American Unitarian Association hereby affirms its conviction that through the combined

action of the Free Peoples of the world there can be hope of preventing war and saving Democratic Liberties, and again recommends to all constituent churches the careful study of the plan of a Federal Union of Free Peoples as the nucleus of an eventual World Commonwealth, advocated by the Inter-democracy Federal Unionists. At the same time this meeting recommends the study also of all other plans looking forward to world cooperation and government such as, first, the New Commonwealth plan; second, the League of Nations, with particular reference to the new Bruce proposal for the creation of an economic section in the League; third, plans for world control of armaments, with special attention to the plans devised by the recent studies on the subject.

7. *Service for Refugees*

As submitted by the Department of Social Relations, and amended by Mrs. George Pieksen, of St. Louis.

RESOLVED: That the One Hundred and Fifteenth Annual Meeting of the American Unitarian Association expresses its deep sympathy for the men and women of Europe who, on account of racial background or religious and political beliefs, face oppression if not extermination;

That we urge upon our churches an extension of the effort already so well established whereby temporary hospitality will be provided to newly arrived refugees en route to a more permanent abode.

Problems in Democracy

8. *Youth and Unemployment*

As submitted by Henry V. Atherton, Boston, Mass.

WHEREAS the United States is still faced with a heavy burden of unemployment; and

WHEREAS the effects of widespread unemployment bear nowhere so heavily as on youth; and

WHEREAS such continued unemployment at this time needlessly wastes the resources, human and material, of the country at a time when it cannot well spare them;

THEREFORE BE IT RESOLVED that the One Hundred and Fifteenth Annual Meeting of the American Unitarian Association deplores this unfortunate situation and recommends that its constituent churches and their members take such action as they may to increase paid employment among young people in their respective localities and throughout the country.

9. *The Church and Community*

As submitted by Charles A. Engvall, Manchester, N. H.

WHEREAS democracy begins at home in local governmental units; and

WHEREAS study and social action by churches, denominationally and interdenominationally, contribute to the improvement of these units,

BE IT RESOLVED that the American Unitarian Association requests its member churches and other affiliated organizations to study for the coming year application of religion at work in the local community to such problems as relief, taxes, housing, planning, methods of election, types of administration and other related subjects; and

BE IT FURTHER RESOLVED that the Department of Social Relations serve as a clearing house and co-ordinating agency for these studies.

10. *Birth Control*

As submitted by Mrs. Walter B. Cannon, Cambridge, Mass., and amended by Dana McL. Greeley, Boston, Mass.

RESOLVED that in the light of recent developments indicating a trend toward the abridgment of individual rights in the matter of planned families, the American Unitarian Association and its several churches give every support to legislation designed to recognize the rights of married people to regulate and plan their families in a way most consistent with the welfare, health, and safety of parents and child; and furthermore, that encouragement should be given in any effort to secure to physicians the right to serve such clients.

11. *Conscientious Objection to War*

As submitted by Larry S. Davidow, Detroit, Mich., and amended by the Business Committee.

WHEREAS the Unitarian Church has traditionally asserted the rights of its members to liberty of individual thought and conscience in all matters; and

WHEREAS many in the Unitarian fellowship, particularly ministers and members of the Young People's Religious Union, have urged the American Unitarian Association to declare that conscientious objection to participation in war is such a right;

THEREFORE BE IT RESOLVED that the American Unitarian Association does hereby record its support of the right of the sincerely conscientious objector to abstain from actual participation in warfare, and

BE IT FURTHER RESOLVED that the American Unitarian Association does hereby authorize and instruct its Board of Directors to make such necessary representations to the appropriate governmental authorities urging them to set up such safeguards and machinery as will insure, first, the proper designation and description of those who are actually conscientious objectors, regardless of religious, or lack of religious affiliation, and second, that conscientious objectors may be treated in a manner commensurate with the dignity of the human personality and permitted such activity other than actual participation in war itself, as may be deemed just.

12. *Registry of Conscientious Objectors*

As submitted by the Department of Social Relations.

WHEREAS the Unitarian Church has traditionally asserted the rights of its members to liberty of individual thought and conscience in all matters; and

WHEREAS many in the Unitarian Fellowship, particularly ministers and members of the Young People's Religious Union, have urged the American Unitarian Association to declare that conscientious objection to participation in war is such a right; and

WHEREAS these Unitarians have asked to register with the American Unitarian Association their conscientious convictions against participation in war;

THEREFORE BE IT RESOLVED that the American Unitarian Association hereby affirms the right of its members to freedom of personal religious thought, including the right of conscientious objection to participation in war; and

BE IT FURTHER RESOLVED that the American Unitarian Association, through its Board of Directors, shall provide for accepting and recording voluntary written statements by Unitarians of their objection to participation in war, and shall administer this registry of statements, and shall present it to the proper governmental authority whenever the question of the status or integrity of conscientious objectors to war shall become an issue.

The official ballot prepared by the Nominating Committee having been distributed to the delegates as they entered the meeting, the Moderator announced that the Committee on Ballots would receive marked ballots at the doors of the hall at the close of the Morning Session.

The meeting adjourned at 12:45 to reconvene at 2 p.m.

AFTERNOON SESSION

The afternoon session was called to order by the President, and opened with a devotional service conducted by Rev. Simeon E. Cozad, of Lowell, Mass., and a brief ceremony of welcome to the new ministers in the fellowship, with an address by Rev. Dan Huntington Fenn, of Chestnut Hill, Mass.

The President then presented Mrs. Reinhardt to the meeting, and after a brief address the new Moderator took the chair.

The Chairman of the Committee of the Division of Promotion and Publications, Mr. Frederic H. Fay, and the Director of the Division, Rev. Everett M. Baker, presented a report of the work of the division.

The President delivered his annual address, in which he called special attention to the newly appointed Unitarian Service Committee and announced that Rev. and Mrs. Waitstill H. Sharp have accepted the invitation of the Committee to go back to Europe to take up the work with Czechoslovakian refugees in France.

Dr. Robert C. Dexter, Executive Director of the Unitarian Service Committee, addressed the meeting with regard to the work already done in Czechoslovakia and the plans for further work in France.

At the close of Dr. Dexter's address a collection was taken for the work of the Unitarian Service Committee, amounting to $646.81 in cash and $745 in pledges, a total of $1,391.81.

The meeting adjourned at 4:30 with a hymn and benediction.

ANNUAL REPORT OF THE TREASURER

ANNUAL REPORT OF THE TREASURER

The Annual Report of the Treasurer for the fiscal year ending April 30, 1940, submitted herewith, contains the details of receipts, expenditures, funds, and investments, together with the Balance Sheet and other information regarding the financial affairs of the Association.

The following is a brief index of the contents of the report:

Special Reports:	*Page*

Tables H and I, Investments in Real Estate	93
Table J, Statement and List of Loans of the Building Loan Fund	100
Table K, Bonds and Stocks of the Association	103
Table L, Balance Sheet	107
Table M, The Beacon Press Inc. Statements	108
Table N, Publication Department Statements	110
Table O, Christian Register Statements	112

The Treasurer's Statement of Receipts and Expenditures on page 38 is presented to show, in as concise a manner as possible, the major financial transactions during the year. In certain cases the figures are net. While a more professional method would be to place all receipts on one side and all expenditures on the other side of the statement yet, in order to make the situation clearer to those who are not familiar with accounting technique, we have set it forth in this manner.

It will be noted that the tables of expenditures in this report are grouped under four Divisions, whereas in previous years these tables were listed under Departments. This change is made to conform to the reorganization of activities as approved by the Directors.

During the year the Association started the liquidation of the business of The Beacon Press and arrangements were made for the Publication Department to take over that part of the business which dealt exclusively with religious publications. Balance sheets and income statements of The Beacon Press aad the Publication Department are shown in Tables M and N. Also during the year the Association took over the publication of The Christian Register. The assets and liabilities have not been transferred to the books of the Association and are not included in the Balance Sheet of the Association shown in this report. Table O contains the Balance Sheet and Income Statement of The Christian Register.

There has been set up on the books of the Association a Reserve Account in the amount of $551.76 to take care of the reduction of cash of $3,805.26 in the Royal Bank of Canada to equivalent United States currency, or $3,253.50. Of this Reserve Account, $208.75 was received from actual

gain in exchange during the year, and the balance required, $343.01, is shown as "Loss in Foreign Exchange" in the Treasurer's Statement.

The total of contributions from societies and individuals as shown in Table A was $31,097.58, which is $627.20 more than was received in the previous year. From churches in the United States and Canada the Association received $27,199.05, an increase of $1,657.98 over the previous year.

The rate of income paid by the Association on those funds which are invested in the General Investment Fund for the fiscal year which closed on April 30, 1940, was 4.044%. In other words, the Association paid $40.44 on every thousand dollars invested in the General Investment Fund during the whole year. This is $0.92 more per thousand dollars than the amount paid the previous year, and the slight rise shows that increased dividends from stocks more than offset the fact that reinvestment of the proceeds from called bonds was made at a lower rate. The book value of all securities of the Association as listed in Table K is $6,390,760. The market value of these securities on April 30, 1940 was $5,409,580.

As shown in the Treasurer's Statement, the income of the Association for general purposes was $189,842.12, and the expenditures for general purposes were $211,191.16. The difference was taken from the Reserve Fund.

The Treasurer will be glad to give further information with regard to the finances of the Association upon request, and will welcome suggestions as to the method of presentation of the figures contained in the report.

PARKER E. MAREAN,
Treasurer.

BUILDING LOAN FUND

CHURCHES and societies planning to erect new buildings, to enlarge or improve their present facilities turn to this Fund. On approval of applications by the proper committees, loans are made without interest on security satisfactory to the committee and repaid in annual installments.

The principal of this Fund at the present time amounts to $373,992.74, having been increased during the year by $181.60.

During the year eight loans have been repaid in full and seven new loans totalling $24,650.00 have been made, as shown by the list below.

Brooklyn, Conn.	$ 800.00	Norwell, Mass.	$1,000.00
Hinsdale, Ill.	300.00	Omaha, Nebr.	1,150.00
Northboro, Mass.	800.00	Westwood, Mass.	600.00
		Worcester, Mass.	20,000.00

There are now outstanding loans to eighty-five churches, as shown in detail on page 93 of this report.

The total amount loaned since the foundation of this Fund and the Church Building Loan Fund of 1884 has been $1,469,638.49 and during this time there have been 419 separate loans.

FUNDS FOR SPECIAL AID

THE following is a report on the funds for special aid of which the Association acts as trustee:

1. Funds the income of which is used for pensions to Unitarian ministers:

The Unitarian Service Pension Society Permanent Fund was increased $12,200.00 during the year by the following gift and bequests: anonymous gift, $1,000.00; bequest of Miss Fanny Field of Boston, Mass., $1,000.00; bequest of Paul Revere Frothingham of Boston, Mass., $10,000.00; bequest of James P. Parmenter of Arlington, Mass., additional $200.00. The principal now stands at $622,856.21.

The income of the Permanent Fund, together with the incomes of the Aaron Bancroft, the Mary A. Butler, the Louis B. Carr, the David Reed, the Caroline Southwell Root, the Clara M. Rotch, the Emily E. Shepard, the Esther M. Whitney, the Lucy B. Willson, the Hull—Chicago, and the Joshua Young, D.D., funds, with an aggregate principal of $62,233.50, was expended for pensions. Also the income of the Henry A. Root Fund, with a principal of $5,000 held by the Permanent Charity Fund, is available due to the closing of the First Unitarian Church of Winthrop, Mass.

Unitarian ministers who are sixty-five years of age or over, and who have an honorable record of at least twenty years' active professional service in the Unitarian ministry are eligible for these pensions.

During the year the Association, as agent for the transmission of the contributions made to the Society, distributed under instructions from the officers of the Society, $35,596.89 to the qualified beneficiaries. This is a decrease of $2,062.08 from the amount distributed the previous fiscal year.

2. Ministerial Aid Funds.

The principal of the Ministerial Aid Fund is $162,405.34. In addition to this fund the Association holds nine other funds aggregating $47,136, the income of which is used for the benefit of Unitarian ministers. From these incomes grants have been made during the year to the amount of $6,898.70 to seventy-three ministers. This aid is given when evidence is confidentially laid before the committee that these friends, by reason of illness themselves, sickness of members of their households, or some pressing financial emergency, are in need of immediate help.

3. Sustentation Fund.

This fund was established by receipts from the Unitarian Campaign, Inc., and under the conditions of the trust the income is applied to supplement the inadequate salaries of ministers of deserving churches. Care is taken not to create or foster a sense of dependence, and the grants are expected to stimulate the sense of responsibility of the parish for the payment of an adequate salary.

At the annual meeting of the Sustentation Committee on January 9, 1940, it was voted to set aside a portion of the income to be used as grants to sons and daughters of Unitarian ministers in securing

an education, and six young people attending college have been benefited by this.

The principal of the Sustentation Fund is $256,399.04, and from its income during the fiscal year ending April 30, 1940, $12,131.18 was paid to sixty three ministers and their children.

4. Cruft Memorial Fund.

During the year the Association has distributed $6,895.65 from the income of this Fund to fifty-one beneficiaries. This Fund was established under the will of Miss Harriet Otis Cruft and, in accordance with her wishes, the income is distributed to women of American birth and Protestant religion of good character over sixty years of age who from illness or misfortune are in great need.

5. Chandler Robbins Fund.

The income of this Fund, amounting last year to $524.51, has been distributed under the terms of the trust.

6. Althea Grace Sargent Fund.

This Fund was established in 1934 by a bequest of $9,729.60 under the will of Clarence L. Sargent of Brockton, Mass., the income of which is distributed toward the care and support of children who are without financial means, themselves, and have no parents or relatives who are bound by law to support them, and are unable to provide for their own support and maintenance by reason of permanent bodily incapacity. During the past year grants amounting to $720.00 were distributed to four beneficiaries.

AUDITORS' REPORT

BOSTON, JULY 29, 1940

We have examined the financial statements of American Unitarian Association, as listed in our report for the fiscal year ended April 30, 1940, have reviewed the system of internal control and the accounting procedures of the association and have examined its accounting records and other supporting evidence, by methods and to the extent we deemed appropriate.

We satisfied ourselves that all cash recorded as received was properly deposited in the bank, that all income due from investments was received or properly accounted for, and that disbursements were supported by cancelled checks and properly approved vouchers; and we examined or otherwise satisfactorily accounted for the investments on hand at April 30, 1940.

In our opinion, the accompanying balance sheet and supporting schedules present fairly the position of American Unitarian Association at April 30, 1940, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

TABLE H

INVESTMENTS IN CHURCH PROPERTIES

The Association has interests in a number of church properties which have from time to time been conveyed to it. In a few cases the title is unconditioned; in most cases the property is held by deed or mortgage upon conditions which give the use of the property to the society as long as it maintains religious services and remains in the Unitarian fellowship.

When any part of the money needed to accomplish this object has passed through the treasury of the Association, it appears on the books as a non-income bearing investment. The amount so invested is, in most cases, but a part of the value of the property.

When the interest of the Association does not represent any monetary investment on the part of the Association, it is carried on the books as an investment of $1.00.

REPORT OF THE BOARD OF DIRECTORS TO THE ANNUAL MEETING 11

MINUTES OF THE ONE HUNDRED AND SIXTEENTH ANNUAL MEETING 18

ANNUAL REPORT OF THE TREASURER 31

Report of the Board of Directors

To the American Unitarian Association:

AS provided by the By-Laws of the Association, the Board of Directors herewith submits its Annual Report for the year 1940-1941.

Meetings

Four meetings have been held with an average attendance of 26 members. Regional representatives and officers of the Association have always been present. The Executive Committee, which attends to routine business and to important matters arising between Board meetings, has met 11 times. At all meetings of the Board and all but one of the Executive Committee, the Chairman, Charles O. Richardson, has presided.

Representative Service

One hundred fifty-five individuals, Board members and others, serve on twenty-two councils and committees—a record of representative service in which your Board has grateful pride. When it is remembered that this committee work covers a wide range—from the exciting activities of the Unitarian Service Committee, which has held 45 meetings, to the routine of the Library Committee; and from the necessary detail of the Committee on Placements

or the Business Committee to the large vision of Adult Education or Leadership Training — it becomes evident that all the work is permeated by individual initiative and enthusiasm.

Resignations

At the October meeting of the Board the resignation of Mr. Frederick Winsor was accepted with regret, and to fill the unexpired term of one year the Board elected Mr. J. Halsey Gulick. At the same meeting the resignation of Mr. Edward Furber as a member of the Executive Committee was accepted with regret, and Rev. Wilton E. Cross was elected in Mr. Furber's place.

Administration and Organization

In May, 1940, three new administration units were set up by vote of the Board: The Division of Churches, the Division of Education, and the Division of Promotion. After the necessary changes in machinery, these divisions became the functioning administrative units of the Association. The Directors are Dr. Eliot for the Division of Churches, Dr. Baker for the Division of Promotion, and Mr. Kuebler for the Division of Education. At its meeting in March, 1941, the Board warmly approved the appointment of Rev. Dan Huntington Fenn to be Director of the Department of the Ministry in the division of Churches. Mr. Fenn is to begin his duties on August 1, 1941.

In May, 1941, the Board amended its By-Laws so as to establish the Unitarian Service Committee as a Standing Committee of the Board.

At its meeting in October, 1940, the Board considered with great care and discussed at length, the letter on

Unitarian Objectives which had been addressed by the presidents of five denominational agencies to the Unitarians of America. The letter had been studied by each Divisional Advisory Council, and at this meeting the Councils recommended specific objectives, in line with the suggestions contained in the letter.

At its January meeting the Board gave careful consideration to a memorandum prepared by the Presidents of the American Unitarian Association, the Laymen's League, the Pension Society and the Young People's Religious Union, outlining the plan of a United Financial Appeal for the year 1941-1942. The Board voted to approve the plan in principle.

The World and the War

Various matters of deep interest related to the world-crisis have concerned the Board at its meetings throughout the year. At each meeting the Board has received some report of the invaluable and stirring work of the Unitarian Service Committee, and has been repeatedly impressed with the competence and imaginative out-reach of the work that is being done in Europe and in this country. The collection taken at the Annual Meeting of the Association in 1940 was for the work of the Unitarian Service Committee, and amounted to $1,391.81.

A letter expressive of sympathy and of a deep desire to help was most heartily endorsed by the Board at its October meeting and ordered sent to the Secretary of the General Assembly of Unitarian and Free Christian Churches in Great Britain. Unitarians in England had also been advised during the summer that care for 100 children could be arranged for. This plan however was

not carried out, as the request for such care was much less than anticipated. Another matter of interest, however, in this connection came to the attention of the Board at its January meeting when a vote was passed to permit the use and occupation without charge of the Whitney Homestead in Stow, Massachusetts, by the Penn Hill School then recently evacuated from England.

At the last Annual Meeting of the Association the establishment of a Registry for Conscientious Objectors was authorized. In accordance with this vote the Board of Directors set up this Registry in June, 1940, notifying all ministers and publishing the fact in The Christian Register. The confidential file of 138 names registered to date is kept in the President's office. On discovery that certified conscientious objectors who have been assigned to camps for non-military service are required by the Government to pay their own living costs, the Board at its March meeting authorized the President to act in cases where need arises among men who are unable to bear this expense. It was also urged at the March meeting that the Board express to the proper Governmental authorities its sense that this situation be seriously considered and met if possible by appropriation in any new allotment.

Miscellaneous

The Board learned with deep regret at the October meeting of the death of Gregorio Aglipay, Archbishop of the Independent Church of the Philippines, and voted to send appropriate messages to the church officials and to the Archbishop's family. In December, messages of congratulation were sent to his successor, the newly consecrated Archbishop Santiago Antonio Fonacier.

The Board received with deep appreciation an invitation sent by the General Council of Congregational and Christian Churches requesting the Association to appoint two ecumenical delegates to attend the meetings of the General Council, and to enjoy the privilege of the floor as honorary members. In accepting the invitation, the Board authorized the appointment as delegates of Rev. John H. Lathrop and Rev. Leslie T. Pennington. At the Annual Meeting of the Association in 1941 a similar invitation to the General Council of Congregational and Christian Churches will be proposed in a resolution.

Difficult Problems

Two problems of considerable intricacy and difficulty have been before the Board throughout the year: Hackley School and The Christian Register.

A critical situation at Hackley School, Tarrytown, New York, reached a climax in the early summer of 1940, when it appeared that the Trustees of the School were considering disposal of the property to the Trinity Episcopal School of New York City. As this situation developed between Board meetings it was dealt with by the Executive Committee which approved an agreement drawn up by P. W. Gardner, General Counsel of the Association, stating conditions under which the Association would assume responsibility for the School. It was not until November that an agreement was reached and a new Board of Trustees formed. Immediately steps were taken by the Executive Committee to put the School into sound financial condition. In February Dr. Mitchell Gratwick accepted appointment as Head Master, and in March assumed direction of the school. The Board received the report of these

successful negotiations with enthusiastic approval and hails with delight the promise of Hackley's future.

In January at its meeting, the Board was made aware of the serious immediate emergency of The Christian Register, which had for several years cost the Association from $5,000 to $7,500 per year. Upon recommendation of the Advisory Board of the Register and in view of the urgency of the problem, the Board voted that the Chairman appoint a committee to investigate the present condidition of the Register and its prospects for the future. The Committee so appointed, consisting of Mr. Cross, chairman, Mr. Fay and Mr. Stone, gave a full report to the Board at its meeting on March 12. The Committee's considered judgment was that the continuance of the Register under the prevailing plan was too costly, and the large annual subsidy unwarranted by the results. The Committee therefore recommended:

1. That the Register be issued monthly beginning June 1.
2. That the number of pages be increased to 32 or 36.
3. That the Divisional Directors of the Association constitute an Editorial Advisory Board.
4. That the Division of Publications assume the general editorship.

The Committee estimated the annual expense of twelve issues on this new basis as $8,810, and the income as $6,507 —calling for an appropriation of $2,500 from the Association in the 1941-42 budget. By vote of the Board these recommendations were accepted and adopted, and the Executive Committee was authorized to make the necessary changes in personnel and reductions in costs.

Nominations

In January the Board unanimously re-nominated the President and Secretary of the Association for a four-year term. The Board learned with regret the decision of Mr. Parker E. Marean to refuse a re-nomination. By unanimous vote Mr. Percy W. Gardner was nominated for the combined office of Treasurer and General Counsel of the Association.

The Board wishes once more to express its appreciation of the effectiveness, the skill, and the wisdom with which the affairs of the Association are directed and its work done by the officers and staff. It looks forward hopefully and with faith to an increasing measure of success.

Respectfully submitted,

CHARLES O. RICHARDSON,
Chairman

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 22, 1941

THE 116th Annual Meeting of the American Unitarian Association was held on Thursday, May 22, 1941, in Tremont Temple, Boston, Massachusetts, and was called to order by the Moderator at 9:30 a.m.

The devotional service was conducted by Rev. Robert A. Storer, of Dorchester, Massachusetts.

The rules of procedure as recommended by the Business Committee were adopted, and the Committee on Credentials and the Committee on Ballots, as nominated by the Business Committee, were elected.

Messages of greeting were read from Dr. Robert C. Dexter, in Lisbon, from Rev. Howard L. Brooks, in France, from Rev. Mortimer Rowe, in London, and from the Board of Trustees of the Universalist General Convention. A message of greeting was also received from the Unitarian Church of Auckland, New Zealand.

The Secretary of the Association presented the report of the Board of Directors, which is printed in full in this Report.

The Treasurer presented his annual report, after which the Chairman of the Business Committee offered the following resolution of appreciation which was unanimously passed:

RESOLUTION

The service which Parker Endicott Marean has rendered to the American Unitarian Association since his appointment as assistant treasurer in 1923 has been consistently inconspicuous and modest, but the evidence of its lasting value is to be found in practically every parish church in the fellowship as well as in the solid foundations upon which the Association itself rests. Sound judgment is not always joined with clear and sympathetic understanding,

but in Parker Marean the qualities that make a wise financial counsellor are reinforced and guided by a quick response to human needs. He combines unquestioned integrity with a kindly interest in every person or problem he is called upon to meet, and the result is that he holds both the confidence and the affection of his colleagues and his clients.

Now that he leaves the service of the Association, much against the desire of all of us, we would record, by this vote of the Annual Meeting, the esteem and grateful regard in which he is held by all his fellow-Unitarians. Our sincere good wishes will go with him always.

The President delivered his annual address, in which he evaluated the work of the Association during the past four years and called attention to the points where emphasis ought to be placed in the future. He spoke of the United Unitarian Appeal, to be initiated in the Fall, and also of the plans and hopes for *The Christian Register* in its new form.

At the close of this address, an offering was received for the work of the Unitarian Church in the British Commonwealth, amounting to $717.00 in cash and pledges.

Rev. Roy B. Wintersteen, Secretary of the Business Committee, reported concerning action taken pursuant to the resolutions adopted by the Association at its last annual meeting.

RESOLUTIONS

On motion by the Chairman of the Business Committee resolutions of greeting were adopted by the Association addressed to the Universalist General Convention, in special recognition of the 200th Anniversary of the birth of John Murray, to the General Assembly of Unitarian and Free Christian Churches of Great Britain, to the Independent Church of the Philippines, to the Unitarian Church of Denmark, to the Unitarian Church of Hungary,

to the Unitarian Churches of India, to the Unitarian Church of Auckland, New Zealand, and to the Unitarian Churches of all other countries which could be reached by correspondence in this grim time of war. A resolution of appreciation to the Government and people of the Republic of Portugal for the splendid cooperation and help which they have given to the work of the Unitarian Service Committee was also adopted. A resolution was adopted extending greetings and congratulations to the new church in Columbus, Ohio.

The following resolutions were adopted:

DENOMINATIONAL AFFAIRS

1. *United Unitarian Appeal*

Submitted by Rev. Frederick May Eliot, Mr. Edward P. Furber, Mr. Harold L. Niles, Mr. Henry V. Atherton, and Rev. Frank O. Holmes.

WHEREAS: Members of the Unitarian Churches of America have recognized a need for more efficient, effective and concerted methods of raising funds for the support of the essential programs of the several major denominational agencies, and

WHEREAS: The Presidents of the American Unitarian Association, the Unitarian Laymen's League, the Unitarian Service Pension Society, the Young People's Religious Union, and the Unitarian Ministerial Union, have initiated a plan for a United Unitarian Appeal to be inaugurated at the General Conference late in October, 1941, and the Boards of Directors of these several Unitarian organizations have approved this proposal, and

WHEREAS: The need for greater contributions from the present members of the Unitarian Churches today is increasing with the steady decline of income from endowments,

THEREFORE, BE IT RESOLVED: That this 116th Annual Meeting of the American Unitarian Association

heartily endorses the principle of an annual United Unitarian Appeal, and urges all Unitarian Churches to join together during the month of November, 1941, in a concerted effort for funds for the support of these organizations, in the high hope that with the efficiency of a concerted drive, greater loyalty and generosity may be aroused for the support of our common tasks in the forward movement of our Liberal Faith.

2. *Ecumenical Delegates*

Submitted by Rev. Palfrey Perkins, Miss Sara Comins, and Rev. Frederick M. Eliot.

WHEREAS the General Council of the Congregational and Christian Churches of the United States has invited the American Unitarian Association to appoint two delegates to be known as ecumenical members and to have the status of honorary delegates at the biennial meetings of the General Council, and

WHEREAS the Board of Directors of the American Unitarian Association at their meeting on March 12, 1941, voted to accept this invitation and designated Rev. John Howland Lathrop and Rev. Leslie T. Pennington to represent the Association in this capacity,

BE IT RESOLVED that the American Unitarian Association assembled in annual meeting ratify and confirm the action of the Board of Directors; and hereby expresses its deep appreciation of this manifestation of Christian fellowship, and

BE IT FURTHER RESOLVED that the Board of Directors and officers of the Association be instructed to convey to the General Council of the Congregational and Christian Churches of the United States a most cordial invitation to be represented in a similar way at the next biennial meeting of the Association, to be held in Pittsburgh in October, 1941, and at all future biennial sessions.

3. *Unity of the Spirit*

Submitted by Rev. Arthur Heeb of Wilton, New Hampshire.

WHEREAS: High emotional tension induced by war has been the cause of lifelong dissensions, weakness and even destruction of church organizations in the past,

AND WHEREAS: Unitarians are committed to the principle of reason and tolerance in all human affairs,

AND WHEREAS: Unitarians fully recognize that any injustice or unfair treatment permitted by Unitarians against other Unitarians who may be either war-minded or peace-minded makes for disunity, weakness and the destruction of our church organizations,

BE IT RESOLVED, THEREFORE: That all laymen and laywomen and ministers, all church officials and the officials of the American Unitarian Association sincerely endeavor, by word and attitude to keep the unity of the spirit in true humility and in Christlike faith, to the end that the spirit in which we act towards each other as Unitarians, shall be our highest aim and the shining victory of our cause for future years.

INTERNATIONAL RELATIONS AND PROBLEMS IN DEMOCRACY

4. *Post War Reconstruction*

Submitted by Rev. John H. Lathrop, Brooklyn, New York.

Since Unitarians have long supported the concept of an international community of justice, of law and of order, they would work toward this end with devotion and sacrifice.

It is their considered judgment that planning for this new world order should begin at once. They hope that the United States will take the initiative now in preparing the

citizens of our country to participate in the organization of a world order in which peace, freedom and justice may prevail.

The appointment of a commission charged with the continuous study of possible plans for effective international co-operation in the post-war world—plans which may be embodied in social, economic and political institutions with which the United States will be identified—would reassure the people that our Government is taking adequate steps to make certain the participation of the United States in the task of world reconstruction and in the achievement in the post-war world of freedom of expression, freedom of belief, freedom from want, and freedom from fear. To such a commission might be referred the various proposals which emerge from the discussions of responsible citizens, while in turn its periodic reports to the Congress and to the public would encourage more intelligent consideration of post-war problems among all of our people.

THEREFORE, the 116th Annual Meeting of the American Unitarian Association respectfully petitions the President of the United States to appoint such a commission which will include outstanding private citizens together with members of the State Department and both Houses of Congress.

5. *Food for the Small Democracies*

Submitted by Rev. Edwin A. Wilson, Chicago, Ill.

RESOLVED that the 116th Annual Meeting of the American Unitarian Association express our heartfelt sympathy for the unfortunate millions in the stricken countries of Europe; and

That we favor importation and distribution of foods, under a suitable neutral organization and by the soup kitchen method, to one million unemployable adults, and two million children in Belgium, and should the opportunity arise, to other distressed populations, similarly situated, provided the plan adopted is of no military advantage to Germany and meets the approval of Great Britain.

6. *Preparation For Constructive Peace*

Submitted by Rev. William B. Rice, Dover, Massachusetts, and amended by the Business Committee.

WHEREAS: The desperate condition of the world compels religious liberals, who would be guided by high ideals, to accept varying paths of duty; and

WHEREAS: Religious liberalism has consistently defended and encouraged freedom of thought and conscience with resulting differences of opinion and action, and

WHEREAS: A human life in which justice is possible for all can be accomplished only if men of ample vision, animated by the religious spirit, are fully aware of the task which confronts the world, and whereas the American people will be called upon to make sacrifices for the realization of a new order;

BE IT RESOLVED: That we hold it to be a primary task of our church to uphold freedom of speech and conscience, to prepare its people for such sacrifices; and

BE IT FURTHER RESOLVED: That the one hundred and sixteenth Annual Meeting of the American Unitarian Association, in loyalty to those ideals which transcend diversity and promote unity, and which for Christians are symbolized by the Kingdom of God, urges upon all Unitarians that concern which demands immediate attention; namely, the preparation in mind and will for a democratic co-operative order among the nations whereby a constructive peace may be achieved.

The official ballot prepared by the Nominating Committee having been distributed to the delegates as they entered the meeting, the Moderator announced that the Committee on Ballots would receive marked ballots at the doors of the hall at the close of the Morning Session.

The meeting adjourned at 12:50 p.m. to reconvene at 2 p.m.

AFTERNOON SESSION

The afternoon session was called to order by the Moderator and opened with a devotional service conducted by the Rev. Ivan A. Klein of Berlin, Massachusetts, following which Rev. Frank O. Holmes, of Jamaica Plain, Massachusetts, President of the Unitarian Ministerial Union, gave an address of welcome to New Ministers on behalf of the Fellowship Committee.

The names of the following men were read and those present were then greeted on the platform by Dr. Eliot, Mrs. Reinhardt and Mr. Holmes:

W. Waldemar W. Argow, Jr.
George A. Ackerly
Josiah R. Bartlett

AMENDMENTS TO THE BY-LAWS

Upon motion by Frederic H. Fay, and upon recommendation by the Business Committee, the following amendments to the By-Laws of the Association were adopted:

(1) To amend Section 1 of Article V by substituting the word "nine" in place of the word "eight" and by substituting the words "one from the Southeastern States, one from the Southwestern States", in place of the words "one from the Southern States", so that as amended said section will read:

> 1. The officers shall be a Moderator; a President; and nine (9) regional Vice Presidents, one of whom at the time of his or her election shall be from Northern New England, one from Southern New England, one from the Middle Atlantic States, one from the Southeastern States, one from the Southwestern States, one from the Central West, one from the Rocky Mountain States, one from the Pacific Coast, and one from the Dominion of Canada; a Secretary; a Treasurer. These officers, with twenty-four (24) other persons, shall constitute the Board of Directors. They shall be chosen by ballot at annual meetings, except that the Board of Directors may fill any vacancy to hold until the next annual meeting.

(2) To amend Section 1 of Article VI by substituting the words, "four times each year" in place of the words "once in three months", so that said section will read as follows:

1. The Board of Directors shall meet at least four times each year, ten members constituting a quorum, and shall have charge of all the business and interests of the Association, the direction of its funds and operations, and authority to call special meetings of the Association whenever they shall deem it necessary or expedient.

The amendment to Article X proposed at the last annual meeting was not passed.

The following amendment to the By-Laws was introduced for action at the Annual Meeting in 1942:

By Mr. Livingston Stebbins, of Cambridge, Mass.:

To amend Article IV as follows:

(a) Section 1 to read: "The Board of Directors shall meet at least four times each year, ten members constituting a quorum, and shall have charge of all business and interests of the Association, the direction of its funds and operations (except as provided in Section 2 hereof) and authority to call special meetings of the Association whenever they shall deem it necessary or expedient."

(b) Add Section 2 to read: "The Board shall have no control, direction or jurisdiction over *The Christian Register,* but such control, direction and jurisdiction, including power to appropriate money toward the maintenance of said *Christian Register* shall be vested exclusively in the members of the Association to be exercised by them at annual meetings of the Association."

(c) Renumber present sections 2, 3, 4 and 5, so that they shall respectively become Sections 3, 4, 5 and 6.

The Moderator introduced several distinguished guests who were seated on the platform, following which there were addresses by Mr. George G. Davis, Director of the Department of Unitarian Extension and Church Maintenance, Rev. Ernest W. Kuebler, Director of the Division

of Education, and Rev. Everett Moore Baker, Director of the Division of Promotion and Publications.

Mr. William Emerson, Chairman of the Unitarian Service Committee, introduced Dr. Charles R. Joy, who reported briefly concerning his term of service as Commissioner in Lisbon, following which Mr. Emerson presented a tribute to Rev. Waitstill H. Sharp, Mrs. Martha D. Sharp and Dr. Charles R. Joy from the Unitarian Service Committee in recognition of their outstanding service,

The meeting adjourned at 4:30 with a hymn and benediction.

PALFREY PERKINS,
Secretary

ANNUAL REPORT OF THE TREASURER

ANNUAL REPORT OF THE TREASURER

The Annual Report of the Treasurer for the fiscal year ending April 30, 1941, submitted herewith, contains the details of receipts, expenditures, funds, and investments, together with the Balance Sheet and other information regarding the financial affairs of the Association.

The following is a brief index of the contents of the report:

Special Reports:	*Page*
1. Building Loan Fund	36
2. Funds for Special Aid	37
Treasurer's Statement, showing receipts and expenditures during the year	42
Table A, Contributions during the year	45
Table B, Bequests and Gifts, other than Contributions	56
Table C, Principal and Income of Invested Funds and Income of Funds held by other Trustees	60
Tables D-G, inclusive, Details of Expenditures during the year	89
Tables H and I, Investments in Real Estate	96
Table J, Statement and List of Loans of the Building Loan Fund	103
Table K, Bonds and Stocks of the Association	107
Table L, Balance Sheet	111
Table M, The Beacon Press Inc. Statements	112
Table N, Publication Department Statements	114
Table O, Christian Register Statements	116

The Treasurer's Statement on page 42 shows receipts and expenditures during the year compiled in such a manner as to present as comprehensive a picture as possible without going into too many of the details. In certain cases the figures are net, whereas a more professional method would be to place all receipts on one side and all expenditures on the other side of the statement.

Cash on hand in the Royal Bank of Canada, Montreal, at the close of the fiscal year was $1,116.47, from which $130.52 was deducted to reduce this balance to equivalent United States currency. As we started the year with a reserve of $551.76 the result is a gain during the year in foreign exchange of $421.24, as shown in the Treasurer's Statement.

The total of contributions from societies and individuals, as shown in Table A, was $29,618.21, which is $1,479.37 less than was received in the previous year. From churches in the United States and Canada the Association received $25,818.84, a decrease of $1,380.21 from the previous year.

The rate of income paid by the Association on those funds which are invested in General Investments for the fiscal year which closed on April 30, 1941, was 4.086%. In other words, the Association paid $40.86 on every thousand dollars invested in General Investments during the whole year. This is $0.42 more per thousand dollars than the amount paid the previous year. The book value of all securities of the Association, as listed in Table K, is $6,309,869.75. The market value of these securities on April 30, 1941 was $5,096,050.89.

As shown in the Treasurer's Statement, the income of the Association for general purposes was $198,452.66, and

the expenditures for general purposes were $206,002.60. The difference was taken from the Reserve Fund.

On January 30, 1941, the Executive Committee of the Association voted to discontinue the Church Investment Fund and add the amount to the Reserve Fund, from which it was originally created, and to transfer the investments of the fund to investments of other unrestricted funds. Accordingly, the investments of the Church Investment Fund as at January 30, 1941 which were formerly shown on the balance sheet under a separate caption are now included in Church Properties, Permanent Investments.

Balance Sheets and Income Statements of the Beacon Press, Publication Department and the Christian Register are shown in Tables M, N and O.

This is my last report as Treasurer of the Association, and I want to thank everyone with whom I have been associated during the past eighteen years for their many kindnesses to me.

PARKER E. MAREAN,
Treasurer.

BUILDING LOAN FUND

CHURCHES and societies planning to erect new buildings, to enlarge or improve their present facilities turn to this Fund. On approval of applications by the proper committees, loans are made without interest on security satisfactory to the committee and repaid in annual installments.

The principal of this Fund at the present time amounts to $374,499.26, having been increased during the year by $506.52.

During the year five loans have been repaid in full and twelve new loans totalling $16,000.00 have been made, as shown by the list below.

Brooklyn, Conn.	$ 500.00	Rockland, Mass.	$1,000.00
Concord, N. H.	600.00	Waltham, Mass.	1,700.00
Dedham, Mass.	1,500.00	Whitman, Mass.	1,000.00
Dover, Mass.	1,000.00	Woburn, Mass.	1,800.00
Marshfield, Mass.	1,000.00	Wollaston, Mass.	4,800.00
Ridgewood, N. J.	1,100.00	Yarmouth Port, Mass.	600.00

There are now outstanding loans to eighty-five churches, as shown in detail on page 103 of this report.

The total amount loaned since the foundation of this Fund and the Church Building Loan Fund of 1884 has been $1,486,238.49 and during this time there have been 431 separate loans.

FUNDS FOR SPECIAL AID

THE following is a report on the funds for special aid of which the Association acts as trustee:

1. Funds the income of which is used for pensions to Unitarian ministers:

The Unitarian Service Pension Society Permanent Fund was increased $6,313.07 during the year by the following bequests: bequest of Mrs. Lydia F. Chandler of Worcester, Mass., additional, $107.25; bequest of Miss Helen Dana of Boston, Mass., $5,000.00; bequest of Dr. Mary F. Hobart of Needham Heights, Mass., $100.00; bequest of Miss Mary Alice Lane of Houlton, Me., additional, $145.82; bequest of James P. Parmenter of Arlington, Mass., additional $300.00; bequest of Rev. Mary A. Safford of Orlando, Fla., additional, $460.00; bequest of Miss Ethel Louise Thayer of Boston, Mass., $200.00. The principal now stands at $629,169.28.

The income of the Permanent Fund, together with the incomes of the Aaron Bancroft, the Mary A. Butler, the Louis B. Carr, the David Reed, the Caroline Southwell Root, the Clara M. Rotch, the Emily E. Shepard, the Esther M. Whitney, the Lucy B. Willson, the Hull—Chicago, and the Joshua Young, D.D., funds, with an aggregate principal of $62,233.50, was expended for pensions. Also the income of the Henry A. Root Fund, with a principal of $5,000 held by the Permanent Charity Fund, is

available due to the closing of the First Unitarian Church of Winthrop, Mass.

Unitarian ministers who are sixty-five years of age or over, and who have an honorable record of at least twenty years' active professional service in the Unitarian ministry are eligible for these pensions.

During the year the Association, as agent for the transmission of the contributions made to the Society, distributed under instructions from the officers of the Society, $35,-484.28 to the qualified beneficiaries. This is a decrease of $112.61 from the amount distributed the previous fiscal year.

2. Ministerial Aid Funds.

The principal of the Ministerial Aid Fund is $162,-405.34. In addition to this fund the Association holds nine other funds aggregating $47,136, the income of which is used for the benefit of Unitarian ministers. From these incomes grants have been made during the year to the amount of $4,950.74 to forty-six ministers. This aid is given when evidence is confidentially laid before the committee that these friends, by reason of illness themselves, sickness of members of their households, or some pressing financial emergency, are in need of immediate help.

3. Sustentation Fund.

This fund was established by receipts from the Unitarian Campaign, Inc., and under the conditions of the trust the income is applied to supplement the inadequate salaries of ministers of deserving churches.

Care is taken not to create or foster a sense of dependence, and the grants are expected to stimulate the sense of responsibility of the parish for the payment of an adequate salary.

At the annual meeting of the Sustentation Committee on January 9, 1940, it was voted to set aside a portion of the income to be used as grants to sons and daughters of Unitarian ministers in securing an education, and nine young people attending college have been benefited by this.

The principal of the Sustentation Fund is $256,399.04, and from its income during the fiscal year ending April 30, 1941, $10,859.99 was paid to fifty-three ministers and their children.

4. Cruft Memorial Fund.

During the year the Association has distributed $6,765.00 from the income of this Fund to fifty beneficiaries. This Fund was established under the will of Miss Harriet Otis Cruft and, in accordance with her wishes, the income is distributed to women of American birth and Protestant religion of good character over sixty years of age who from illness or misfortune are in great need.

5. Chandler Robbins Fund.

The income of this Fund, amounting last year to $529.95, has been distributed under the terms of the trust.

6. Althea Grace Sargent Fund.

This Fund was established in 1934 by a bequest of $9,729.60 under the will of Clarence L. Sargent of Brockton, Mass., the income of which is distributed toward the care and support of children who are without financial means, themselves, and have no parents or relatives who are bound by law to support them, and are unable to provide for their own support and maintenance by reason of permanent bodily incapacity. During the past year grants amounting to $445.00 were distributed to four beneficiaries.

AUDITORS' REPORT

Boston, July 16, 1941

We have examined the financial statements of American Unitarian Association, as listed in our report for the fiscal year ended April 30, 1941, have reviewed the system of internal control and the accounting procedures of the association and have examined accounting records and other supporting evidence, by methods and to the extent we deemed appropriate.

We satisfied ourselves that all cash recorded as received was properly deposited in the bank, that all income due from investments was received or properly accounted for, and that disbursements were supported by cancelled checks and properly approved vouchers; and we examined or otherwise satisfactorily accounted for the investments on hand at April 30, 1941.

In our opinion, the accompanying balance sheet and supporting schedules present fairly the position of American Unitarian Association at April 30, 1941, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

TABLE H

INVESTMENTS IN CHURCH PROPERTIES

The Association has interests in a number of church properties which have from time to time been conveyed to it. In a few cases the title is unconditioned; in most cases the property is held by deed or mortgage upon conditions which give the use of the property to the society as long as it maintains religious services and remains in the Unitarian fellowship.

When any part of the money needed to accomplish this object has passed through the treasury of the Association, it appears on the books as a non-income bearing investment. The amount so invested is, in most cases, but a part of the cost of the property.

When the books of the Association do not show any monetary investment on the part of the Association, we carry the Association's interest in the property at the nominal sum of $1.00.

The principals of the following unrestricted funds of the Association are wholly or partially invested in church properties as shown by Groups A, B, and C.

FOREWORD 5

OFFICERS FOR 1942-1943 7

REPORT OF THE BOARD OF DIRECTORS TO THE ANNUAL MEETING 9

MINUTES OF THE ONE HUNDRED AND SEVENTEENTH MEETING 13

ANNUAL REPORT OF THE TREASURER 25

FOREWORD

As a measure of war economy, the Annual Report for the year 1941 1942 has been drastically reduced in size, omitting all reports and statistical information which were not regarded by the officers of the Association as absolutely essential.

For example, the lists of former officers of the Association, preachers of Anniversary Sermons, the Minutes of the General Conference, and considerable sections of the material usually found in the printed reports of the Treasurer, have been omitted altogether. Other portions have been considerably condensed.

In all cases, the full and official documents are on file at headquarters and may be consulted by any interested members of the Association. Furthermore, the officers of the Association hold themselves ready to answer any specific questions or to supply any desired data not found in this Report.

It is our hope that the members of the Association will approve this temporary expedient for reducing the general administrative costs.

REPORT OF THE BOARD OF DIRECTORS

To the American Unitarian Association:

AS provided by the By-Laws of the Association, the Board of Directors herewith submits its Annual Report for the year 1941-1942.

Meetings of Committees

At the four Board meetings held during the year in May and in October (at the time of the General Conference in Pittsburgh), in January and in March, the average attendance of Directors has been twenty three. At each meeting, there have also been present not less than three regional representatives and five administrative officers.

Mr. Charles O. Richardson of Weston was again elected Chairman at the meeting in May, and has presided at all meetings of the Board and at six meetings of the Executive Committee. The Executive Committee, which transacts business requiring attention between Board meetings, has held nine meetings during the year. The work of the Department and Division Committees has been as constant and as faithful as usual. No less than one hundred and fifty-three individuals, including members of the Board, aid actively in the work of the committees which have met at frequent intervals. The Advisory Councils of the three major Divisions have met on the day before each Board meeting for long and careful consideration of reports of the work and its progress in the respective Divisions. From these meetings have come recommendations on denominational policies which have been presented to the Board. All committee work is of the utmost importance, and the wide representation of Unitarian men and women engaged in co-operative effort is indicative of the democratic character of our organization.

Administration

At the October meeting, the Board approved a letter which was sent shortly thereafter to the churches, signed by the presidents of the five major organizations and setting forth five objectives: Individual Responsibility, Recognition of Spiritual Need, Consciousness of Spiritual Community, Respect for Differing Opinions, and Determination to Widen the Sphere of Influence. At this meeting, also, the inauguration of the United Unitarian Appeal was heartily endorsed by the Board, and at each successive meeting its progress and results have been reported and received with eager interest.

In January the Board listened to the Treasurer's detailed report on the financial situation of the Association, which set forth some of the problems presented by the war economy, with a stern reminder of the necessity of unprecedented conservation for protection as far as possible against an unpredictable future.

The affairs of the *Christian Register* have also received careful consideration at each meeting, and the Board is unanimously convinced of the wisdom and effectiveness of the present direction and management.

Throughout the year the Board has frequently noted with special satisfaction the substantial progress made by the new churches fostered and assisted by the Department of Unitarian Extension, and is fully in sympathy with the new policy of this department, recognizing that such ventures inevitably involve risk but believing that such risks are justified when there is good reason to have faith in the underlying motives and purposes of the new congregations and their leaders.

The War

Early in January the Board sent to the Unitarian Churches of the United States and Canada a letter of the utmost importance. It included an assertion of loyal and

unswerving support to the Government of the United States and the Dominion of Canada; a reaffirmation of its loyalty to the principles of Democracy, and a challenge to the whole fellowship to meet its responsibility for the maintenance and the strengthening of those principles in the present crisis.

At the January meeting, the Board authorized the President of the Association to establish the President's Discretionary War Fund for certain special needs of Unitarian ministers serving as Chaplains, and of Unitarian Conscientious Objectors. Among the services rendered to the Chaplains is the gift of field communion sets, of which four have already been presented and several others are on order.

At each meeting of the Board throughout the year, reports have been heard from the Unitarian Service Committee, which have always renewed the sense of the invaluable services which that committee is rendering in these war times.

The collection taken at the Annual Meeting in May, 1941, amounted to $717.00, which sum was forwarded to be used for Unitarian Churches in the British Commonwealth.

The protection of the property of the Association at 25 Beacon Street has given much concern to the executive officers, and under Mr. Nash's direction a plan of Air Raid Precautions has been satisfactorily worked out.

Miscellaneous

The Board has followed with enthusiastic interest the developments at Hackley School under the leadership of Dr. Mitchell Gratwick, and rejoices in the promise and prospect of the school. It also watches with real satisfaction the continued progress of Proctor Academy through the years.

During the year Miss Sara Comins has served as the representative of this Board on the Board of Directors of the Young People's Religious Union, and her reports have enabled our Board to follow with interest the proposed changes of policy.

At the March meeting a stimulating report was given by

Mrs. Dilworth Lupton of the conference of the Commission to Study the Bases for a Just and Durable Peace, which was held in Delaware, Ohio, and sponsored by the Federal Council of Churches of Christ in America. Ten Unitarians attended this conference, as official delegates, at the invitation of the Federal Council.

The Board received a resolution from Hadassah, the Women's Zionist Organization of America, expressing appreciation for the action taken by the General Conference with regard to Anti-Semitism. The resolution spoke of the intention of Hadassah to plant a "Unity Garden" in Palestine, in recognition of this exchange of fraternal greetings.

Personnel

During the year two new officers have taken over important duties and already have demonstrated that they are peculiarly fitted for their respective assignments. On June 1, 1941, Mr. Arthur D. Nash took up his duties as Comptroller —a new office created in the reorganization of the Finance Department, and on August 1, 1941, Rev. Dan Huntington Fenn became Director of the Department of the Ministry.

Miss Grace M. Brown, Assistant to the Treasurer, retired on pension after twenty-three years of service on September 1, 1941. Miss Edith F. Gardner retired on pension on November 23, 1941, having served in various capacities for more than twenty-five years. The Board noted with regret their retirement after such long and faithful service and spread upon its records votes of appreciative recognition.

Conclusion

The Board cannot conclude this cursory report of its year's work without a recognition of the always devoted and competent service given by the officers and staff of the Association. In a time of stress the work goes steadily forward, and the wisdom and skill with which it is directed cannot be too heartily commended.

Respectfully submitted,

CHARLES O. RICHARDSON,
Chairman

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 21, 1942

THE 117th Annual Meeting of the American Unitarian Association was held on Thursday, May 21, 1942, in Arlington Street Church, Boston, and was called to order by the President at 9:30 a.m.

The devotional service was conducted by the Rev. Arthur N. Moore, of Houlton, Maine.

Upon motion by the Chairman of the Business Committee, Dr. Samuel A. Eliot was unanimously elected Moderator pro tempore to serve until the election of the new Moderator. The rules of procedure as recommended by the Business Committee were adopted, and the Committee on Credentials and the Committee on Ballots, as nominated by the Business Committee, were elected.

Messages of greeting were read from Dr. Charles R. Joy, in Lisbon, and from the Universalist Church.

The Secretary of the Association presented the report of the Board of Directors, which is printed in full in this Report.

The Treasurer of the Association presented his annual report, full details of which are included in this Report.

A resolution of grateful appreciation for the generous hospitality of the Unitarian Churches of Greater Boston during Anniversary Week, offered by the President, was unanimously adopted by the delegates present.

In his annual address, the President mentioned several indications of progress in the effort to create a unified spirit in the Unitarian denomination. The results of the first United Unitarian Appeal were cited in this connection, as was also the document entitled "We State Our Faith," prepared and issued by the Council of Unitarian Ministers in the Middle Atlantic States Region. He called special attention to the five books by Unitarian ministers, published within the year, as an indication of spiritual vigor and vitality that promises well for the future. In naming eight points as essential in a program for maintaining the fabric

of our churches in these times, the President emphasized that during the war period the parish churches must be afforded every means of support and encouragement.

Following this address, an offering was received for the Unitarian Chaplains' Fund, amounting to $698.35.

As Director of the first United Unitarian Appeal, Dr. Everett M. Baker reported an increase of 31% in the denominational gifts to the five participating agencies, and a total of $56,283.90 received. In terming this "a Demonstration of Faith," Dr. Baker said it had shown a remarkable awakening of interest in all phases of the denominational program. Mr. Frederick T. McGill, newly appointed Executive Director of the Laymen's League, and Director for the United Unitarian Appeal for 1942-1943, also addressed the meeting.

The Rev. Charles E. Snyder, of Davenport, Iowa, Chairman, reported for the Commission on Planning and Review.

A report on action taken pursuant to the resolutions adopted by the Association at its last annual meeting was given by Mr. Frank B. Frederick, Chairman of the Business Committee.

The official ballot prepared by the Nominating Committee having been distributed to the delegates as they entered the meeting, the Acting Moderator announced that the Committee on Ballots would receive marked ballots at the doors of the church at the close of the session.

The meeting adjourned at 12:35 to reconvene at 2 p.m.

AFTERNOON SESSION

The meeting was called to order by the Acting Moderator and opened with a devotional service conducted by the Rev. Alexander Winston, of Seattle, Washington, following which the Rev. William B. Rice, of Dover, Massachusetts, Chairman, gave an address of welcome to new ministers on behalf of the Fellowship Committee.

The names of the following men were read and those present were then greeted by the President of the Association, the Rev. Dan Huntington Fenn, and Mr. Rice:

Waldemar W. Argow
John Nicholls Booth
Fred I. Cairns
John R. Clark
John W. Cyrus
Howard Pierce Davis
Theodore De Luca
Robert J. Holden
William P. Jenkins
Joseph H. Juntia
David Kibby
George N. Marshall
Dr. Grace E. Marshall
Morton Nachlas
Laurance I. Neale
Kenneth L. Palmer
Kenneth L. Patton
Ellis E. Pierce
Theodore Pope
Edward H. Redman
Daniel Sands

Admitted to affiliated Fellowship at this same time were the following men of other denominations:

Richard B. Carleton
J. Murray Gay

The Ballot Committee reported as follows:

Ballots cast:

By mail	48	
Received by Tellers	449	
		497
Straight Ballots	469	
Incomplete Ballots	28	
		497

The Acting Moderator then declared the following persons elected:

For Moderator
Dr. Philip C. Nash

For Regional Vice-Presidents
Irving D. Dawes
Rev. Curtis W. Reese
Charles B. Rugg
Thurlow T. Taft
Rev. Jacob Trapp
H. Clay Burkholder
A. Kenneth Dane
Richard Lloyd Jones
Frank S. Symons

For Directors for a term of three years
Rev. E. Burdette Backus
Mrs. Dilworth Lupton
Marshall B. Dalton
Mrs. Charles A. Hart
Mrs. Charles H. Moran
Hamilton M. Warren

For Directors representing various groups
Rev. Robert T. Weston
J. Halsey Gulick
Rev. William B. Rice
Mrs. Russell P. Wise
Richmond H. Sweet
G. Richard Kuch

The Acting Moderator then introduced Dr. Philip C. Nash to the meeting and, following a brief address, he assumed the chair.

Greetings from Hadassah, the National Zionist organization of Jewish Women, were expressed by Mrs. Julian Ansell, of Newton, in presenting a scroll showing that a Unity Garden has been planted in Palestine as a token of appreciation for the resolution from the Unitarian General Conference in Pittsburgh.

Addresses were given by the Rev. Dan Huntington Fenn, Director of the Department of the Ministry, and the Rev. Stephen H. Fritchman, Director of Youth Work. Mr. William Emerson, Chairman of the Unitarian Service Committee, spoke briefly and introduced Mrs. Waitstill H. Sharp, who had just returned from a trip to the Pacific Coast in the interests of the Service Committee.

RESOLUTIONS

On motion by the Chairman of the Business Committee, resolutions of greeting were adopted by the Association addressed to the Universalist General Convention, and to Unitarian Churches in foreign lands. A special resolution of appreciation for her notable service as Moderator during the past two years was sent to Dr. Aurelia H. Reinhardt.

The following resolutions were adopted:

DENOMINATIONAL AFFAIRS

1. *The Christian Register*

Submitted by the Commission on Planning and Review.

RESOLVED: That the representatives of the Unitarian Churches in the United States and the Dominion of Canada, in annual meeting assembled, express their satisfaction with the present policy of the Board of Directors of the American Unitarian Association with regard to the financial and editorial management of the *Christian Register,* and their confidence that this policy will result in a steady improvement in the quality of the journal and a steady increase in the denominational support of the enterprise.

2. *Youth*

Submitted by Professor Ralph Beatley, Cambridge, Mass.

WHEREAS: We as Unitarians are conscious of our responsibility to provide within our church an important position for our youth as partners in the enterprise of liberal religion; and

WHEREAS: It is our purpose as a fellowship to offer to our young people activities that are sufficiently daring and forward-looking to enlist their participation and good will; and

WHEREAS: We believe that in the midst of war and later in the days of reconstruction only a church which has so demonstrated its high concern both in word and deed can expect to find within its ranks the youthful leaders of this generation;

BE IT RESOLVED: That this 117th annual meeting of the American Unitarian Association accept its full responsibility for the encouragement of participation by Unitarian youth in the life and fellowship of our denomination through the local churches, and that we lend such assistance and support to our young people as will assure them of our strong desire for a free church in which the voice and hand of youth will find full expression in a common task; and

BE IT FURTHER RESOLVED: That we call upon our local churches to include in their thinking, in their parish programs, and in their budgets ample opportunity for their young people to find spiritual comradeship and material support; and

BE IT FURTHER RESOLVED: That the Secretary of the American Unitarian Association be requested to mail a copy of this resolution to the chairman or clerk of each church within our fellowship.

3. *Adult Education and Fellowship for Social Justice*
Submitted by Mrs. Elizabeth H. Frederick, Milton, Mass.

WHEREAS: The Unitarian Fellowship for Social Justice was organized that its members might "sustain one another in united action against social injustice, and in the realization of religious ideals in present day society"; and

WHEREAS: The Department of Adult Education and Social Relations of the American Unitarian Association

cannot undertake a program of action as well as a program of education without a considerably increased budget; and

WHEREAS: The most cordial relationship exists between the Unitarian Fellowship for Social Justice and the Department of Adult Education and Social Relations,

THEREFORE, BE IT RESOLVED: That the American Unitarian Association in annual meeting assembled urges the Unitarian Fellowship for Social Justice to continue to serve the denomination as the adequate organ of expression and action for the pioneering and aggressive spirit of the growing social conscience among us, thereby enabling the Division of Education through the Department of Adult Education and Social Relations to place its major emphasis on making adult education an integral part of the program of every denominational agency and of every parish church.

INTERNATIONAL RELATIONS AND PROBLEMS IN DEMOCRACY

4. *Churches in Time of War*

Submitted by the Rev. Leslie T. Pennington, Cambridge, Mass.

WHEREAS: We recognize the distinctive responsibility of the church in time of war to nerve and sustain man and the institutions of liberty under the stress and strain of war with the full resources of our faith;

To minister to the needs of those whose lives have been broken or disrupted;

To strengthen the morale of our people at home and of our men in armed service, keeping fresh and living the ties which bind them to their homes;

To guard the rights of conscientious objectors as they are provided under the law, and to help them find an adequate moral substitute for war in constructive service to their fellow men; and

WHEREAS: We recognize the special responsibility of the church in helping to create an ordered peace of justice

and liberty for men of all races, to make sure that the sacrifices of this present war may not be in vain; and

WHEREAS: We believe that the foundations of a durable peace must be laid well in advance of any peace conference, and are in fact being strengthened by the increasing cooperation of the United Nations in the very conduct of the war; and

WHEREAS: We are convinced that planning for peace need not in any way hinder our war efforts, but will in fact strengthen them;

BE IT RESOLVED: That the American Unitarian Association, in annual meeting assembled, recommend to its member churches and to its affiliated organizations that each direct its energies toward these ends in the coming year, with special stress upon education, and work for the creation of an ordered peace of justice and liberty for men of all races; and

BE IT FURTHER RESOLVED: That we instruct the Board of Directors, especially through the Department of Adult Education and Social Relations, to promote intelligent study and effective labor to accomplish these ends.

5. *Race Relations*

Submitted by Rev. Karl M. Chworowsky, Brooklyn, N. Y.

WHEREAS: All race prejudice, particularly anti-Semitism and anti-Negro feeling and anti-Orientalism, threatens not only our national morale but also our unity as a people in this grave hour of crisis; and

WHEREAS: Such prejudice and fanaticism are fundamentally opposed to all high morality, to the spirit of true religion, and to every principle of democracy, and therefore cannot be condoned nor tolerated by a free people committed to the proposition that "All men are created free and equal"; and

WHEREAS: It must be a major concern of all religion to oppose all enemies of freedom and democracy;

THEREFORE, BE IT RESOLVED: That the American Unitarian Association assembled in its 117th annual meeting again voices with solemn emphasis and profound conviction its faith in the universal Brotherhood of Man, and in the complete equality of all men before God and the Law; and

BE IT FURTHER RESOLVED: That the Association call upon all its member churches and affiliated organizations to implement this declaration of principle by effective action in promoting inter-faith and inter-racial solidarity through the means of

(1) the practice in all their relationships of those principles of brotherhood on which the liberal church is founded;

(2) special study of the sociological, psychological, and religious factors involved in racial discrimination;

(3) the development of special techniques of action adapted to particular local and special conditions;

(4) public commendation and support of government or other action which furthers racial and religious equality and brotherhood; and

(5) public condemnation and effective counter-agitation against all forms of racial discrimination and religious prejudice.

6. *Medical Freedom*

Submitted by Miss Ida M. Cannon, Boston, Mass.

WHEREAS: Fifty thousand qualified voters of the Commonwealth of Massachusetts have signified their will that the referendum contained in House Bill No. 2035 commonly known as the Initiative Petition for Medical Freedom be placed on the state ballot in November, 1942; and

WHEREAS: This referendum seeks to allow the licensed physicians of the Commonwealth to exercise their skill in protecting life and health of married persons by providing medical contraceptive care; and

WHEREAS: The state ballot law commission of the Commonwealth of Massachusetts has found that "the proponents of this petition and all who have been connected with them have acted in utter good faith and have tried in every way they knew to follow honestly the provisions of the law"; and

WHEREAS: Part of the opposition to this measure has sought to impede the democratic right of recourse to a referendum;

THEREFORE, BE IT RESOLVED: That the American Unitarian Association assembled in its 117th annual meeting, without pronouncing on the issue now before the Courts, deplores the spirit and method of this opposition; and

BE IT FURTHER RESOLVED: That the Association calls on its member churches in Massachusetts to support the Massachusetts Mothers' Health Council in its continued effort to permit the people of Massachusetts to vote on this issue.

An amendment to the By-Laws of the Association proposed at the preceding Annual Meeting was not adopted.

The meeting adjourned at 4:50 p.m. with a hymn and benediction.

Secretary

ANNUAL REPORT OF THE TREASURER

AUDITORS' REPORT

BOSTON, JULY 11, 1942

We have examined the financial statements of American Unitarian Association, as listed in our report for the fiscal year ended April 30, 1942, have reviewed the system of internal control and the accounting procedures of the Association and have examined accounting records and other supporting evidence, by methods and to the extent we deemed appropriate.

We satisfied ourselves that all cash recorded as received was properly deposited in the bank, that all income due from investments was received or properly accounted for, and that disbursements were supported by cancelled checks and properly approved vouchers; and we examined or otherwise satisfactorily accounted for the investments on hand at April 30, 1942.

In our opinion, the accompanying balance sheet and supporting schedules present fairly the position of American Unitarian Association at April 30, 1942, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

SCOVELL, WELLINGTON & COMPANY.

ANNUAL REPORT OF THE TREASURER

Due to the economic conditions arising out of the war, provision has been made by the Board of Directors for a much restricted Annual Report covering the Association's year May 1, 1941 to April 30, 1942. Necessarily the Treasurer's Report must be far more limited in scope than has been the case in recent preceding years.

The Income and Expense Account and the Balance Sheet as contained in this report are taken from the auditors' report. Accompanying each of these schedules are explanations and comments by the Treasurer, which it is hoped will enable those who are interested in the Association's financial affairs to better understand them.

The United Unitarian Appeal, participated in by the Association, the Ministerial Union, Unitarian Service Pension Society, the Unitarian Laymen's League and the Young People's Religious Union, was inaugurated during the fiscal year. A part of the proceeds was allocated to the Association, and all of the churches and branch alliances contributing to the Appeal were treated as having complied with the provision of the by-laws of the Association, which requires an annual contribution in order to maintain membership in the Association. Consequently under the title of Contributions is published the list of churches and branch alliances which thus maintained membership, but there is published only the aggregate amount received by the Association, since contributions to the United Unitarian Appeal were allocated to the participating organizations. A few affiliated organizations and associate members contributed directly to the Association. Contributions from various sources are covered in the next succeeding pages.

This report also segregates gifts to the Association where the principal or income is applicable to the work of the Association, from those funds which during the year have been turned over to the Association as trustee.

The rate earned by our General Investment Account, in which are invested most of the funds of the Association and most of the trust funds held for others, was 3.975 per cent for the year ending April 30, 1942.

Comments on Income and Expense Schedule:

Most of the budgeted items of income and expense are self-explanatory. In the income from donations is included income from the funds held by the Association as agent for the Unitarian Sunday School Society, which income that Society appropriates toward the Association's religious education program.

As appears in the preceding schedule the budgeted expense items exceeded the income by $10,313.96, which is charged to Reserve Fund. This in substance represents an expenditure by the Association of unrestricted principal.

Into this income and expense account are carried only the items which are *budgeted* by the Association. We hold funds such as Ministerial Aid, the income from which is used to assist ministers in cases of illness and other emergencies; Sustentation, the income from which is used to supplement inadequate salaries; and certain purely charitable funds, the income from all of which is administered confidentially by special committees.

As is further discussed under Comments on the Balance Sheet, the Association holds a large number of trust funds for the benefit of others, such as the Unitarian Service Pension Society, educational institutions, Unitarian conferences and individual churches. The income from these funds has been applied in accordance with the terms of the agreements and declarations of trust. During the fiscal year there was paid out on behalf of the Unitarian Service Pension Fund in service pensions to 87 participants, $35,759.86. The average pension paid during the year was $417.18.

There was paid out to other beneficiaries under trusts held by the Association a total of $93,617.24.

Comments on Balance Sheet:

Cash balance includes amounts held in the Church Building Loan Fund, uninvested principal funds, certain trust income and other items which were disbursed by checks dated after April 30, 1942.

The item of Bonds and Stocks includes all securities held by the Association except the investments of the Unitarian Sunday School Society and the Rogers Memorial Fund which appear separately in the balance sheet. With these two exceptions, under the system of bookkeeping employed by the Association all securities are included in this one item of stocks and bonds, both those from which income is applied to the work of the Association, and those the income from which is paid to the various beneficiaries whose funds we hold. During the fiscal year the funds held in trust for others vary, as do also the funds the income from which is available to the Association. In a few instances trust funds which are held for others are so constituted that some part of the income is payable to the Association, either for general or special purposes. Based on income paid out by the Association for the fiscal year to other beneficiaries, and the income paid to the Association on general and special funds held for its own work, the ratio of the aggregate amount of stocks and bonds held is approximately 35% representing trusts held for others, and 65% representing funds held for the Association. In this latter percentage are included those funds such as Ministerial Aid with a principal of $162,405.34, and Sustentation Fund, with a principal of $256,399.04, and the charitable trusts the income from which, though paid to the Association, is by it applied to the purposes for which the funds were created, and is not applicable to the budget of the Association. As is shown by the income account, there are two general types of funds, the income from which may be budgeted by the Board of Directors, namely, those funds the income from which is applicable to the general work of the Association, and those the income from which by the restrictions of the donors must be applied to specific activities of the Association.

The Building Loan Fund is a special trust set up for the purpose of loaning money to assist churches in building and reconstruction projects. This fund operates on a revolving basis, and under the terms of the trust the money is loaned to churches without interest. The balance on April 30th represented 102 of such loans outstanding.

The Church Properties Account, which aggregates $1,255,815.02, represents various types of investments made by the Association in church properties in the United States and Canada, and this balance is comprehended on the Liabilities side in the aggregate of Trust Funds and Accounts for General Purposes. These investments have been made with the object of developing denominational growth, and are not income-producing.

The item of $15,000 in the Publication Department represents the fixed investment by the Association in this department, which now handles all free tracts and books published for sale. The other items in the Assets side are self-explanatory.

On the Liabilities side the Special Trust Funds and Accounts comprehend those trust funds the income from which is paid to beneficiaries, and those funds the income from which must be applied to special activities of the Association. As already explained, in Trust Funds for General Purposes are included the investments in church property.

The item of $37,321.12 represents accrued income held by the Association from investment of the funds of the Pension Society which will be applied to the payment of pensions during the fiscal year May 1, 1942, to April 30, 1943.

Sundry Credit Balances include items accrued and to be disbursed. The Reserve Fund is made up of certain unrestricted funds which have been carried to this account.

Loss and Gain on General Investments represents the net accrual of capital losses from sale of securities over many years. During the fiscal year securities were sold at a profit of $21,536.91. Loss on write-down of securities resulted in net loss of $3,746.09.

Other Balance Sheets and Income Statements:

The auditors prepare a balance sheet of the Publication Department, including the Christian Register, an income statement of this Department exclusive of the Christian Register, and an income statement of the Christian Register, which for lack of space are not incorporated in this report. The Treasurer stands ready at all times to give to the member churches and members of the denomination any information in his possession.

Comments on List of Securities:

The preceding list shows the securities held by the Association exclusive of those held by it as agent for the Unitarian Sunday School Society and as trustee under the Rogers Memorial Fund. The investment and reinvestment of funds are under the direction of the Finance Committee of the Board of Directors. The policy of the present committee has been one of undertaking to improve gradually the investment portfolio over that acquired from its predecessors, without too violently upsetting the principal source of income of the Association.

In the list are some securities which have been given to the Association on the express condition that they shall be retained. Such securities are marked by an asterisk.

On April 30, 1942, the market value of our bonds was 89.8% of the book value, preferred stocks 55.4% and common stocks 57.4%; the total portfolio 73.5% of the book value.

During the fiscal year there have been bonds called and bonds and stocks sold aggregating $366,293.52. There have been purchases in the aggregate of $443,241.54.

PERCY W. GARDNER,
Treasurer.

FOREWORD

The Annual Report for the year 1942-1943 is presented in the same drastically reduced form as that for the previous year. This seems to the officers of the Association a necessary measure of war economy, and it is our hope that the members of the Association will approve this temporary expedient for reducing the general administrative costs again this year.

The lists of former officers of the Association, preachers of Anniversary Sermons, and considerable sections of the material usually found in the printed reports of the Treasurer, have been omitted altogether. Other portions have been considerably condensed.

In all cases, the full and official documents are on file at headquarters and may be consulted by any interested members of the Association. Furthermore, the officers of the Association hold themselves ready to answer any specific questions or to supply any desired data not found in this Report.

REPORT OF THE BOARD OF DIRECTORS

To the American Unitarian Association:

AS provided by the By-Laws of the Association, the Board of Directors herewith submits its Annual Report for the year 1942-1943:

Meetings and Committees

The Board of Directors has held four regular meetings during the year with an average attendance of twenty-seven directors. Mr. Charles O. Richardson was re-elected chairman and has presided at all meetings of the Board.

At the January meeting of the Board, reports were presented by three of the Regional Vice Presidents with regard to general conditions in the areas which they represent, and letters were received from three others. At the March meeting a considerable part of the morning session was devoted to detailed consideration of the report of the Committee on Ministerial Salaries, and the Board authorized the preparation of a resolution to be submitted to the Annual Meeting of the Association to give practical effect to the recommendations of this committee.

The Executive Committee, which transacts business requiring attention between Board meetings, has held nine meetings during the year, at six of which Mr. Richardson presided and at three of which Mr. Robert B. Stone presided as chairman pro tempore.

One hundred and sixty-six Unitarian men and women have served the Association during this year as members of the various committees appointed by the Board. The recommendations presented by these committees to their respective divisional advisory councils in most cases have been approved, and have been passed on to the Board of Directors for final action. In this way the determination of general policies is largely inaugurated and guided by a group representing the broad Unitarian constituency.

Personnel

Early in the year, with deep regret the Board accepted the resignation of Rev. Everett Moore Baker as Executive Vice President and, in October, the resignation of Miss Mildred Boie as Director of Publicity and Editor of *The Christian Register*. Mr. Baker left the Association to become minister of the First Unitarian Church, Cleveland, and Miss Boie to accept foreign service with the American Red Cross.

In the reorganization which followed Mr. Baker's resignation, Rev. John O. Fisher, minister of the First Parish in Framingham, was appointed part-time Director of the Division of Promotion and Publications, as of November 1, and Rev. Stephen H. Fritchman was appointed Acting Editor of *The Christian Register,* and later Editor, as of February 1.

At the October meeting, in view of the rising cost of living, the Board voted an increase in salaries and wages, on a sliding scale from 15% in the lower bracket to 5% in the higher bracket, applicable to all officers and employees receiving less than $5,000 per year. Permission to put this increase into practice was obtained from the War Labor Board and it went into effect as of November 1.

The War

Twice during the year the Board has prepared and sent to the churches formal communications, the first in October and the second in January.

The first letter dealt with the "special obligations and responsibilities of the Churches of the Free Spirit as they meet the growing ordeal of war and confront the requirements to prepare the way for a just and enduring peace." In this letter the Board spoke only for itself, requesting that its statement of wartime purposes "be read from the pulpit, posted in the meetinghouse, discussed by groups within the parish, and acted upon after full and free debate in whatever way is approved by the conscience of each congregation." The letter was signed by the Moderator,

the Chairman of the Board, the President and the Secretary.

The second letter dealt with the practical problems caused by wartime restrictions and urged upon the churches the necessity for meeting these problems "with a basic philosophy and policy that should be common to us all." This letter was signed by the Chairman of the Board and the President.

The Board of Directors has followed with keen interest the work of the Unitarian Service Committee and of the Unitarian War Service Council during the entire year. Reports from both groups have been received at each meeting of the Board with warm appreciation. Early in the year it became apparent that in many ways the functions of the Home Service section of the Unitarian Service Committee and the War Service Council were closely related, and the Board expressed its interest in closer co-ordination of this part of our war effort. Since the March meeting of the Board the necessary steps have been taken to set up the War Service Council as a part of the Home Service section of the Unitarian Service Committee.

The Board has followed with approval the work of the special Committee on Chaplains, whose function is to make official recommendations to Washington with regard to the application of Unitarian ministers for commissions as chaplains in the Army and the Navy. On April 30 there were twenty-four of our ministers serving as chaplains and represented by stars on the service flag in the headquarters building. The War Service Council and the Department of the Ministry have co-operated closely and effectively in rendering practical service to these representatives of ours with the armed forces.

The collection taken at the Annual Meeting of the Association a year ago for the Chaplains' Fund amounted to $698.35 and was expended through the War Service Council largely for the purchase of field communion sets.

At several meetings during the year questions concerning Unitarian conscientious objectors have been under consideration by the Board, and at the meeting in January the President introduced Dr. H. LeRoy Dakin, Secretary of

the National Service Board for Religious Objectors, who made a brief plea for support from the denomination in the difficult problem of help for these men.

The United Unitarian Appeal

Reports on the program of the United Unitarian Appeal were made at each meeting, and the Board wishes to go on record as expressing its grateful appreciation to the Unitarian Laymen's League for the generous co-operation which made possible the present administrative organization of this joint financial enterprise. The experience of the first two years has amply demonstrated the wisdom of this general method of raising the funds for the current operating expenses of the constituent societies. While it is true that the annual expenditures of the Association are still far too largely dependent upon income from invested funds, there is a slow but steady increase in the ratio of gifts from the churches and individuals year by year. It is of the utmost importance that the rate of this increase should be accelerated.

The appointment of Mr. Frederick T. McGill as Director of the United Unitarian Appeal has met with universal approval, and he has already proved himself not only a capable administrative officer but a wise leader of denominational opinion and a most co-operative member of the denominational team.

In General

Surveying the work of the Association during the last twelve months, it is apparent that under war conditions most of our efforts must be expended in maintenance rather than extension. This is true not only of the parish churches but of all the departments of the Association which serve the parish churches; and the record is satisfactory. It would be difficult to estimate the amount of work done this year by the entire staff of the Association, over and above what is normally required.

In spite of this inevitable emphasis upon "holding the

line" rather than "advance", there are several new achievements which deserve special mention. The Association has considerably widened its working relationship with several national and international bodies. By invitation of the Council for Social Action of the Congregational Christian Churches, the Association was represented by three delegates at the meetings in Oberlin, Ohio, in December. Through the work of the Unitarian Service Committee the Association is represented on the Refugee Relief Trustees, Inc., a body which, in turn, is included in the National War Fund. The Association also participated in the United Church Canvass. These are examples of the widening participation by Unitarians in general programs of religious and social significance.

Within our own household of faith the most important new developments of the year include the formal organization of the New England Unitarian Council, which has appointed Rev. Frank E. Smith, of Pittsburgh, as Executive Secretary, and the organization of the Jefferson Unitarian Society of Charlottesville, Virginia, which became a member of the Association in March. This latter event is of special significance in view of the fact that this year marked the 200th anniversary of the birth of Thomas Jefferson.

Respectfully submitted,

CHARLES O. RICHARDSON,
Chairman

MINUTES OF THE ANNUAL MEETING

Held in Boston, Massachusetts, May 27, 1943.

The 118th Annual Meeting of the American Unitarian Association was held on Thursday, May 27, 1943, in Arlington Street Church, Boston, and was called to order at 9 a.m. by the Moderator, Dr. Philip C. Nash.

The devotional service was conducted by Chaplain Owen Whitman Eames, Captain, USA.

The rules of procedure as recommended by the Business Committee were adopted, and the Committee on Credentials and the Committee on Ballots, as nominated by the Business Committee, were elected.

The Moderator called attention to the printed report of the Board of Directors, which was distributed to delegates at the meeting, and which is given in full in this Report.

The Treasurer of the Association presented his annual report, which will be found in detail herein.

Mr. Frederick T. McGill, Director of the United Unitarian Appeal, reported total contributions this year of $105,904.70, and spoke with appreciation of the increasing effort on the part of the churches in entering into this joint appeal.

In his brief address, the President summarized the principal items in the work during the past year, mentioning the cooperation of the Laymen's League in taking primary responsibility for the United Appeal, the generosity of the First Parish in Framingham in making it possible for Rev. John O. Fisher to give half of his time to the work as Director of the Division of Promotion and Publications, and the outstanding work of the Committee to Study Ministerial Salaries, of which the Rev. Frank O. Holmes, of Concord, N. H., was Chairman, in preparing a report for the denomination. Announcement was also made of the retirement of Miss Dorothy Routledge after twenty-nine years with the Association, and the President expressed the appreciation of the denomination for her devoted service.

In announcing the formation of the new Unitarian church in Charlottesville, Virginia, the home of Thomas Jefferson, the President suggested that the offering from the Annual Meeting this year be given to help lay the foundation for the Jefferson Unitarian Society. The offering amounted to $426.14.

The Rev. Raymond B. Bragg, of Minneapolis, gave an address of welcome to new ministers on behalf of the Fellowship Committee. The names of the following men were then read and those present were greeted by the President of the Association and Mr. Bragg:

Preliminary Certificate:	Russell R. Bletzer
	Hugh W. Weston
	Francis M. Ruland
	George W. Marshfield
	Frank Glenn White
	Howard F. Smith, Jr.
	Grant F. Haskell
	Herman H. Geertz
	Raymond B. Johnson
	John K. Findly
Final Certificate:	Mason F. McGinness
	E. J. Unruh
	Ernest A. Brown
	Aron S. Gilmartin
	Ray S. True

The Ballot Committee reported as follows:

Ballots cast:		
By mail	80	
Received by Tellers	500	
		580
Straight Ballots	518	
Incomplete Ballots	62	
		580

The Moderator then declared the following persons elected:

For Regional Vice-Presidents
H. Clay Burkholder
A. Kenneth Dane
Irving D. Dawes
Richard Lloyd Jones
Rev. Curtis W. Reese
Charles B. Rugg
Mrs. Henry Sterring
Frank S. Symons
Rev. Jacob Trapp

For Directors for a term of three years:
W. Linwood Chase
Frederic H. Fay
Rev. Dana McLean Greeley
Rev. Frederick R. Griffin
Mrs. Edward I. Walkley
Mrs. Russell P. Wise

For Directors representing various groups:
Rev. Wallace W. Robbins
J. Halsey Gulick
Rev. H. Mortimer Gesner, Jr.
Miss Sara Comins
William Roger Greeley
(Youth Representative)

Addresses were given by Mrs. Elisabeth A. Dexter on the foreign work of the Unitarian Service Committee and by Mr. Otto T. Gilmore for the Home Service section, and by the Rev. Irving R. Murray for the Unitarian War Service Council.

RESOLUTIONS

On motion by the Chairman of the Business Committee resolutions of greeting were adopted by the Association addressed to the Universalist General Convention, the General Assembly of Unitarian and Free Christian Churches, the Unitarian Church of Auckland, N. Z., and

to such of our foreign groups as may be feasible.

The following resolutions were adopted:

DENOMINATIONAL AFFAIRS

1. *Report on Ministerial Salaries*

Submitted by the Department of the Ministry

WHEREAS: The special committee on the Study of Ministerial Salaries, appointed by the Department of the Ministry, has fulfilled its obligations and submitted its report to the Department of the Ministry and the Board of Directors, which passed a resolution of approval thereof;

THEREFORE, BE IT RESOLVED: That the American Unitarian Association in its 118th Annual Meeting heartily endorses the recommendation of the Board that an inclusive and representative committee of the laity be appointed by the President of the Association, the Chairman of the Board of Directors, the President of the General Alliance and the President of the Laymen's League, not only to work in cooperation with the Division of Promotion and Publications to present this report in "condensed and graphic form to the churches," but also to devise and promote means to help the churches to establish in the denomination the newly accepted schedule of minimum salaries of $1,800 ($1,300 and parsonage) for an unmarried minister, and $2,500 ($2,000 and parsonage) for a married minister, and to double the number of churches paying a "supporting salary" as the first step in a continuing effort to assure to our churches an adequately paid ministry.

2. *National Resources Planning Board*

Submitted by Charles A. Engvall

WHEREAS: The National Resources Planning Board has contributed richly to community and national planning for post-war conditions; and

WHEREAS: This Board represents an opportunity of great promise for future planning among government, labor and industry;

THEREFORE, BE IT RESOLVED: That the American Unitarian Association in its 118th Annual Meeting petitions the Congress to vote to continue the work of this Board; and

BE IT FURTHER RESOLVED: That Unitarian churches and societies employ in their study groups the findings of this Board and, wherever possible, contribute to general post-war planning and action.

3. *Racial Discrimination*

Submitted by Fred A. Grill, Jr., Germantown, Pa.

WHEREAS: It is a fundamental tenet of religious faith that all human personality is sacred, and that every individual should have equal opportunity in all aspects of life, without regard to race or creed; and

WHEREAS: We condemn the discrimination so universally practised against Negroes throughout the country especially in view of the remarkable progress of the Negro against great odds, which clearly demonstrates his fitness for every privilege of full citizenship in this democracy;

BE IT RESOLVED: that Unitarians throughout the country do everything in their power to remove discrimination against the employment of Negroes in private industry, war work, stores and businesses, and in any and all capacities for which they may be qualified; and in furtherance of the above, that the churches encourage their individual members to urge by letter or interview, employers, unions, and officials of government controlling war work, to employ Negroes on the same basis as other citizens.

In view of the adverse pressure which is constantly brought to bear on employers in this matter, it is urged that wherever Unitarians do business they encourage the employer to remove discrimination by asserting their willingness to continue as customers when qualified Negro help is employed.

AND BE IT FURTHER RESOLVED: that Unitarians set an example for all this by working to eliminate racial discrimination and segregation in all their church services and activities.

AND BE IT FURTHER RESOLVED: that all Unitarians in every other regard do their utmost to insure to Negroes all rights and privileges which are theirs as human beings and American citizens.

INTERNATIONAL RELATIONS

4. *War-Time Policy*

Submitted by Thaddeus B. Clark, New Orleans, La.

BE IT RESOLVED: That the American Unitarian Association in its 118th Annual Meeting endorses the letter of the Board of Directors, dated October 14, 1942, urging the churches to make the utmost possible contribution to the cause of world peace through the defeat of the Axis powers, with the promise to use all their influence to direct the war toward the betterment of the life of all mankind.

5. *Motion to Support U. S. Senate Resolution 114 for the Organization of The United Nations*

Submitted by Rudolph C. Neuendorfer, New York City

WHEREAS: In the United States, the will of the people as to foreign relations must be expressed through the Senate to give requisite assurances to the United Nations; and such explicit expression is critically needed now by the peoples of the United Nations, including those of the United States; and

WHEREAS: American public opinion is determined to win the war and the peace by the enactment of a practicable, non-partisan, democratic policy that will make for and maintain a world order where free nations are united to uphold the right and to prevent the wrong by their co-ordinated power; and

WHEREAS: On March 16, 1943, Senator Ball, on behalf of Senators Hill, Burton, Hatch, and himself offered the following resolution (Senate Resolution 114) to the United States Senate:

"Resolved, That the Senate advises that the United States take the initiative in calling meetings of repre-

sentatives of the United Nations with specific and limited authority:

(1) To assist in co-ordinating and fully utilizing the military and economic resources of all member nations in the prosecution of the war against the Axis.

(2) To establish temporary administrations for Axis-controlled areas of the world as these are occupied by United Nations forces, until such time as permanent governments can be established.

(3) To administer relief and assistance in economic rehabilitation in territories of member nations needing such aid in Axis territory occupied by United Nations forces.

(4) To establish procedures and machinery for peaceful settlement of disputes and disagreements between nations.

(5) To provide for the assembly and maintenance of a United Nations' military force and to suppress by immediate use of such force any future attempt at military aggression by any nation.

"That the Senate further advises that any establishment of such United Nations organization provide machinery for its modification, for the delegation of additional specific and limited functions to such organization, and for admission of other nations to membership, and that member nations should commit themselves to seek no territorial aggrandizement."

BE IT RESOLVED: By the American Unitarian Association in its 118th Annual Meeting that

First: Immediate action on Senate Resolution 114 is recommended to every Unitarian present, and each delegate is urged to communicate promptly his considered opinion to the Senators and Representatives from his State, as his conscience may prescribe, and

Second: Since World Order, or the living together of free and equal Nations effectively united to uphold the right and to prevent the wrong, is of momentous significance to the fate of the present and future generations, the Directors of the American Unitarian Association are to report Senate Resolution 114 to all affiliated churches

and ministers and to the groups of men, women, and youth in those churches for prompt individual and group action, and

Third: The American Unitarian Association here assembled through its Directors urges the individual members of the Senate Committee on Foreign Relations, the other individual members of the United States Senate to pass Senate Resolution 114 for the organization of the United Nations.

6. *Political Propositions to Underlie a Just and Durable Peace*

Submitted by the Department of Adult Education and Social Relations

WHEREAS: The Commission to Study the Bases of a Just and Durable Peace of the Federal Council of the Churches of Christ in America has recently issued a Statement of Political Propositions* which underlie a just and durable peace and which the United States ought now to accept for itself and begin forthwith to realize in co-operation with others; and

WHEREAS: We recognize that a just and durable peace cannot be established without a political framework as a basis; now

THEREFORE, BE IT RESOLVED: That the American Unitarian Association in its 118th Annual Meeting convey to the appropriate officers of the Federal Council of Churches its hearty commendation of the action of the Commission to Study the Bases of a Just and Durable Peace in issuing such a statement of political propositions; and

BE IT FURTHER RESOLVED: That we urge our member churches to make a detailed study of these and other political propositions to the end that their considered opinion may be translated into effective action which will influence our government in the determination of its official policy in this vital matter.

*STATEMENT OF POLITICAL PROPOSITIONS, formulated by The Commission to Study the Bases of a Just and Durable Peace instituted by the Federal Council of the Churches of Christ in

America: I. The peace must provide the political framework for a continuing collaboration of the United Nations and, in due course, of neutral and enemy nations; II. the peace must make provision for bringing within the scope of international agreement those economic and financial acts of national governments which have widespread international repercussions; III. the peace must make provision for an organization to adapt the treaty structure of the world to change underlying conditions; IV. the peace must proclaim the goal of autonomy for subject peoples, and it must establish international organization to assure and to supervise the realization of that end; V. the peace must establish procedures for controlling military establishments everywhere; VI. the peace must establish in principle, and seek to achieve in practice, the right of individuals everywhere to religious and intellectual liberty.

7. *World Federation*

Submitted by Charles A. Engvall

BE IT RESOLVED: That the American Unitarian Association in its 118th Annual Meeting affirms the principle and practicality of the federation of the world as the basis of a lasting peace among the nations, now engaged in the greatest conflict of history; and

BE IT FURTHER RESOLVED: That Unitarian churches and individuals implement this affirmation by study and action toward the end that American citizens may express their demand for world organization through petitioning their Legislatures and the Congress to request the President to initiate the procedure necessary to formulate a Constitution for the Federation of the World.

The meeting adjourned at 12:40 p.m. with a hymn and benediction.

ANNUAL REPORT OF THE TREASURER

AUDITORS' REPORT

BOSTON, JULY 1, 1943

We have examined the financial statements of American Unitarian Association, as listed in our report for the fiscal year ended April 30, 1943, have reviewed the system of internal control and the accounting procedures of the Association and have examined accounting records and other supporting evidence, by methods and to the extent we deemed appropriate.

We satisfied ourselves that all cash recorded as received was properly deposited in the bank, that all income due from investments was received or properly accounted for, and that disbursements were supported by cancelled checks and properly approved vouchers; and we examined or otherwise satisfactorily accounted for the investments on hand at April 30, 1943.

In our opinion, the accompanying balance sheet and supporting schedules present fairly the position of American Unitarian Association at April 30, 1943, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

SCOVELL, WELLINGTON & COMPANY.

ANNUAL REPORT OF THE TREASURER

Due to the war situation the Treasurer's Report must again this year be limited in scope.

The Income and Expense Account and the Balance Sheet as contained in this report, have been taken from the auditors' report. Accompanying each of these schedules are explanations and comments by the treasurer, which it is hoped will enable those who are interested in the Association's financial affairs to understand them better.

The Association again this year participated in the

United Unitarian Appeal. All churches, branch Alliances and other organizations which contributed to the appeal are treated as having complied with the provision of the by-laws of the Association which requires an annual contribution in order to maintain membership in the Association. Consequently no detail of contributions is published with the list of churches, branch Alliances and other organizations which thus maintained membership; but there is published only the aggregate amount received by the Association, since contributions to the United Unitarian Appeal were allocated to the participating organizations.

This report also segregates gifts to the Association where the principal or income is applicable to the work of the Association, from those funds which during the year have been turned over to the Association as trustee.

The rate earned by our General Investment Account, in which are invested most of the funds of the Association and most of the trust funds held for others, was 3.8% for the year ending April 30, 1943.

PERCY W. GARDNER,
Treasurer

Comments on Income and Expense Schedule:

A comparison of this schedule with that contained in the Treasurer's report for the year ending April 30, 1942, discloses the gratifying fact that in the current fiscal year donations have increased by the amount of $3,130.75.

The item of income which calls for explanation is "Income from Special Funds applicable to Church Extension and Maintenance, $35,683.78." In September, 1941, the Association received as residuary legatee under the will of Frances Cordis Cruft certain real estate. The rental from this property which up to April 30, 1942, amounted to $6,000.00, came into the possession of the Association during the present fiscal year. Consequently there is included in the above item that amount of rent, together with all of the rent paid in our fiscal year 1942-43. If the rent had been received in the year in which it was earned, our budget for the preceding year would have been over-expended by only $4,313.96 instead of by $10,313.96 as shown in the previous Treasurer's report, and had it been thus received, our present budget would have been over-expended by $4,994.63 instead of showing a surplus at the end of the year of $1,005.37.

The items of expenditure are self-explanatory. During the fiscal year salary increases were granted and approved by the War Labor Board for those members of our staff who were receiving salaries under $5,000, and there was a charge which had previously been made against the General Investment Account which was transferred to the Finance Department. Despite these increases and this transfer, there has been for the fiscal year a saving in Administrative, General and Finance Department expense of $2,954.41.

Into the foregoing Income and Expense Account are carried only the items which are budgeted by the Association. We hold funds, such as Ministerial Aid, the income from which is used to assist ministers in cases of illness and other emergencies; Sustentation, the income from which

is used to supplement inadequate salaries; and certain purely charitable funds, the income from which is administered confidentially by special committees.

In addition to the Ministerial Aid and Sustentation Funds, the Association acts as trustee of a large number of funds for Unitarian educational institutions, conferences and churches, and of certain purely charitable funds. With the exception of the Rogers Memorial Fund, these funds are invested as a part of our General Investment Account. During the fiscal year there has been paid out to all beneficiaries under all of these trusts the sum of $81,444.38.

The Association also holds the permanent funds of the Unitarian Service Pension Society. The income from these funds during the fiscal year, plus current contributions, was $38,115.46, which was paid out in service pensions to 87 participants. The average pension paid during the year was $445.84. There has been paid out, therefore, for denominational beneficiaries during the year a total of $119,559.84.

Comments on the Balance Sheet:

The cash balance includes sums held in the Church Building Loan Fund, uninvested principal of funds, and certain undistributed trust income.

The item of "Bonds and Stocks" includes all securities held by the Association except the investments of the Unitarian Sunday School Society and the Rogers Memorial Fund, which appear separately in the balance sheet. With these two exceptions under the system of bookkeeping employed by the Association all securities are included in this one item of bonds and stocks, although the income is applied to ministerial aid, sustentation, and the various beneficiaries whose funds we hold, as well as to the immediate activities of the Association.

In a few instances trust funds which are held for others are so constituted that some part of the income is payable to the Association either for general or special purposes. Based on income paid by the Association during the fiscal year to other beneficiaries, and income applicable to ministerial aid and sustentation, the ratio of the aggregate amount of stocks and bonds held is approximately 37 per cent representing trusts held for others, ministerial aid and sustentation, and 63 per cent representing funds the income from which is applicable to the immediate activities of the Association. Concerning the latter, a reference to the income account will show that there are two general types of funds, the income from which may be budgeted by the Board of Directors, namely those funds the income from which is applicable to the general work of the Association, and those the income from which, by the restrictions of the donors, must be applied to specific activities of the Association.

The principal change in the item of "Investments in Real Estate" comes about chiefly through the acquisition of an undivided one-half interest in real estate acquired under the will of Frances Cordis Cruft, together with the purchase of the other undivided one-half interest in the same property.

The Building Loan Fund is a special fund set up for the purpose of assisting churches in building and in reconstruction projects. This fund was created on a revolving basis. During the year there has been collected on these loans the sum of $34,842.13, and new loans have been made in the aggregate amount of $35,359.39. At the end of the year there were 87 loans outstanding, of which 37 were in arrears. During the past two years the Treasurer has made a special effort to put these funds on a current basis, since it is only through repayment by present debtors that our churches can be aided in this respect. When war restrictions are removed, there will undoubtedly be heavy demands made upon this fund.

The Church Properties account, which aggregates $1,264,679.27, and shows an increase during the year of $8,864.25, represents various types of investments made by the Association in church properties in the United States and Canada. This balance is comprehended on the Liabilities side in the aggregate of "Trust Funds and Accounts for General Purposes." These investments have been made with the object of developing denominational growth and are not income-producing.

On the Liabilities side, "Special Trust Funds and Accounts" comprehend those trust funds the income from which is paid to beneficiaries, and those funds the income from which must be applied to special activities of the Association. As already explained, in "Trust Funds for General Purposes" are included investments in church properties.

The item of $38,896.53 represents distributable funds held by the Association for the Pension Society which will be applied to the payment of pensions during the fiscal year from May 1st, 1943, to April 30th, 1944. "Sundry Credit Balances" include items accrued and to be disbursed. The "Reserve Fund" is made up of certain unrestricted funds which have been carried to this account.

"Loss and Gain on General Investments" represents the net accrual over many years of capital losses from the sale of securities. During the fiscal year securities were

sold at a profit of $15,086.35, and others with a loss of $79,342.08, showing a net loss for the year of $64,255.73.

Other Balance Sheets and Income Statements:

The auditors prepare a balance sheet for the Publication Department, including the Christian Register, an income statement of this Department exclusive of the Christian Register, and an income statement of the Christian Register, which for lack of space are not incorporated in this report. The Treasurer stands ready at all times to give to the member churches and the members of the denomination any information in his possession.

Comments on List of Securities:

The preceding list shows the securities held by the Association, exclusive of those held by it as agent for the Unitarian Sunday School Society, and as trustee of the Rogers Memorial Fund.

The investment and reinvestment of funds are under the direction of the Finance Committee of the Board of Directors. While the policy of the present committee has been one of undertaking to improve gradually the investment portfolio over that acquired from its predecessors without too violently upsetting the principal source of income for the Association, a substantial amount of "weeding out" of inferior quality securities has been done during the fiscal year.

On April 30, 1943, the market value of United States and Canadian Government bonds was 100.13 per cent of the book value; municipal bonds, 113.35 per cent of the book value; foreign bonds, 46.64 per cent of the book value; public utility bonds, 103.20 per cent of the book value; railroad bonds, 91.94 per cent of the book value; real estate bonds, 28.92 per cent of the book value; industrial bonds, 104.09 per cent of the book value; and stocks, 80.55 per cent of the book value. The market value of the total portfolio was 88.57 per cent of the book value.

During the fiscal year there have been bonds called and bonds and stocks sold aggregating $327,318.11. There have been purchases in the aggregate of $549,447.86.

PERCY W. GARDNER,
Treasurer
